

# CHEVY CHASE

"The Best Suburb of the National Capital"

## Chevy Chase Heights

Located on west side of Connecticut Avenue about one-half mile this side of Chevy Chase Circle.

Nearest point to the city where the Chevy Chase standard of development is obtainable.

Seven minutes from Connecticut Avenue Bridge.

Eighty lots sold. Practically every one for a home.

Five lots sold during the past ten days.

About 30 homes built; 8 now in process of construction.

Every city improvement such as macadam roadways, granolithic sidewalks, sewer, water, electricity and gas.

Wide front lots, 60 feet being minimum.

Branch office on Connecticut Avenue between Ingomar and Jenifer Streets will be open Sunday. Our representative there will furnish complete details as to prices and locations.

## Section IV

Located on west side of Connecticut Avenue between the grounds of the Chevy Chase and Columbia Country Clubs.

Laid out to meet the demand for large lots, thus affording spacious grounds.

United States Government has built model road connecting this subdivision with the boulevards of the District of Columbia.

Both Clubs own their grounds and clubhouses—permanence of surroundings fixes grade of property.

Same highest grade of improvements which marks all Chevy Chase development.

A car service as good as, if not better than, any in the world.

Prices are low enough to make a purchase there a good speculative proposition if you do not want to build a home.

Branch office on Connecticut Avenue one square north of Bradley Lane, open Sunday. Our representative there will furnish complete details as to prices and locations.

### VOTES FOR WOMEN.

#### II—BATTLES NOW RAGING.

By Frederic J. Haskin.

The male voters in four states of the Union will this year approve or reject constitutional amendments extending the suffrage to women, and it may be that two more states will be added to these four. It is already certain that the question will be submitted to a vote in Ohio, Wisconsin, Oregon and Kansas. At this writing the proposition to submit the equal suffrage question to the voters has passed one house of the legislature of Michigan, and one house of the legislature of the new state of Arizona, so it may be that in the elections this fall the suffrage will be extended to women in six states, thus doubling the number of states on the suffragist's flag.

In Ohio a new constitution is being formulated by a constitutional convention, and the convention already has adopted, by an overwhelming majority, a provision for woman suffrage, which will, however, be submitted to the voters separately from the new constitution, so that it is possible for the new constitution to be ratified and the woman suffrage clause to be rejected.

The status of the campaign in the four states where the question already has been submitted is exceedingly favorable to the suffragist's cause, if one may accept the claims of the leaders. The present status and future outlook of the campaigns, as gathered from various sources, is given below. It is hardly necessary to say that the opposition is not willing to accept these statements, but they are given here as representing what the equal suffrage campaign leaders claim.

Congress through Representative Victor Berger, asking for a constitutional amendment giving the franchise to women. While many suffragists do not feel that there is much influence in petitions presented to Congress, they are co-operating to make this "Berger petition" a marvel in size, as well as importance.

But that is only a minor feature in the Wisconsin campaign. Never have in the history of the suffrage movement so many meetings been held for the cause of suffrage than are now in progress in the different Wisconsin towns. One of the novel features of the campaign was the suffrage tent at the Wisconsin state fair last fall, at which suffrage literature and buttons were distributed and continuous meetings were held. Addresses were made by prominent visiting suffrage women, as well as by the leading men of the state, and as a central means of reaching people from all parts of the state the state fair tent proved a great success. Wisconsin has a staunch supporter of the campaign for woman suffrage in Senator La Follette, who says that "co-suffrage, like education, will result in a better balanced and more enlightened citizenship and a truer democracy. With such a champion and with active chairmen for every county, and headquarters established in each large town, and suffrage debates going on in every college, the suffragists feel that the Wisconsin campaign is well under way, but the "antis" still claim the ultimate victory.

In Oregon many men are actively interested in furthering the progress of the campaign for woman suffrage. A men's association of the state has been organized in Portland, and the Commercial Club, consisting of the leading men of the city, has started a big movement to secure votes for the women of Oregon. The men interested in the movement are preparing to establish equal suffrage clubs all over the state. The Oregon State Federation of Labor has declared actively for woman suffrage, as has also the State Grange and several other organizations. It is said that the men of Oregon are contributing more liberally to the support of the women's movement than they have done for any former state campaign, and that the strong influence of its geographic situation—between California and Washington, the last two states to enfranchise women—will also aid the vote for the amendment which will be taken next November, thus making the Pacific coast line solid for suffrage.

#### Organization Planned ready actively in Every County.

In every county in Ohio an organization is planned, and in most of them the workers are already in the field. It is intended that the same effort of personal appeal to every man voter in the state which brought about the victory in California shall be repeated in Ohio with many new devices for creating public sentiment as feminine ingenuity can devise. A house-to-house canvass is now being made, to enlist volunteer workers in the different towns, and all through this summer the rural districts will be covered by suffragist campaigners, who, by means of trolley and automobile trips, will keep a continual series of public meetings in operation. In all of the larger cities headquarters will be kept open.

The Ohio Federation of Labor at its recent annual meeting passed resolutions to the effect that as a body, and through its individual members, every effort would be made to secure the submission of woman suffrage to be voted upon, and the adoption of the same when it is presented to the voters of the state.

In Wisconsin an amendment to the constitution to be voted on this fall. Though the sentiment there seems strongly in favor, it is recognized that powerful interests are in active opposition, and the aid of the entire country will be enlisted in this campaign. The Wisconsin Suffrage Association is one of the older organizations in the country and always has been actively interested in creating suffrage sentiment, even before there seemed a possibility of enfranchising the women of that state. While the suffrage movement in Wisconsin is not a partisan, it is welcoming the aid of all political parties. It is, therefore, interesting to note that the woman's national committee of the socialist party, in the action they are preparing to submit to

#### HELD ON OLD CHARGE.

**Charles Hewlett Arrested for Assault Committed Seven Years Ago.**

Seven years ago on the 15th of last month James Johnson, colored, was assaulted with a brick and for three months lay in a hospital at the point of death. Yesterday Charles Hewlett, also colored, whom Johnson charged with committing the assault, was placed under arrest.

Hewlett was arrested by Policeman Moran of the fifth precinct and was held in \$1,000 bond for the action of the grand jury today in the Police Court on a charge of assault with a dangerous weapon.

Shortly after the assault, it is stated, Hewlett left the city and did not return here until several days ago. It is stated the assault was the result of an argument over a can of beer. The injury to Johnson's head was such that a plate of the skull had to be removed and a silver plate several inches square substituted.

#### ARRESTED ON BRIDGE.

**Solomon Bell Charged With Housebreaking at Arlington Junction.**

Solomon Bell, colored, was arrested by Policeman Cowne at an early hour this morning while crossing the Highway bridge from the Virginia side of the river. Bell had in his possession a quantity of cigars, soap and other articles.

Shortly after the arrest the police received a complaint that the store of Harris Levy, at Arlington Junction, had been robbed. A charge of housebreaking was preferred against Bell and the Virginia authorities were notified.

### CRAZY SNAKE'S PROTESTS SILENCED BY DEATH

**Indian Chief Always Charged That Whites Had Robbed His Tribe.**

OKLAHOMA CITY, Okla., April 6.—Crazy Snake, the Indian responsible for the last uprising in Oklahoma, died yesterday, according to a dispatch received from Vinita. The old chief's end came near Old Hickory, the stamping ground of the Creeks in 1908.

The Indian had always contended that his tribe was robbed of its land by the whites. On several occasions he went to Washington, where he appeared before the Senate.

In 1882 a grandfather of Crazy Snake concluded a treaty with the United States, which the Indians have always claimed guaranteed to the Creeks undisturbed enjoyment of their institutions and tribal form of government. Crazy Snake protested several times that this treaty had been broken. At one time he protested personally to President Roosevelt.

When the government, about thirteen years ago, decided to divide the land in Indian and Oklahoma territories among the Indians, and teach them to support

### FORBIDS "DOCKING" OF HORSES.

**Philippine Assembly Passes a Law Prescribing Penalty.**

The "docking" of horses in the Philippine Islands and the importation of "docked horses" into the islands are prohibited by an act of the Philippine assembly, which has been approved by the Philippine commission. Docking, within the meaning of the act, consists of the mutilation of a horse by artificially shortening the flesh or bone of the tail. Penalties are provided for violations of the act and a tax is imposed on the owner of every docked horse in the archipelago.

### POLITICS DAY BY DAY

**Roosevelt Managers Claim Lead.**

The Roosevelt headquarters figures the race this way: "Three hundred and fifty-four delegates to the republican national convention at Chicago have been elected up to date. Of these, 66 are for Col. Roosevelt, 28 for Mr. Taft, 4 for Senator Cummins, 26 for Senator La Follette, 94 are uncommitted, and contests are pending in the cases of the other 116. Thirty-eight delegates were elected during the past week. The first Maine and eighth Missouri districts instructed their delegates for Col. Roosevelt. The third Iowa district instructed for Cummins.

"In the seventh Georgia and thirteenth Indiana districts split conventions were held, and those four delegates go to the contested column. Alaska instructed two delegates for Mr. Taft. In Wisconsin Senator La Follette won an overwhelming victory over Mr. Taft, securing a solid delegation of 25 instructed delegates. Col. Roosevelt's name was not on the Wisconsin primary ballot."

### Colorado Claimed for Clark.

Colorado, according to the latest advices received from that state at Clark's headquarters, is sure to send a Clark delegate to the Baltimore convention. Reports from Cripple Creek make it certain that Mr. Clark will control the state convention, to be held April 23, at Colorado Springs. The following telegram has been received at the Clark headquarters from Cripple Creek: "The Teller county democratic central committee tonight fixed our county convention for Monday, April 23. A strong vote was taken of the committee, and all democrats present numbering 150. Clark received 145, Wilson 5. Underwood and Harmon none. This absolutely insures thirty-two delegates instructed for Clark to the state convention. Our county is the fifth commercially in the state convention. We Clark folks are highly elated. Convey my congratulations to the next President."

### Wilson Denies Bolting Bryan.

Woodrow Wilson addressed large crowds yesterday in several Illinois towns. At Springfield he visited the old Lincoln home and the tomb of Lincoln. At Oak Ridge cemetery, he placed a cluster of American beauty roses upon the sarcophagus, and stood for some moments with bared head.

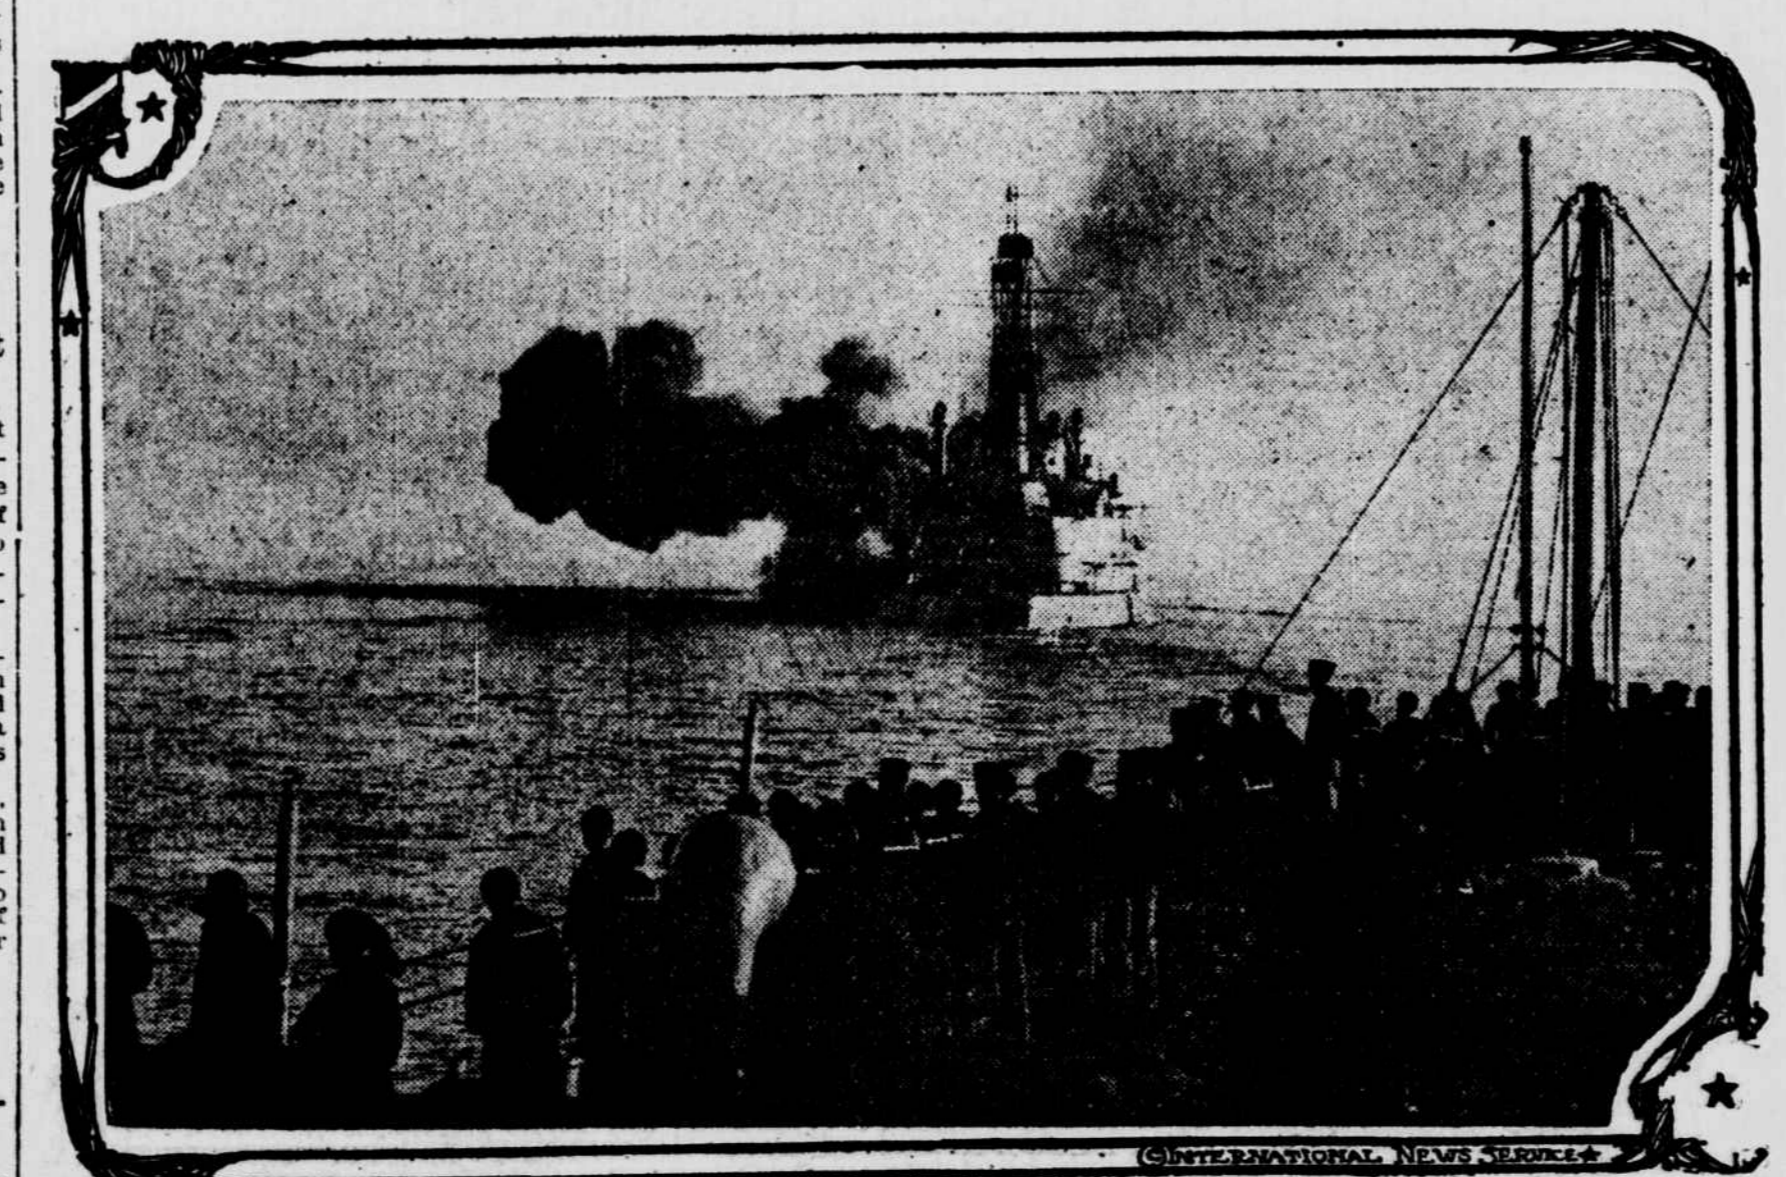

Gov. Wilson made a speech at the arsenal, in which he praised Lincoln. He also made a speech at the home of the late Senator Stone that he had not voted for Bryan in 1900 and that he did not believe in the whole democratic ticket in both those years. "I have never voted anything but the democratic ticket," he added.

### WITH THE FLEET AT TARGET PRACTICE.

THE UNITED STATES BATTLESHIP CONNECTICUT FIRING A BROADSIDE AT THE SAN MARCOS, THE OLD BATTLESHIP TEXAS, WHICH IS BEING USED AS A TARGET IN THE ATLANTIC FLEET MANEUVERS NOW BEING HELD IN CHESAPEAKE BAY.

NORFOLK, Va., April 6.—The second division of the Atlantic fleet finished in Chesapeake Bay yesterday, and the various ships going to their home stations for repairs. The submarine fleet returned to the bay yesterday, after having maneuvered in Chesapeake Bay.

### Instructions to Delegates.

A statement issued by the Taft bureau says: "A review of the state and congressional district conventions of 1908 clearly shows the practice in various states in the matter of instructing delegates to the national convention. In that year the following states, in their state conventions, did not instruct delegates to the republican convention at Chicago: "Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, New York, New Jersey, Delaware and Nevada, a total of nine states. A large number of states did not instruct their congressional district delegates, but the practice was not uniform. In some states the congressional districts followed the lead of the state convention and did not instruct. In others, instructions were given in congressional districts although the state convention did not instruct, and vice versa. Those states which afforded notable examples of failure to instruct in congressional district conventions in 1908 were Alabama, Connecticut, Georgia, Illinois in two districts, although the state had a candidate of its own; Iowa in three districts, Maryland in two districts, Michigan, one district; Mississippi, one district; Missouri, three districts; South Carolina, three districts; Tennessee, two districts; Virginia, four districts; Hawaii and Porto Rico."

### P. O. BANKS IN MARYLAND.

**Number Forty-Two, With Deposits of \$32,000.**

There were forty-two postal savings depositories in operation in Maryland January 31, 1912, with deposits amounting to more than \$32,000. This amount was deposited by about 700 depositors, or an average of nearly \$50 per depositor. Since the opening of postal savings depositories in Maryland there have been approximately 800 accounts opened and more than 2,100 deposits made, or an average of almost three deposits to each depositor.

Compared with other states Maryland ranks thirty-seventh in number of accounts remaining open January 31, and forty-third in total amount remaining on deposit.

### Wheel Tax Trial Postponed.

The case of B. M. Clinebinst to test the auto wheel tax law, which was set for trial in the District branch of the Police Court today, was postponed until April 17. The postponement was made by agreement between Assistant Corporation Counsel G. A. Schmitt and Attorney Frank Hogan, who appears for Mr. Clinebinst, in order to allow both sides more time to prepare their cases.
