

Custom Department,

"WHY"

WILLOUGHBY, HILL & CO. can't give you 20 per cent discount in dull season of the year. Their Custom Department paid them 13 per cent for the year 1879, and not quite 15 per cent during 1880; so you see where they would be if they gave TWENTY per cent off. There are places where they offer TWENTY per cent discount, and we want to say right here, that our prices for the "BEST CLOTHES" that the "BEST WORKMEN" can make are fully 10 per cent less than 20 per cent off will be at above spoken of "places." Willoughby, Hill & Co. claim to have as good workmen as there are in Chicago, and wish you to know upon what they base such a claim. 'Tis the fact that they pay their help the cash 30 seconds after the work has been satisfactorily performed; and the best workmen seek Willoughby, Hill & Co. This is the first time since last summer that the Custom Department at Willoughby, Hill & Co.'s dared to advertise, because they had all the work they had facilities to do, and "Do as Well" as they do do. Dodropinn to the Custom Department.
