

THE NAVY AND THE MILITIA

This picture was taken when the United States Battleships returned from their famous trip around the world when a former
PRESIDENT
of the
UNITED STATES
welcomed them back
(This picture was originally published in July, 1908)

This picture was taken last July at the State Camp and shows the present
GOVERNOR
of the state of
NEW YORK
acknowledging the salutes of the State Militia

It is a significant example of
HAT PREPAREDNESS
that high representatives of
The American People on
two such occasions should
be wearing **KNOX HATS**
