

One Ray of Light to Light Way of Moguls

Baseball Players' Fraternity Contemplates No Demand on Clubs.

NO MONOPOLY IN JUMPING CONTRACTS

Magnates as Likely to Offend as Players—Salaries Are Not Inflated.

By JEROME BEATTY. In these nerve wracking times when every baseball magnate's soul is soggy with sorrow...

Fultz is not going to make any demands of any sort when the National association meets next month.

Does that mean that the fraternity is entirely satisfied with baseball conditions? Fultz was asked yesterday.

The report of the president to the board of directors will be issued next week, and in it Fultz will tell of the fifty or more cases in which contract difficulties of baseball players have been settled.

Complaints because players have not observed the letter of the contract, but all fair club owners themselves are not all fair.

We have no members in the Federal League, and no move has been made toward including them in the membership.

The public has an exaggerated idea of the average salary that major league baseball players are paid, according to Fultz.

Here's a baseball problem the solution to which even umpires disagree upon.

Two are out, runners are on second and third and two strikes and three balls are recorded against the batter.

Our guess was that the runner on third base would touch the runner on second base.

ROAMER AGAIN PROVES RIGHT TO HIGH HONOR

Picks Up 132 Pounds and Wins National Handicap at Laurel Track.

By Telegraph to The Tribune. Laurel, Md., Oct. 30.—Andrew Miller's Roamer further clinched his right to the championship of the year by winning the National Handicap at one mile and a furlong here today.

The wonderful little son of Knight Errant-Rose Tree II took up 132 pounds and, forcing the pace from the first stride, made a show of his company, to win in 1:50.

It was the closing day of the Maryland State Fair meeting, and the largest crowd that ever graced the course was on hand.

At the front of the break, with Stromboli and Roly chasing after him, as soon as the champion settled into his racing stride Butler took hold of him and kept him under restraint to the head of the stretch.

After the race the champion had so much left that he attempted to run away with Butler.

Other races of much more than ordinary importance were a mile for two-year-olds and a handicap for all ages over the same route.

FOR BEAGLE TRIALS Long Island Fanciers to Send Packs to Virginia.

Wheatley Hills, Lone Island, Oct. 30.—Many of the prominent residents of this section will send from their country places to Aldie, Va., next week their packs of prize beagles to compete in the twenty-six annual field trials and the ninth bench show of the National Beagle Club of America.

The entry list is said to be the largest in the history of the club, and nearly one hundred members and their friends from all points in the East will spend the next ten days in the hills of Western Virginia.

On Monday the racing scene shifts to Pimlico, where the Maryland Jockey Club will give an eleven-day meeting.

At the front of the break, with Stromboli and Roly chasing after him, as soon as the champion settled into his racing stride Butler took hold of him and kept him under restraint to the head of the stretch.

GALL TO DIRECT BIG KENNEL SHOW

Succeeds James Mortimer as Superintendent of Garden Display.

LONG IDENTIFIED WITH SUCH AFFAIRS

Is Well Known Among Fanciers and Followers of Amateur Hunt Meetings.

At their meeting on Tuesday the Westminster Kennel Club directors selected George Gall as superintendent of the annual dog show, which has been the leading exhibition of the sort in the United States since 1877.

Gall will take the place held by the late James Mortimer for many years. Applications were considered for the position from a number of the prominent dog show managers.

Willian Rauch, secretary of the Westminster Kennel Club and chairman of the Bench Show committee, sent the formal notice of his appointment to Gall yesterday.

Watermen of City College Change Training Methods

Now Working Regularly and Promise to Give Their Rivals a Hard Fight in the Coming Meets.

By L. de B. HANDLEY. The watermen of the College of the City of New York seem at last to have seen daylight. They evidently realize that the defeats suffered ever since they joined the Intercollegiate Swimming Association have been due chiefly to lack of ambition, and instead of reporting for practice only once in a while, as in past years, they are now training faithfully and working regularly.

As a natural result, progress has been made in every branch of aquatic, and Lionel Mackenzie, the coach, is confident of turning out for the first time swimming and water polo teams able to give all rivals a hard tussle in the championship tournament.

The newly organized water polo team of the Piedmont Club, of San Francisco, is after the national championship. It has joined the California League, and expects to finish clean up the home rivals of the men in the famous Waldorf-Astoria Challenge Cup class, for American bred hackney harness horses.

HOWEBREDS EVEN SCORE ON LINKS

Hagen and McNamara Beat Nichols and Smith in a Four-Ball Match.

Walter C. Hagen and Thomas L. McNamara defeated Gilbert Nichols and Alec Smith in a thirty-six-hole four-ball match yesterday over the links of the Wyckoff Country Club by 6 up margin. The match was never in doubt.

Through this success he homebreds squared matters with the Scots for the defeat inflicted a couple of weeks ago at the Green Neck Golf Club, when matters standing a match each way, it would not be surprising if a decisive contest were staged on some neutral course in the near future.

Excelsence of teamwork was largely responsible for the success of Hagen and McNamara. Both are good putters, and often Hagen's long driving proved of use, while McNamara's ability up and on the greens frequently was of service.

McNamara and Hagen took the lead at the third hole, and after winning the fourth reached the turn with a margin of 2 up. Hagen's 3 on the sixteenth made matters side 4 up, which was the margin they enjoyed when they retired for luncheon.

Jumping competitions are always thrillers at the Garden and they have a wonderfully heavy entry, ranging from sixty in the open class to thirty at forty for competitions in which only army officers may ride.

Results in the borough competition follow: First sixteen (second round)—Richard B. Manick won from H. H. Byrd by default. H. H. Byrd, 1 up and 4 to play.
