EDINBURGH 1798— # THE HOUSE OF NELSON'S —NEW YORK 1859

NELSON'S PERPETUAL LOOSE-LEAF ENCYCLOPAEDIA

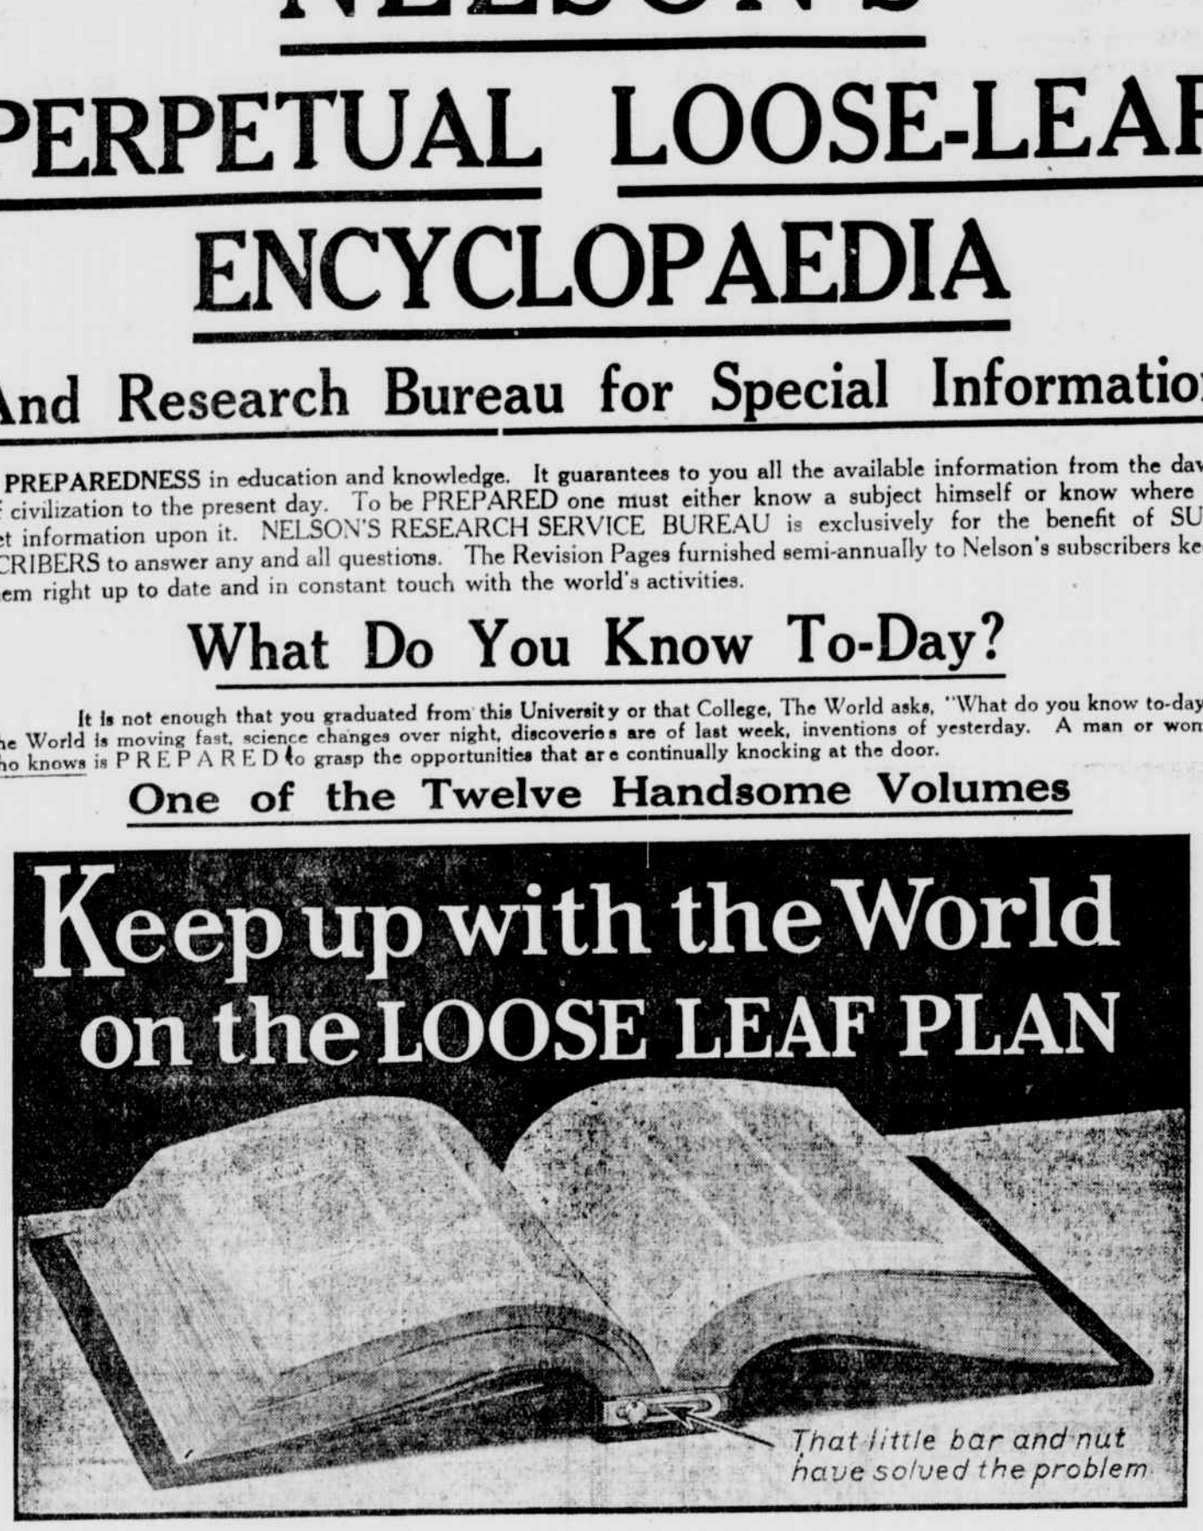
And Research Bureau for Special Information

is PREPAREDNESS in education and knowledge. It guarantees to you all the available information from the dawn of civilization to the present day. To be PREPARED one must either know a subject himself or know where to get information upon it. NELSON'S RESEARCH SERVICE BUREAU is exclusively for the benefit of SUBSCRIBERS to answer any and all questions. The Revision Pages furnished semi-annually to Nelson's subscribers keep them right up to date and in constant touch with the world's activities.

What Do You Know To-Day?

It is not enough that you graduated from this University or that College, The World asks, "What do you know to-day?" The World is moving fast, science changes over night, discoveries are of last week, inventions of yesterday. A man or woman who knows is PREPARED to grasp the opportunities that are continually knocking at the door.

One of the Twelve Handsome Volumes



NELSON'S Is the Only Encyclopaedia that Keeps Up with You—and You Up with the Times

THE WORLD MOVES, AND WE MUST MOVE WITH IT. When the sun goes down, to-day has become another yesterday. Every subject on which man would be informed is changing constantly—the information which is obsolete is worse than none at all. Nine times out of ten, the information you want is a subject of current issue—a topic of to-day. All Encyclopædias, except Nelson's, are deficient in this important and essential thing. You do not use a City Directory that is two years old. Why use an Encyclopædia that is five or ten years old?

How soon the average Encyclopædia goes out of date—almost before it is bound into volumes! When the reader consults the biography of some eminent man, he wonders whether that man is living or dead. He may read the life record of a certain celebrity, only to find that the later and more glorious events of that record do not appear on the printed page. Why? Because the bound Encyclopædia cannot be kept up to date.

How the New Pages Are Inserted

Nelson's Patented Binding Device is remarkable for its simplicity. To insert the new pages, you loosen the nuts at top and bottom, and raise the cover. The pages will then be free for you to remove and insert the new ones. To lock the volume, fit the cover into the posts holding the sheets, press down the cover, and tighten the nuts. That is all. When the new pages are received, the subscriber unlocks each volume, takes out the old pages and inserts the new up-to-date ones in their places—the latter being indexed and numbered to fit into the space formerly occupied by the pages that have been removed. The insertion of new articles and the expansion of old articles are provided for by increasing the number of pages, and affixing the letters A, B, etc., to the folios at the top of the new pages.

Over 600,000 Sets Sold in Ten Years

DURING THE PAST TEN YEARS OVER 600,000 SETS OF THE VARIOUS EDITIONS OF NELSON'S ENCYCLOPÆDIA HAVE BEEN SOLD. NO BOOK WHICH IS NOT THOROUGHLY GOOD COULD STAND THE INQUISITION OF THESE HUNDREDS OF THOUSANDS OF READERS AND CONTINUE TO SELL AS NELSON'S LOOSE-LEAF ENCYCLOPÆDIA IS SELLING NOW.

Nelson's Perpetual Loose-Leaf Encyclopaedia and Research Service Bureau for Special Information Is Endorsed by Libraries, Schools, Government Departments, Professional and Business Men in all parts of the world.

Omaha, Neb., Feb. 8, 1913.

Thomas Nelson & Sons, New York, N. Y.

Gentlemen: I have used your L. L. Encyclopedia during the past year with great satisfaction, and I find myself using it in preference to three others which I have upon my shelves. I have also been greatly pleased with the thorough way and promptness with which you have responded to my inquiries for special information upon special subjects. I regard this as a most valuable adjunct, especially for those who are more or less barred from easy facilities for securing extensive, up-to-date information upon special subjects. What would ordinarily cost an enormous sum can in this way be obtained for a mere trifling expense. Very truly yours,

J. P. LORD.

Iowa City, Iowa, Nov. 13, 1915.

Thomas Nelson & Sons, New York.

Gentlemen: The revision pages received a few days ago make me more than ever pleased with the encyclopedia. Its full value is only realized when one examines this fresh, up-to-date matter. Yours truly,

F. B. STURM, The State University of Iowa.

C. E. PURDY,
Minneapolis, Minn.
November 8, 1915.

Thomas Nelson & Sons,
Pub. Perpetual Loose-Leaf Enc., 381 4th Ave., New York.

Gentlemen: I have had your encyclopedia for thirty days, during which time I have examined it somewhat critically, and in my judgment it is the only encyclopedia which a busy man can afford to buy for general use.

My children in the high school have found it most helpful and consult it three times as often as they do the too exhausted encyclopedia, which is so extensively advertised and which is not up to date. Yours truly,

C. E. PURDY.

ABERDEEN CITY SCHOOLS,
Aberdeen, South Dakota.
H. C. JOHNSON, SUPERINTENDENT.
September 28, 1915.

Thomas Nelson & Sons, New York City.

Gentlemen: We are subscribers to two sets of Nelson's Perpetual Loose-Leaf Encyclopedia. We have had one set for four years, and the second set about two years. I find that the sets are in constant use by high school pupils as reference work in looking up exact and detailed knowledge in all the subjects given here. Personally I find it particularly valuable in immediately getting up-to-date and accurate knowledge of topics that I have been required to work up. The research bureau in connection with the encyclopedia has furnished very excellent material on subjects about which I have written them. Very truly,

H. C. JOHNSON, Supt. City Schools.

WILLIAM VERNON BACKUS,
Attorney at Law,
Cleveland, Ohio, December 8, 1915.

Thomas Nelson & Sons, 381 Fourth Ave., New York City.

Gentlemen: I have received your "Revision Pages for October" and have read them with interest.

In my library are other Encyclopedias, but none that come anywhere near being as valuable to me as "Nelson's Loose-Leaf."

Wishing you unbounded success for the coming year, I remain,
Most appreciatively yours,
WM. V. BACKUS.

Messrs. Thomas Nelson & Sons, Research Bureau, 381-385 Fourth Avenue, New York.

Dear Sirs: We are greatly obliged by the special article on "Musical Settings to Poe's Poems," which you have been so kind as to send us. We shall find it of great use. Yours very faithfully,

L. STANLEY JAST, Chief Librarian, Croyden Public Libraries.
