Individuals find a checking account very convenient and a source of saving. Money in one's pocket is often spent on the spur of the moment, while one is disposed to think twice before drawing

on his balance in the bank. Get the Savings Habit. Lay up for a rainy day. Start a bank account with

Much of our space this week is given up to the political advertising and articles for and against bonding the county for good roads. These are questions of great importance to the county and the people are entitled to the views of persons on both sides of the proposition. The bond election will be held on primary day and not much time remains for the newspaper discussion of the subject.

Next Wednesday and Thursday, May 4 and 5, a Bible Institute will be held at Lee, in this county, to which the public is cordially invited. The sessions begin at 9 o'clock, Wednesday morning and continues through the following day, Thursday, with three sessions each day. An instructive program has been arranged which embraces subjects for discussion by some of our most prominent Baptist ministers and laymen. Lack of space prevents us from publishing the program in full.

The voters of the Third Congressional District should remember three things in the public record of Mr. Grigg-candidate for Congress. One is his vote for the Fingler Divorce law. Another is his work in two sessions of the legislature to defeat a Child Labor law. The third is the fact that he was one of the public men whose names appeared in the legislative committee's list of those traveling on free passes. Add them up and the answer is—VOTE FOR MAYS.

And still the work of improvement and building goes merrily on. Mr. B. F. Moseley, the well known druggist whose place of business is located on perhaps the most prominent corner of the business section, will add another story to his present brick building, the upper floor to be used as offices. We understand that Mr. Moseley, always up-to-date, will arrange the offices, five in number, for the greatest convenience and comfort of his tenants. These offices will be among the most desirable in town.

The candidates meeting at Greenville last Saturday was a huge success, quite a number of the vote hunters being in attendance and making speeches. The principal speakers were Hon. J. F. C. Frigg, candidate for congress, Chas. E. Davis and C. L. Leggett, senatorial candidates, A. W. Shackelford and R. L. Milliner, legislative candidates, and others. A goodly number of the people of that section of the county was present and the candidates, who were there in numbers, had a good time "log rolling" and buttonholing the "dear people" while they poured into their ears their own particular reasons why each one should be elected to the office to which he aspires. Rev. Whitnell wound up the meeting with a rattling good roads speech. Altogether the meeting was a success and everybody had a good time. The candidates will be at Pinetta next Saturday.
