In Honor Miss Maude Yates.

Last evening at 8 o'clock, at the home of her parents, Mr. and Mrs. M. B. Thornton in Springfield, Miss Gladys Thornton entertained her friends at a fancy dress dance in compliment to her house guest, Miss Maude Yates, of Madison, Fla.

The rooms were adorned with Christmas berries and holly; palms and ferns were prettily arranged. The chandeliers were draped with vines, and in one corner of the hall was the prettily decorated Christmas tree, bright with glittering ornaments.

During the evening an informal dance was enjoyed. A pretty German figure was danced under the direction of Miss Kathleen Robertson, and this ended in a Maypole. A huge red box was suspended from the chandelier, and the boys and girls marched round and round, holding the red ribbon streamers. At a given signal the ribbons were pulled, and each guest secured a pretty souvenir of the pleasant occasion. The favors for the boys were kanjo-shaped boxes filled with candy hearts, and the girls were given tambourine-shaped boxes containing powder puffs.

During the program, fancy dances were introduced by Miss Gladys Thornton, the hostess, and Miss Hattie Hendricks, Miss Thornton dancing the Spanish dance, and Miss Hendricks the tambourine dance.

Little Catherine Thornton, the sister of the hostess, delightfully sang a number of selections. She has a wonderfully sweet voice for a child and responded to many encores.

Punch was served in the dining room, the table being covered with red crepe paper, draped with trailing vines.

A progressive game of parcheesi was enjoyed by the children not participating in the dance.

During an intermission dainty refreshments were served.

The costumes worn last evening were exceedingly pretty. Those who enjoyed the evening were as follows:

Georgia & Florida Changes Systems.

The executive committee of the Georgia and Florida Railway at its meeting in Augusta Saturday night adopted what is known as the Hines system of organization from its originator, Major Charles Hine, an efficiency engineer and railway expert.

The system which was first installed on the Union Pacific-Southern Pacific (Harriman Lines) some three years ago is being copied by various railways throughout the country. The Georgia and Florida

As is shown by the official circulars the underlying principle of the system is that of individual responsibility. The system discourages red tape and encourages a man to man contact. It will be observed that the number of officials is increased which is intended to abolish the practice of having clerks sign the names of officials. The authority of numerous officials is broadened by giving them more comprehensive titles than heretofore.—Augusta Chronicle.
