

Old Heads Not Wanted

Business is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one who has a healthy head of hair. Baldness is too generally accepted as an indication of age. Large corporations have established an age limit, and refuse to employ men over 35 years of age as employees.

Probably 65 per cent. of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any scalp, unless the roots of the hair are already dead, their follicles closed and the scalp become glazed and dry. We want people to try this remedy at our risk, with the distinct understanding that unless it gives exactly what we claim it will, we give satisfaction in every respect. We shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer of our statements no one should doubt our word, or hesitate to try our remedy to an actual test. We want everyone in Madison County suffering from any scalp or hair trouble, dandruff, falling hair, baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not relieve dandruff, cleanse and refresh the scalp, tighten the hair in the roots, and grow new hair, we will return every cent paid us for the same. There is no forfeiture expected, and we exact no obligation from the user whatever.

We are established right here in Madison, and make this offer with full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare to make the above offer unless we are positively certain that we can substantiate it in every particular. Remember you can obtain all Remedies in this community at the Madison Drug Co.
