**Before You Came**  
Before you came we thought we knew  
All of life's happiness;  
The clouds were white against the blue,  
The breeze was a caress;  
The violets were dewy-wet  
Beside the cottage door,  
And we walked hand in hand, and let  
The world go by—before.

Before you came. And then your cry  
Came thin across the morn;  
Faintly it came; and by and by,  
The morning you were born,  
The white-capped nurse drew gently  
Near—

Ah, but she felt and knew  
All my heart held of love and fear—  
And brought me word of you!

Of you! For you I had no thought,  
For you I had no care!  
For her! Ah, I was overwrought,  
Twixt hoping and despair!  
The night had dragged a weary  
length.

And fearing for her loss  
Had brought me, sapped of human  
strength,  
Prostrate before the cross!

Now we two bend above your bed;  
And you are all we know  
Of happiness. Your fuzzy head,  
Your baby cheeks aglow,  
Your hands held up for her caress,  
Your gurglings—more and more  
You bring to us a happiness  
We never dreamed before!  
—Judd Mortimer Lewis.

Notice to the U. D. C.

In compliance with the mayor's proclamation of Oct. 9th, there will be no meeting of Dickison Chapter, U. D. C. until further notice.

Mrs. A. A. Winer,  
Recording Secretary.

Notice, Eastern Stars

In compliance with the mayor's proclamation, there will be no meeting of Ocala Chapter No. 29, O. E. S., Thursday, October 10th.

Mrs. Alice Yonce, W. M.

Mr. L. D. Cullum, U. S. navy, has joined his wife and son at the home of Mrs. Cullum's parents, Capt. and Mrs. S. R. Pyles, for a short furlough.

Mrs. P. W. Whiteside is now on the road to recovery after an illness of several days.

Mr. P. J. Theus arrived home today from an extended trip as far as

Louisiana. Mr. Theus left here in May and made the long trip in his car. Mr. Theus encountered one tornado, which was a great sufficiency. He enjoyed his trip immensely, likes the western country exceedingly but is glad to see Ocala again.

Mr. Frank Gates, who has been spending a few days in Jacksonville, has returned home ill, which news is deeply regretted by his friends, who trust his recovery will be rapid.

We are glad to announce that Mr. J. P. Galloway is able to be up and out again after a few days illness.

Mr. J. C. Adkins of Gainesville is in the city, stopping at the Harrington. Mr. Adkins is a brother-in-law of Mrs. William Barrett of this city.

Miss Isabel Davis will arrive today from Sutherland for a visit to her home here.

Miss Irene Tompkins will return home from Sutherland today, for a visit to her parents, Mr. and Mrs. D. W. Tompkins.

Mr. W. M. Lloyd of Richmond, Va., is visiting in the city for a few days and is a guest at the home of his sister-in-law, Mrs. Jack Camp.

**NOTICE**

This is to notify the creditors of the Style Hat Shop that I have purchased the interest of my partner, Laura N. Luckie, and am assuming all indebtedness of the Style Hat Shop.  
Rena Smith.

**GOOD ADVICE**

There are two measures that the people of Ocala can take during the present epidemic that will effectually check the spread of the disease and make the necessary attention to business less dangerous.

The first is a measure of voluntary quarantine. There have been numbers of those who have contracted the disease going to stores, offices, etc., while sick. This is dangerous to the individual on account of the probability of a relapse, because complications may arise due to exposure, and these complications usually involve the lungs and bronchial tubes, and because influenza has a tendency to weaken the heart.

Attending to business while sick is the most effective means of spreading the disease and only an ignorant or an unscrupulous person would expose others to the disease in this way.

The second measure is one of omission. Let all general calling and visiting cease for the present. Children should be kept at home. No more effective means for contracting the disease can be taken than that of entering homes where you do not know the health conditions, especially if these homes have rooms that are not well ventilated.

If these precautions are taken the necessary business interests will not be interfered with and the closing of schools and public meetings not constitute an unavailing inconvenience. Board of Health Member.

**OKLAWAHA AND LAKE WEIR**

Oklawaha, Oct. 10.—Our people here are busy gardening, not only for their own use but some for market.

The cotton pickers are finishing getting in the last cotton. Now the oranges have to be shipped. The crop is very heavy this winter and good prices are quoted in the markets. The war has taken most of the laborers, but the younger boys are fast taking their places. If the Huns are sensible enough to accept President Wilson's peace terms, we will soon have our boys home.

Mr. McGahagin visited his son, Tom, at Camp Sevier en route home from the Tulsa reunion. He was much pleased with the camp and says Tom is well satisfied with his work.

Eddie Marshall writes very interestingly of the battle front in France. Wood Yonque, who has been working in Nashville, Tenn., this summer, has been in one of the hospitals there with Spanish influenza, but is convalescent and is expected home today.

Shi Holton, a colored boy, who went to Camp Devens, last summer, fell a victim to pneumonia, caused by the influenza. He died last Wednesday night. His remains were sent home and reached here last Sunday night, and interment was made in East-lake cemetery Monday afternoon.

Rev. W. H. Wrighton preached a very interesting sermon in the Baptist church last Sunday afternoon. He is to preach again here the fourth Sunday in this month.

Mrs. Reichelderfer and two children of Fairfield were last week visitors to Mrs. Reichelderfer's parents, Mr. and Mrs. Miller.

Mr. and Mrs. Miller have as their guests this week their son, Everett, also of Fairfield.

Mrs. Mansfield and two children of Ramey, Minn., arrived last week. They are making their home with Mr. and Mrs. Mann. Mr. Mansfield came here last winter and is so delighted with the climate that he had his family come.

The many friends of Mr. and Mrs. Hugh Knight are grieved to hear of the death of their infant son last Wednesday at their home in St. Petersburg.

There are no new cases of influenza to report here. We are in hopes it will soon be stamped out.

**Get the Habit of Drinking Hot Water Before Breakfast**

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of "soaking their system with drugs." "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

**NOTICE**

Notice is hereby given that the undersigned, under and by virtue of a certain final decree entered on the 20th day of September, 1918, by the Honorable W. S. Bullock, judge, wherein A. A. Mathews is the complainant and Louis Casminski and Alice Casminski et al. are the defendants, on Monday, the 4th day of November, 1918, during the legal hours of sale will sell for cash at the west door of the court house in the city of Ocala, Florida, and during the legal hours of sale at public outcry sell to the highest and best bidder for cash, the following described lands in the city of Ocala, Florida, in Marion county, viz:

The south half of lot three block numbered nineteen New Survey South Ocala, or so much thereof as will be necessary to satisfy said decree and cost.

**A Soldier Facing Death For You**

Somewhere in France today, at this very minute, there is a soldier looking straight into the face of death.

He is doing this for you.

By night and day, in storm, in rain, in cold and gloom, facing a hundred deaths he never hesitates a minute but does his duty without a thought of hesitation and without a thought of reward.

What are you doing for him today?

When you think of that man don't you want to do something to prove that you appreciate what he is doing for you?

Of course you do. Then act on your desire and buy Liberty Bonds which will help to safeguard him and to bring him back home.

After you have bought all you can tell your friends to do the same.
