PALATKA, FLA., JULY 1, 1884.

Democratic Conservative Ticket.

FOR GOVERNOR: EDWARD A. PERRY, Of Escambia. FOR LIEUTENANT GOVERNOR: MILTON H. MABRY, Of Sumter.

We would call special attention to the letter of Mr. Lente President of the Seville and Halifax R. R., in reference to the charges made against the Hon. Chas. Dougherty.

We are glad to reprint the endorsement of Perry's nomination by Judge Hilton of the Economist. His opinion that Perry is the strongest man in the party carries with it much weight.

Messrs. Sanchez, Dougherty and Martin are on the ground and their forces were placed in line on yesterday ready for the grand struggle of today.

To-morrow's sun will see the democrats of Florida ready for the fight. In the next issue of The News the name of our candidate for congress will be nailed to the mast.

None of the apprehensions which attended the state convention will follow the session of this body. All the indications prefigure harmony and easy agreements.

We are glad to see that Mr. Graves of the Florida Herald has been placed upon the electoral ticket, but are surprised that the Herald should consider the selection a compliment to "the young democracy."

that in the second district and especially in Putnam county will come the warmest work of the campaign. Here is the real headquarters of the Bisbee forces...

THE SIDE SHOW. We think the Pensacola convention did wisely and well in all things except the sanction extended to the party election of county officers.

And in setting a party qualification on suffrage, we plainly make a sharp departure from the path laid down by the principles of our organization.

We are glad to see that Mr. Graves of the Florida Herald has been placed upon the electoral ticket, but are surprised that the Herald should consider the selection a compliment to "the young democracy."
