## TREASURERSHIP IS NOT SETTLED YET

Bartow, July 29.—Several weeks ago E. J. Young, defeated candidate for county treasurer, filed his petition in the circuit court for a writ of mandamus requiring the county canvassing board to recount the votes cast for county treasurer in the June primary. Werner G. Jones, the candidate nominated for treasurer on the face of the returns, through his attorneys, W. S. Preston and Wilson and Boswell, filed a motion to quash the petition. Yesterday at Arcadia the petition and motion were called up before Judge Whitney for argument and Judge Whitney ruled that he had no power to mandamus the county canvassing board to recount the votes cast in the primary.

The attorneys for E. J. Young, Dickenson and Dickenson of Tampa, then contended that they were entitled in the same proceedings to the appointment of a commission to recount the votes and the Judge took this matter under consideration and will announce his decision within a few days.

The cup, which carries with it the championship of the 40-foot class, will be defended by Ankle Deep, which won the race last year. Other entrants are Hydro Bullet, owned by E. H. Thompson said that about forty men of the lot got to Washington. "The army is all gone," Thompson continued. "Most of them are working for the farmers out West, and I guess they won't ever march to Washington again. The crops are too big. I am a machinist, and I am on my way to Springfield, Mass., where I have a brother who has a job for me. I guess every one of our bunch who wants work has got it."

## LAKELAND TOOK FAST GAME FROM YBOR

In the best contest of the season, BEST in more ways than one, the Lakeland team shut out the fast Ybor city team in a grand ten inning battle, on the home grounds yesterday afternoon. It was the kind of a day made for ball games, no signs of rain, a cool breeze blowing and seven hundred fans anxiously awaiting the "play ball." As usual the RED BIRDS came prepared to win, and on the other hand the local boys were just sure they were going to walk away with the second game of the series. They had only tasted defeat once out of seventeen games and these same RED BIRDS had been their conquerors. Alvarez, the fast West Tampa pitcher, was picked to do the hurrying for Ybor. For the benefit of those who do not remember, this same gentleman was in the box against us when we played Dade City in that town. Gillespie, the old reliable, was given the honor of serving up the dinner to the Ybor aggregation and he had 'em "eating out of his hands." It was a pitchers' battle all the way, both hurlers using a grand article of ball. Alvarez had a little the best of the strike out proposition, fanning eleven to Gillespie's nine, but he walked three men while Gillespie waked none. The big feature of the game was the cut in the error column, only one mishap being made and that by Ginter, whose heavy hitting made up for a dozen errors. The Ybor boys wanted to stay over and play today, but it could not be arranged.

### The score by innings:

**First Inning**  
For Ybor—Bishop fanned, Ferrer out at first, Mira singled, Herrera popped to third.

## MUCH UNREST STILL FELT AT MEXICO CITY

CAUSED BY UNCERTAINTY REGARDING CARRANZA

The Latter Will Soon Issue Statement Relative to Guaranteeing Safety to Federals

(By Associated Press.)

Silliman, the president's envoy to Mexico, today notified the State department that Carranza would soon issue a statement of his attitude toward Carbajal's request that safety be guaranteed to the federals. ### GADSDEN COUNTY CLAIMS THE BANNER

Quincy, July 29.—Now that the excitement of marketing this season's tobacco crop is over, and the buyers have had time to figure up their holdings, a careful estimate has been made of the value of the crop. Basing the price of shaded tobacco at prices paid to the farmer, and sun tobacco at an average of 18 cents and the expense of handling and packing, the crop this season will bring into this county at least \$3,000,000.

This tobacco crop alone would almost make Gadsden county the banner county in the State, but add to this the greatest oat crop that was ever produced in this section; by far the greatest corn crop, the yield being three times as great as it was up to three years ago; the cotton crop, while not as large as in years past, but large enough to be quite a consideration, and the cane crop, which is said to be the farmer's money crop, and certainly no one can deny that the agricultural products in Gadsden county this year are worth more than that of any county in the State.
