TERRORISTS ARE FORGING HAND OF RUSSIA

Events in Poland Give New Impetus to Talk of a Dictatorship.

ANOTHER CIRCULAR

Directing Extreme Measures to Suppress Disorders.

MEMBERS OF REVOLUTIONARY ARMED LEGATION WILL BE SENT TO REMOTE PARTS OF SIBERIA—TEN MILLION DOLLARS SECURED FOR FAMINE RELIEF FUND.

By Associated Press St. Petersburg, Aug. 17.—Activity of the terrorists and revolutions and the lack of support by the people is steadily forcing the government's hand to the direction of repression. Events in Poland have given new impetus to the talk of a military dictatorship and the Agrarian strikes and disorders have impelled M. Stolypin to send another circular to the provincial authorities directing them to spare no efforts to suppress them. Members of the social revolutionary party's armed legation have arrived in St. Petersburg and Moscow and will be banished to remote parts of Siberia. The commission which has been examining the budget with a view to securing money for famine relief has succeeded in raising a fund of ten million dollars.

WOMAN WHO WAS WHIPPED IS A LOCAL DRESSMAKER

St. Petersburg, Aug. 17.—It has been definitely ascertained that Anna Smirnova, the young woman who was recently whipped by the Chevalier guards has no American connections. She is a local dressmaker.

CANNOT STOP FLOW OF BLOOD

BREWTON MAN WHO HAD ARTERY SEVERED IS IN CRITICAL CONDITION.

Special to The Journal. Brewton, Aug. 17.—Walter Cook, a well known young man of Brewton who had an artery severed in his wrist by falling on a knife, has gone to the Hale Sanitarium at Montgomery for treatment, as local physicians have been unable to stop the wound from bleeding and the young man is in a very critical condition owing to the great loss of blood. He was accompanied by his physician, Dr. Burt of Brewton.

MASSACHUSETTS ENDORSES BRYAN

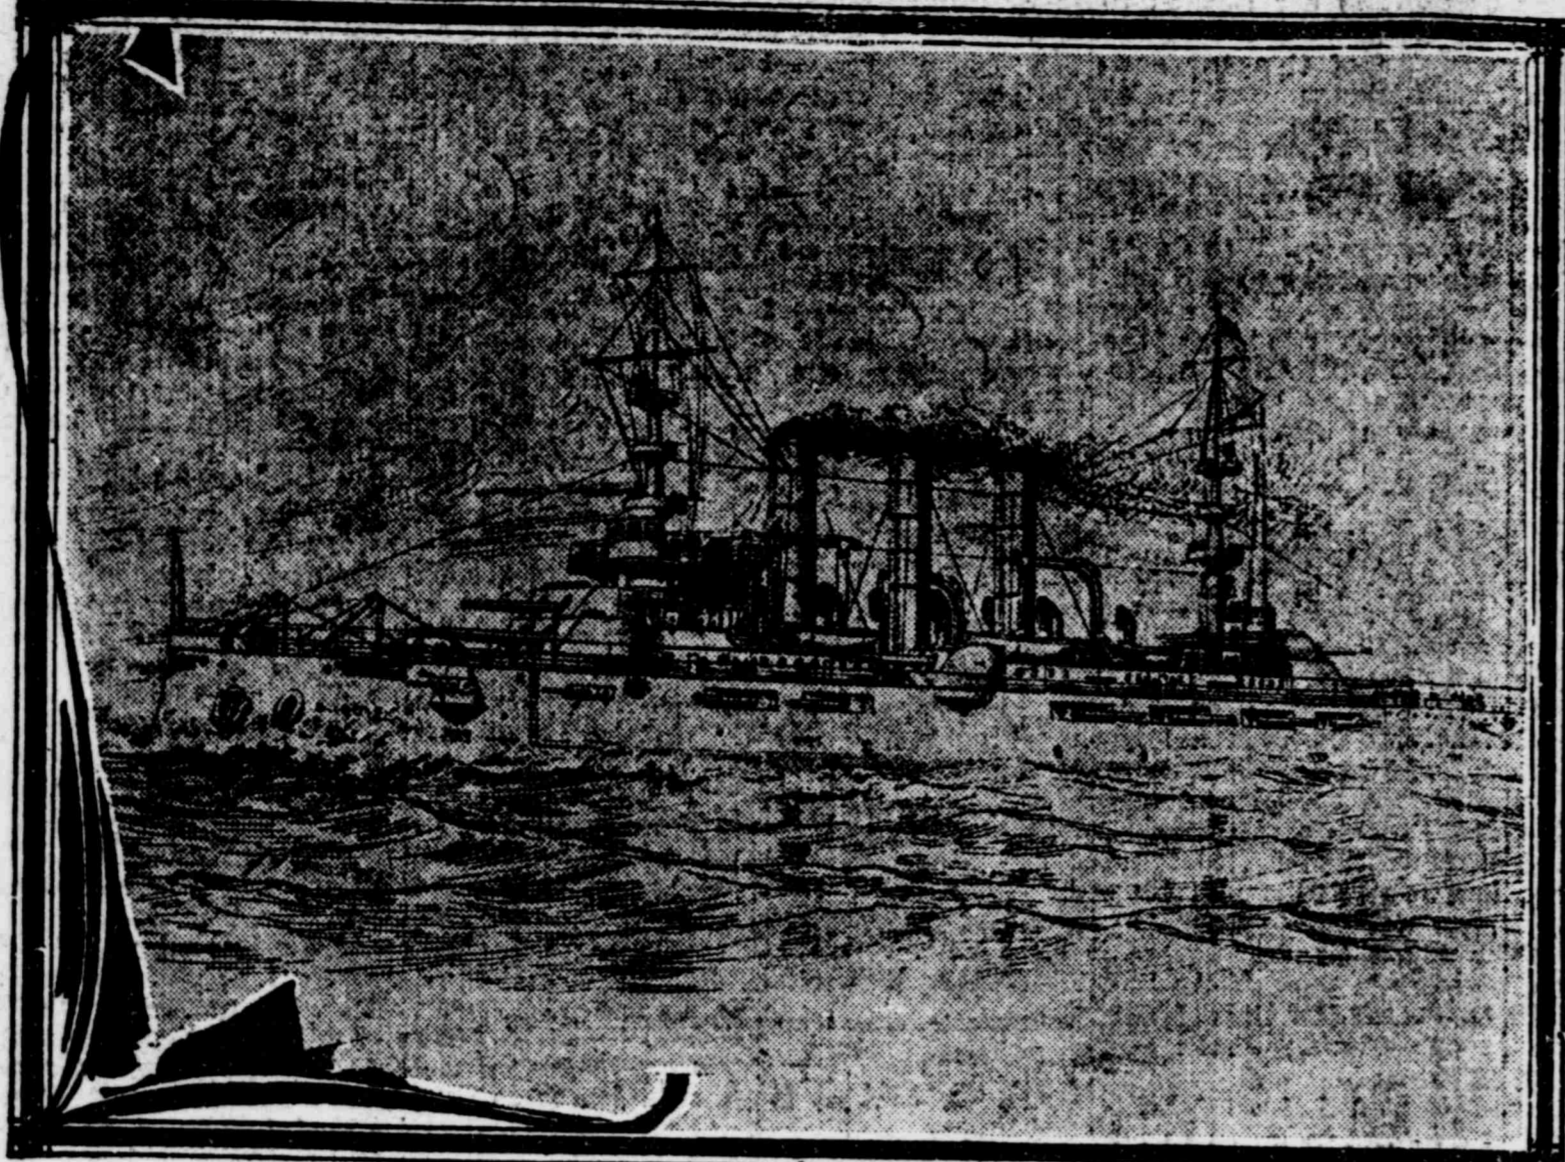

STATE COMMITTEE PLEASED THAT HE WILL RETURN AND ASSUME LEADERSHIP.

By Associated Press. Boston, Aug. 17.—The democratic state convention will be held here on October 4. The state committee unanimously adopted a resolution felicitating W. J. Bryan on his return to assume leadership of the national democratic forces in the next presidential campaign.

ENGINE NUMBER 13 EXPLODED

By Associated Press. Birmingham, Aug. 17.—At Ensley today the boiler of locomotive No. 13 of the Birmingham Southern railroad exploded while the engine was near the furnaces of the Tennessee Coal Iron and Railroad Company. Engineer Ed. Brinker and fireman Claude White were instantly killed and their bodies blown to fragments. A fragment of flying iron pipe struck the engineer at Furnace No. 5 and he was badly hurt, as was also a negro switchman who was working in the railroad yards near. Engineer Brinker leaves a family. The names of the injured men have not yet been learned.

UNCLE SAM'S GREAT SEA FIGHTER, WHICH HAS JUST COMPLETED HER FINAL TEST

United States Battleship Rhode Island.

EARTHQUAKE DISASTER IN CITY OF VALPARAISO

One Report Says Situation Will Be as Serious as at San Francisco--Great Anxiety in Argentine--Town of Los Andes Thought to Have Been Destroyed.

By Associated Press New York, Aug. 17.—The city of Valparaiso, Chile, is reported badly damaged by earthquake. One report received here is that the situation in Valparaiso will be as serious as the San Francisco disaster. Practically every building in the city is damaged and there are fires in different parts of the city. Many persons are reported killed or wounded. The earthquake has interrupted cable facilities to lower South American points and communication is restricted to the route via Lisbon. Another report from Valparaiso is that the loss of life has not been confirmed. Fires are burning in various parts of the city.

ANXIETY IN ARGENTINE OVER CHILEAN 'QUAKE

Buenos Ayres, Aug. 17.—The newspapers this evening publish telegrams from Mendoza (which is the port of entry for trade between Buenos Ayres and Chile) to the effect that many houses in Los Andes have been destroyed by earthquake and that there were large numbers of casualties. The interruption of all means of communication with Chile causes much anxiety and many rumors of disaster are afloat.

In the absence of telegraphic communication beyond Punta Delina it is impossible to obtain accurate details of the destruction by the earthquake in Chile. The telegraph companies state that nothing is coming through. Officials of the Pacific Rail-

way express the belief that the damage at Valparaiso is not so serious as stated but fear that the town of Los Andes has been destroyed.

Communication Re-established. New York, Aug. 17.—The Central and South American Telegraph Company have re-established their main office in Valparaiso and are working with that city now. This would seem to show that the conditions are not as serious as at first reported.

No Light on Situation. New York, Aug. 17.—At eleven thirty to-night the Central cable office received a message saying the Valparaiso office was closed all morning. No reason was given. No message received throws any light on the situation in Chile.

CONFESSED TO HOLDUPS AND MURDER

Youths Surprise San Francisco Police With an Unusual Story of Crime.

By Associated Press. San Francisco, Cal., Aug. 17.—With a coolness and nonchalance that amazed the policemen, Fred Peterson, William Mares, Walter Westwood and Frank McAuliffe, four youths still in their teens, last night confessed that they are the quartette that committed a series of hold-ups which culminated in the killing of Fred Mullineux on the Ocean boulevard last Sunday night.

Peterson, who is but seventeen years of age, admitted that he fired the shot which killed Mullineux when the latter resisted robbery. McAuliffe, aged eighteen, was arrested Wednesday, and after being subjected to a most severe examination broke down, admitted that he was one of the quartette and gave the names of the other three.

Peterson last night told in minute detail of a robbery of four persons and a hold-up on the boulevard the night previous. Westwood, the alleged leader of the gang, is but sixteen years old, and resided with his mother and stepfather, Patrick Ryan. He admitted that he was the gun-holder in the other robberies and that it was Peterson's turn when Mullineux was held up. Mares is eighteen years of age.

Mayor Dies Suddenly. Bloomington, Ill., Aug. 17.—James S. Neville, mayor of Bloomington and member of the Illinois warehouse and railroad commission, died suddenly today at West Baden, Ind.

BIG RAILROAD STOCK POOLS WIN MILLIONS

By Associated Press New York, Aug. 17.—Amid frantic scenes of trading on the Stock Exchange the Union Pacific common stock was rushed upward 17 and 1/2 points per share and Southern Pacific 6 7-8 points today, after the announcement of dividends far in excess of what the traders expected. The result was that a large number of traders who had sold the stocks short suffered heavy losses.

According to an estimate by the Evening Post the pool in Union Pacific stock realized profits of fifteen million dollars and a similar pool in Southern Pacific ten million. Brokers swept into the mad struggle to buy the two stocks and the excited scene has hardly been exceeded since the great struggle to control Northern Pacific five years ago. Feverish activity prevailed in the two stocks throughout the session and they closed near the highest.

Grand Army of the Republic Closes Fortieth Encampment

By Associated Press Minneapolis, Aug. 17.—The Grand Army of the Republic completed its fortieth encampment late today and adjourned to meet in Saratoga, N. Y., next year. The minority report of the committee on resolutions was adopted which provides that an address be sent to

General S. D. Lee, commander of the Confederate Veterans' Association asking that the influence of southern soldiers be used against the proposed statue to Henry Wirz. The canteen question was laid on the table. Greetings were received from President Roosevelt and various patriotic societies.

Niagara Movement Negroes Pay Tribute to John Brown

By Associated Press Harpers Ferry, W. Va., Aug. 17.—At the meeting of the Niagara Movement organization of negroes to promote equality of the races the feature of the proceedings was a tribute to the memory of John Brown and the celebration of the anniversary of the battle of Ossawatimie.

Members of the movement and visitors made a pilgrimage to the John Brown fort where an address was delivered by Richard Gillmer. The pilgrims then marched around the fort in single file singing "John Brown's Body." This afternoon addresses on John Brown were delivered by several delegates.

Heyward Would Prosecute Known Members of the Mob

Columbia, S. C., Aug. 17.—Governor Heyward, who has returned from Greenwood where the negro Davis was lynched yesterday, said he had instructed the officers to take steps for the immediate prosecution of the known members of the mob. As the

sentiment of the best citizens as well as a number of negroes is in sympathy with the action of the mob it is not believed that prosecutions will be successful. A negro school teacher has written a card to a newspaper endorsing the lynching of Davis.

BROWNSVILLE IS STILL GUARDED BY CITIZENS

Unruly Negro Troops at Ft. Brown Kept Within Barracks--Federal Authorities Will Soon Relieve Situation.

By Associated Press. Houston, Texas, Aug. 17.—A special from Brownsville says the citizens' guard is still stationed between Fort Brown and the city, keeping the negro soldiers within the barracks, and aside from a feeling of anxiety the town is quiet. The citizens have been informed that the commander of the Department of Texas will take immediate steps to relieve the situation. Advocates from Austin say considerable excitement prevails there over the Brownsville situation and a movement is talked of to send an armed body of citizens there to assist in keeping the negro troops within the confines of their barracks.

CITIZENS APPEAL TO GOVERNOR FOR AID Austin, Texas, Aug. 17.—A dispatch was received this afternoon from William Kelley, chairman of the citizens committee at Brownsville, appealing to governor Leahan to act on once regarding the condition of affairs brought about by the outbreak of negro soldiers on Monday night. Kelley stated that the excitement was not subsiding and great fear was entertained among women and children. In the absence of the governor the message was turned over to the Adjutant General Hulen who will confer with General McCrkey, commander of the Department of Texas, as to what steps shall be taken.

THE DEBATE OF BEARD AND BROWARD

Both Wire Mayor Bliss that they Will Be Here to Speak Monday Night.

All doubts as to whether or not the debate between Hon. John S. Beard and Governor Napoleon B. Broward would occur Monday night were set at rest yesterday, when Mayor Bliss received a wire from Governor Broward stating that he would surely be in Pensacola in time for the speaking, and when Mr. Beard was wired of this fact he telegraphed back that he would reach Pensacola Sunday afternoon and would be ready to give the governor oratorical battle Monday night on the platform of the everglades drainage. Mayor Bliss immediately upon receipt of these telegrams began to make preparations for the event. It was decided that Seville square would be the most suitable place and it will be well lighted by the Electric Light Company. Seats for several hundred will be provided, as it is the intention to cover a large area with them. A brass band will be secured by some of the citizens and there will be music to enliven the occasion. Reports from along the line of the railroad are to the effect that large numbers will come to the city on this occasion and hear the debate between these two prominent men on the drainage of the everglades of Florida.

IMMENSE NEW BOILERS HERE

For the Gunboat Machias, Which is to Be Repaired at the Local Navy Yard.

Two immense boilers shipped direct from the Norfolk navy yard, reached Pensacola yesterday morning for the gunboat Machias, which will be repaired and the boilers installed at the local navy yard. The boilers each occupy a car, and are now standing on the tracks of the Terminal Company, ready to be taken to the navy yard. Many viewed the boilers yesterday as they were moved through the city. Each weighs about 58,000 pounds, and they are of the latest pattern. The Machias is now at the navy yard being rebuilt, having been put out of commission some time since.

MADE NO REPORT ON PEONAGE CASES

German Vice-Consul Denies Report Sent out from Jacksonville.

H. Rolfs, vice-consul for Germany at this port, who, it was reported and published had formulated a report upon the Jackson Lumber peonage cases, which he intended forwarding to the higher officials representing his country, denies that he has formulated any report or that he has any grounds for making a report. The report was sent from Jacksonville that Mr. Rolfs had completed his report dealing with the Lockhart case, and that it would be sent out in a few days in printed form. When seen by a Journal representative he said that some one had made a mistake; that he had made no report and that none of the subjects of Germany who came to Pensacola complained of ill-treatment, and consequently he had nothing whatever to do with the investigation being made by the United States authorities.

COLON HAS CLEAN BILL OF HEALTH

By Associated Press. St. John, Aug. 17.—The American sanitary officers announced today that the recent outbreak of small pox here is considered ended and the town has a clean bill of health.

SEVEN WHALES ON THE BEACH AT ANASTASIA

By Associated Press. St. Augustine, Fla., Aug. 17.—Fishermen found seven large whales on the beach of Anastasia island today varying in length from twelve to twenty feet. There is considerable excitement and the work of extracting the oil will begin at once.

TAX ASSESSOR REILLY DIES SUDDENLY

Passed Away at His Home Yesterday from Convulsions Due to Kidney Trouble.

A POPULAR CITIZEN

Who Was Highly Esteemed by All Who Knew Him.

HAD JUST REACHED HOME FROM HIS OFFICE WHEN HE WAS ATTACKED, LOST CONSCIOUSNESS IMMEDIATELY AND DIED WITHIN FIFTEEN MINUTES, FUNERAL THIS AFTERNOON.

Dan W. Reilly, city tax assessor and one of the most widely known and popular citizens of Pensacola expired suddenly yesterday afternoon at 2:15 o'clock at his home at the corner of Palafox and Strong streets. Death was due to uremic convulsions, due to kidney trouble, and the deceased lived only about fifteen minutes after he was attacked, never regaining consciousness which was lost with the first convulsion. Reilly had been in bad health for several years his condition was at no time considered serious and recently he has been more cheerful and apparently in better health than for years, due to a trip to Asheville, where he remained for a month and apparently was greatly improved.

In Office in Forenoon. Mr. Reilly was in his office in the Thiesen building all of the forenoon attending to his duties as tax assessor, and those with whom he conversed state that he did not complain of feeling unwell. About 1:30 o'clock in the afternoon he boarded a North Hill car for his home for dinner. Upon reaching there Mrs. Reilly inquired of his health and as to how he was feeling and he replied that his head was troubling him some. She advised him to lie down and rest for awhile and perhaps he would feel better. He walked towards the head to do so, and just as he reached it he fell in a convulsion.

Dr. Frank G. Renshaw, who resides near, was hastily summoned, and he was joined shortly afterwards by Drs. Anderson and Kennedy, but Mr. Reilly was beyond medical aid, and after lying in an unconscious state for about fifteen minutes, he passed away.

A Popular Man. Dan Reilly was a popular man. He was one with whom it was a pleasure to come in contact. Always jovial and good natured he had a kind word for everyone, and he made friends of those with whom he became acquainted. He was known all over Pensacola, having been born and reared near here, and was a resident of this city for many years, holding public office twice during this period.

Born at Navy Yard. The deceased had reached the age of 46 years. He was born at the Pensacola navy yard, where he lived until he became of age, being employed as a telegraph operator there, and during the yellow fever of 1852 which swept Warrington, he was one of the few to remain at his post. Later he came to Pensacola and entered the service of the Western Union as operator, which position he held with satisfaction for ten years, resigning to become associated with his brother, Frank Reilly, in the wholesale cigar and tobacco business. In 1893 he was elected tax collector of the city, which position he held for a period of two years.

Five years ago he was appointed tax assessor by the City Council and he has since held that position with satisfaction to the public. Fifteen years ago he married Mrs. Bessie Jordan, of this city, and to this union there were born five children, three boys and two girls, the oldest of whom is fourteen years of age, and the youngest two weeks. In addition to these he leaves two brothers, Frank and C. M. Reilly, and one sister, Mrs. H. B. Hutton, the two latter residing at Little Bayou.

Many Callers at Home. The news of the sudden death of Mr. Reilly spread rapidly over the city, and during the afternoon and night there were many callers at the home—friends who desired to gaze upon the face of the deceased once more and to offer condolences and sympathy to the shocked and bereaved wife and relatives.

Funeral This Afternoon. The funeral services will be conducted this afternoon at St. Michael's church at 4:30 o'clock, the cortege leaving the family residence at 4 o'clock for the church. The pall bearers will be J. S. Reese, Jno. B. Jones, S. Z. Gonzalez, Jr., H. H. (Continued on Page Three).
