A GREAT PROTESTANT ON RELIGIOUS BIGOTRY AND INTOLERANCE

There is no more devoted and typical Protestant in the world than William Jennings Bryan...

The Knights of Columbus acted wisely in giving a formal answer to the misrepresentations which have been circulated in regard to the attitude of American Catholics on two important subjects...

Other points touched upon in the report to the meeting, as published, are as follows:

The report declares that Catholics uphold and support the public school system, but feel that religious instruction is necessary...

The report condemns the action of politicians in raising religious issues in campaigns, as well as the activities of quasi-political societies in discriminating against persons of any faith.

PLENTY OF G. O. P. PRESIDENTIAL TIMBER

James B. Reynolds, the secretary of the national committee of the Republican party, has returned to New York after a tour through 22 states and has announced that there will be no dearth of candidates for the Republican nomination for President next summer...

"So, in the matter of public schools, a parent may send his child to a private school—as many Protestants as well as Catholics do—without indicating hostility to the public school system.

"The knights are to be commended also for protesting against the introduction of religious issues into politics whether to aid the members of a church or to oppose them.

When a girl hardly in her teens can make a profit of \$93.96 on one-tenth of an acre of Walton county soil, there is something radically wrong with the man who insists that farming does not pay.

And it also suggests that there is something radically wrong with the man who insists that a woman's place is always in the home, concerned purely with household drudgery, and when she gets away from that stult she becomes 'unwomanly,' loses her fine feminine charm and threatens the disruption of organized society.

And another way to infuse more life into the press associations of Florida is for the editors of the big dailies to become working members and attend the sessions.

Even lynching is a progressive science. A white mob in Mississippi hung a white man yesterday for the murder of another white man.

CLAUDE L'ENGLE FORESIGHT HAS BEEN VINDICATED

During Claude L'Engle's brief career in congress he introduced a bill appropriating a million dollars for aeroplanes in the army and navy.

Now we see a widespread movement to educate the public up to the idea of having an adequate flying machine establishment and corps as a regular department of the army equipment.

It is interesting to observe, too, that as the practical value of the flying machine has become established in the minds of the people, the value of it as an instrument of amusement has decreased.

The flying machine—under which generic term all sorts of aeroplanes, monoplanes and hydroplanes may be classed—is in truth no longer a curiosity.

MEDAL FOR CHAMPION CORN GROWER OF FLORIDA

Malcolm Miller of Baker, Santa Rosa county, has been awarded a medal by the Panama Pacific Exposition as the champion corn grower of Florida.

Malcolm Miller, of Santa Rosa county, Florida, has been awarded a medal for raising the most corn to the acre in this state.

My Dear Sir: I am in receipt of a letter from Mr. Charles F. Mills, secretary of the National Top Notch Farmers' Club, in which he advises that you were awarded the medal at the Panama Pacific Exposition as the Champion Corn Grower of the State of Florida.

Your record of a yield of 170.2 bushels of corn on one acre is indeed a great credit to you and to your state. I wish to most heartily congratulate you upon your energy and industry. I am very proud that you were successful in producing such a large quantity of corn per acre.

Awaiting your advice as to whether or not you can meet me at Pensacola on the date indicated, and with very best wishes, I am, Sincerely yours, PARK TRAMMELL, Governor.

THE BEST PROOF

Given by a Lakeland Citizen Doan's Kidney Pills were used—they brought benefit.

The story was told to Lakeland residents. Time has strengthened the evidence. Has proven the result lasting. The testimony is home testimony. The proof convincing. It can be investigated by Lakeland residents.

O. D. Bryant, proprietor Sunnyside Hotel, Lakeland, says: "I have used Doan's Kidney Pills for backache, pains across my kidneys and other symptoms of kidney trouble, and I have found them to be just as represented. They regulated the kidney action, cleared up the kidney secretions and did good in every way."

Over three years later Mr. Bryant said: "I have not had a symptom of kidney complaint since I was cured by Doan's Kidney Pills some years ago."

Price 50, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bryant has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Today Is The Telegram's Birthday

With today's issue the Evening Telegram enters upon its fifth year of publication. On November 1st, 1911, against the judgment of some of our best friends, and, we confess, not without some misgivings on our own part, we launched this journalistic venture, and there has never been a day since in which it did not register progress.

Today it stands a monument to the untiring and ceaseless industry that has brought it safely through the precarious period which is fatal to so many journalistic enterprises, and which placed it on a footing so firm that the doubts and fears connected with its early youth may be smiled back upon as "dangers safely passed."

More Men are Dressing Better And More Men are Paying A Medium Price. That sounds odd, but it is true. The making of men's ready-to-wear clothing is constantly being done on a greater and more scientific scale. One of the big makers, some few years ago, decided to center his efforts on a suit of one price. As a result the cost of clothes combining style and wear both has been lowered. The suit is Styleplus \$17 Clothes. The quality in it is high because by lowering the manufacturing cost the manufacturers are able to give better woolsens, better workmanship and then add the styling of a master fashion artist. We have all models—swagger English effects for young men, conservative models, yet stylish, for men who keep on the safe side of style. MOORE'S LAKELAND'S BEST CLOTHES SHOP Phone 243 Drane Building

AMUSEMENTS

The Lyric is today showing one of the greatest human interest pictures ever shown in this city—a six-reel Eclectic Pathe feature. This is a very strong play, strong in human interest and in the love and faithfulness of the mother on one side, as against the villainy and treachery of the husband on the other. Better than a sermon because better pictured. There will no advance in price as we are earnest in our endeavor to show to the people of Lakeland the best pictures money can buy at the most reasonable price of admission.

A the Airdome tonight The Wives of men. A strong two reel drama of love and intrigue, featuring Raymond Nye.

Bronco Billy's Protegee at the Airdome tonight. Broncho Billy adopts the children of the woman who jilted him, and determines to live straight. A stirring Western drama.

Mr. Jarr and Love's Young Dream. One of the Jar series at the Airdome. Mr. Jarr's friend comes into a fortune. Everybody gets swelled up. A laughable comedy.

The Airdome will be enclosed this week. Watch for the big opening matinee.
