**THE PLEASANT PLACES.**  
 Ready for the pleasant places—  
 Soon you'll lift life's joyous cup  
 In the sunlight and the shadow  
 Where the world is "resting up."  
 Hear the ripple of a river  
 And a bird that tries to sing  
 Just as though sweet spring had whis-  
 pered:  
 "I'm the truly, truly spring!"  
 Ready for the pleasant places,  
 Wintry memories fade away;  
 There is but dream of April  
 And that dream is sweet with May!  
 And your faith is in that whisper,  
 Where the wild vines climb and cling  
 "Winter's lost away in shadows;  
 "In the truly, truly spring!"

### Three Words To Your Grocer--- "New Post Toasties"

will bring a package of breakfast flakes with a delicious new corn flavour—flakes that don't mush down when milk or cream is added, nor are they "chaffy" in the package like the ordinary kind.

These New Toasties are manufactured by a new process using quick, intense heat which raises tiny bubbles over each flake, the distinguishing characteristic. And the new process also brings out a new corn flavour, never tasted in corn flakes of the past.

Try a handful dry—they're good this way and the test will reveal their superior flavour. But they're usually served with milk or cream.

**YOUR CHILD'S FOOT is plastic**  
 and conforms to the lines of the shoe worn.  
 To change last means to alter the foot—to remold to new lines.

Two or three times a year the little foot is forced into new lines, is pinched and punished. Can you wonder that so many adult feet are deficient—defective—even deformed.

**BUSTER BROWN SHAPING LAST SHOES**  
 Make Shapely Feet

Fitting the heel closely, hugging the arch snugly, with length for the crawl of the toes—Buster Brown Shoes develop and shape the foot naturally and gracefully through childhood to maturity.

**DON'T NEGLECT THE BOY'S FOOT**  
 Shapely feet are useful feet—and boys feet must be useful—so put your boys in Buster Brown Shoes and see that they stick to this last.
