

WILL BRING REMAINS OF H. A. ISENBERG TO HONOLULU

CABLE ADVICES RECEIVED THIS MORNING BY W. PFOTENHAUER OF H. HACKFELD & CO. STATING THAT WIDOW ACCOMPANIED BY MR. AND MRS. C. M. COOKE WOULD START WITH REMAINS ON NOVEMBER 14 FOR SAN FRANCISCO.

The remains of the late H. A. Isenberg will be brought to the Hawaiian Islands for interment. News to this effect was received shortly before noon today by W. Pfothenauer of H. Hackfeld & Company. A cablegram was received earlier during the day announcing that funeral services would be held in New York tomorrow at 2 p. m. and later in the forenoon came the announcement of the final disposition of the body.

The second cablegram stated that Mrs. Isenberg, the widow of the deceased accompanied by Mr. and Mrs. C. M. Cooke would leave New York for San Francisco on November 14 with the remains of the deceased and arrive in Honolulu the latter part of December. The party will probably take the S. S. Manchuria which will arrive in Honolulu December 22.

Circuit Judges Will Agree

POLICY OF SUSTAINING ONE ANOTHER'S RULINGS ANNOUNCED BY JUDGE ROBINSON.

Judge Robinson laid down the rule yesterday that the three circuit judges should agree with one another's rulings, so that the First Circuit Court will not give conflicting decisions. The rule was laid down after a consultation with Judges De Bolt and Lindsay and was in the case of the Territory against Shin Chew and others, charged with assault with a dangerous weapon with intent to commit robbery. Judge Robinson concurred with Judge De Bolt's recent decision, sustaining a demurrer to the indictment by Attorney Robertson, on the ground that the indictment stated that the true names of the defendant were to the grand jurors unknown. Judge Robinson had previously intimated that such a phrase did not render an indictment void, but De Bolt having ruled that it did, he ruled the same.

This morning the judge repeated the ruling in the cases of Ah On and Ho Fat, indicted for perjury. "I think that the rulings of the circuit judges should be uniform, and that they should not review one another's decisions," said the judge, "and even though I may not be satisfied that the indictment is defective, I shall follow the ruling already made by Judge De Bolt."

In the Ah On and Ho Fat cases there was another ground of demurrer, however. They were charged with perjury, for having sworn at the inquest in the Waipahu riot case, that Officer Fernandez shot Chong Choy Pat. Humphreys and Chillingworth filed a demurrer on the ground that the indictment failed to set forth that the defendants knew at the time that their statements were false.

HONOLULU HEALTH CONDITION

BOARD OF HEALTH TO CONSIDER A POLICY OF PUBLICITY, BY WAY OF PREVENTING ALARMIST RUMORS REGARDING PLAGUE AND OTHER MALADIES—MAY ISSUE WEEKLY BULLETIN SHOWING THE EXACT CONDITION OF AFFAIRS.

Owing to the numerous alarming rumors afloat regarding health conditions in Honolulu, the Board of Health is considering a proposition to publish a weekly report showing the exact state of affairs. It is proposed to set forth accurately every case of contagious disease, and give a record of the deaths of each week and the cause thereof. The local newspapers will probably be asked to publish such reports.

"The health conditions here have never been very serious during the past few years, but there have been rumors from time to time of grave outbreaks of disease. Last week, for example, there were rumors of a dozen or more cases of bubonic plague having been discovered. Some reports placed the number as high as twenty cases, whereas in reality no such conditions existed.

It is thought that the regular publication of the actual facts will serve to prevent such alarming and harmful reports from being circulated. The matter is to be brought before the Board of Health this afternoon, by President Pinkham, who is understood to favor the plan.

GALILEE IS BACK AGAIN

CARNEGIE INSTITUTE'S BRIGANTINE RETURNS AFTER MAKING SCIENTIFIC INVESTIGATIONS.

The brigantine Galilee specially employed by the Carnegie Institute for the work of determining as exactly as possible the variation of the compass in all parts of the seas, returned yesterday afternoon to Honolulu after her first cruise in these waters. She left here on September 23 last.

"There is not much to tell that would interest the general public, said Captain Pratt this morning as his smart little ship lay alongside the naval wharf. "The work we did was purely of a scientific nature and the voyage was eventless. After leaving here we sailed south to Fanning Island taking observations all the time. Sometimes we would take two a day and sometimes only one. We stayed at Fanning for three days, taking our ships instruments ashore for purposes of comparison. We found very few errors in the former observations, fewer than in the trip down from San Diego where in one place we found them two degrees out. From Fanning island we sailed about 150 miles south of the equator and found that the magnetic equator had been laid out just about right. Thence we went westerly some six hun-

LITTLE GIRL SOLD BY HER FATHER

A SHOCKING STORY OF JAPANESE DEPRAVITY IS UNFOLDED IN THE FEDERAL COURT—FATHER SOLD HIS THIRTEEN-YEAR-OLD DAUGHTER TO AN ADMIRER FOR THIRTEEN DOLLARS A MONTH.

The story of a Japanese father who sold his thirteen year old daughter to a shameful life for \$13 a month was partially unfolded in the Federal court this morning, when Kusikabe appeared for sentence on a charge of conspiracy to violate a federal statute. Kusikabe had pleaded guilty. Two other defendants indicted with him pleaded not guilty and are to be tried later. The other defendants are Koshi, father of the victim of the conspiracy, and Makino, to whom the young girl was delivered.

Attorney E. M. Watson, who represented Kusikabe, stated to Judge Dole that Kusikabe had only come into the conspiracy after it had been practically carried out and had merely helped to collect the money for the girl. Watson therefore asked for a light sentence, by Americans as a very serious crime.
