CUP RACE IN AUGUST

Associated Press Cable to the Star.

NEW YORK, Jan. 6.—Arrangements have been made between the representative of Sir Thomas Lipton and the cup committee of the New York Yacht Club, by which it is agreed to hold the races for the America Cup in August next. The keel of a yacht which is to compete with the Columbia and the Constitution for the honor of defending the cup, was laid only a short time ago. This yacht like the other two, was designed by Ned Herreshoff, the celebrated yacht builder of Bristol, Rhode Island.

RUSSIA ANGRY

Associated Press Cable to the Star.

CONSTANTINOPLE, Jan. 6.—Great Britain has protested against Russian warships passing the Dardanelles in violation of International treaties. She demands that the permission recently granted by the Sublime Porte shall be revoked. If it is not Great Britain insists that she shall be granted similar privileges. It is feared that the other Powers will follow the example of Great Britain. Russia is very much irritated at the position taken by Great Britain.

It has been one of the objects of Russian diplomacy and arms for years to secure free access for Russian men-of-war to the Mediterranean through the Straits of Dardanelles, but the rest of Europe in its policy of maintaining the Ottoman Empire as a bulwark against Russia, has opposed this policy both by arms and by diplomacy. That Turkey should have given Russia, her supposed hereditary enemy, permission for her warships to pass the Dardanelles, may therefore well be expected to arouse protest from Great Britain.

ALCOHOL IN SODA MIXTURES

DRUG STORES AND SODA FOUNTAIN PRIVILEGE OF USING IT TO FLAVOR IS WITHDRAWN.

Local soda water fountain men and drug stores which sell drinks will receive notice from Internal Revenue Collector Chamberlain with a few days that they must cease flavoring their concoctions with anything containing alcohol, or else pay the internal revenue license of \$25 for selling liquor. A treasury department circular received by the last mail contains an order to collectors to give such notice.

The new order was made specially to cover the cases of dealers who sell alcohol-containing temperance drinks in some of the large Eastern cities. It is quite the thing in some of these places for ladies and others to get fairly strong mixtures in these places. Collector Chamberlain says that he does not think there is anything of the kind going on here, but the order applies nevertheless. The circular says: "An examination of facts in cases which this office has recently had under consideration leads to the conclusion that a more stringent ruling is demanded in regard to the sale by druggists and others of beverages called 'claret soda,' and other drinks sold at soda fountains containing small proportions of distilled spirits or wine or compounds thereof.

"Each collector is, therefore, directed to give immediate notice to druggists, confectioners, and other persons concerned, in his district, that on and after January 1, 1903, the special tax of a retail liquor dealer is required to be paid by every person who sells or offers for sale any soda-water drinks or other beverages to which is added distilled spirits or wine (the fermented juice of small fruit) or any compound thereof.

"That part of ruling No. 223 in treasury decisions, 1900 (Vol. 3, p. 210), in which it is held that where an alcoholic flavoring syrup is used for sprinkling

into a glass of sodawater a quantity so small as to mere give a flavor to the water, the special tax of a liquor dealer is not required to be paid for the sale of such beverage, is hereby revoked, as well as every other ruling heretofore made contrary to the present ruling."

NO QUOTATIONS.

The expected stock and sugar quotations from San Francisco did not come today to Halsey and company or the stock exchange. This afternoon a query was sent to San Francisco after them.

RAPID TRANSIT RISES.

Rapid Transit Company stock has taken a jump since last Saturday. On Saturday it sold for \$62.50. Today the quotations are \$70 bid and \$72.50 asked. The settlement of the difficulties with the Hawaiian Tramways Company is supposed to have caused their rise.

FIRE AT KIHEI.

A wooden shed over the hoisting engine at Kihai Pumping Station No. 3 was burned yesterday morning through an accident with the fuel oil. There was little machinery in the shed and the loss was small.

A Cough is Not a Disease, but a symptom. It indicates that the lungs and bronchial tubes are inflamed. This inflammation often leads to pneumonia. The surest way to ward off pneumonia is to use Chamberlain's Cough Remedy on the first appearance of the cough or cold. It always cures and cures quickly. All druggists sell it. WHO SENT \$500 TO THE ANAGARIKA DHARMAPALA?

The Anagarika Dharmapala, Brahmachari missionary who is seeking the assistance of western peoples in securing funds with which to provide for universal education in his own country, is in San Francisco and says he has secured help in his mission from Honolulu. Dharmapala thinks that the Hindus should have universal education and wants Christians of the west to join with the Buddhists of Asia in providing schools and universities for Hindus. In San Francisco he said:

"I wrote to a lady in Honolulu and I told her what I wanted to do. This lady sent \$500 to assist me in my work, but I shall not use this money until I have arranged a fund, to be held in trust by responsible trustees, for the purpose that I have in mind. I do not need the money for my own comfort or profit. I can live on little, and only my traveling expenses are heavy."

ONLY ONE DRUNK OUT OF 85 CASES IN POLICE COURT

The calendar in the police court this morning looked quite formidable. No less than 85 cases were before Judge Wilcox for trial. The calendar did not involve a very arduous morning however for out of that list only ten different offences were charged. The volume of cases was due to the fact that 49 defendants were charged with having been present where gambling was conducted and 25 defendants were Japanese fishermen who had been arrested on a charge of being a common nuisance in that they had burned lights at night on their fishing boats at the entrance of the harbor. This is an effort to make entrance to the harbor safer at night.

There was only one drunk case and one case for selling liquor without a license. George Kaoo and Mrs. Lizale W. Mossman were again charged with unlawful intercourse. The last two trials were continued until tomorrow.

GOVERNOR GAGE'S VALEDICTORY

Associated Press Cable to the Star.

SACRAMENTO, Jan. 5.—Governor Henry T. Gage in his retiring message to the legislature today reiterated his former official assertions that there had never been any bubonic plague in San Francisco. He strongly condemned Dr. J. J. Kinyoun, the United States quarantine officer in charge of the port of San Francisco at the time of the alleged plague outbreak, for his high-handed proceeding in the matter of declaring San Francisco an infected port.

KNOX-TRUSTS

Associated Press Cable to the Star.

WASHINGTON, D. C., Jan. 6.—Attorney General Knox has addressed identical letters to Senator Hoar and Representative Littlefield, chairmen of the Senate and House Committees on Judiciary respectively, suggesting legislation against corporations giving or receiving advantages which enable discriminative prices to be made. He especially urges such action against the common carriers. The present laws are, he believes, insufficient. Attorney General Knox urges caution, however, in the development of legislation which will correct the trust abuses.

WANTS ARBITRATION

Associated Press Cable to the Star.

HARRISBURG, Penn., Jan. 6.—Governor Stone's message to the legislature of Pennsylvania, takes its tone and color, very largely as was to be expected, from the existence of the anthracite coal strike going on within that state. In his message he urges upon the legislature the passage of an act making arbitration of differences between employers and employees compulsory.

REPUBLICANS CHINESE, WON'T INVITED TO COME WAIT SO LONG

Central Committee Invites the Legislators to do the Home Rule Act of Two Years Ago.

State Department Confers an Unusual Power on Governor Dole and the Territorial Government.

Following is the letter sent out by the Republican Central committee asking Senators and Representatives to meet with the committee on February 1, to discuss legislation, the special object being to prepare in advance the county government act and the appropriation bills:

"Dear Sir: The Republican Party in the Territory of Hawaii must redeem its pledges to the people.

"With this object in view the Territorial Central Committee of the Republican Party of Hawaii has instructed me to invite you to meet with us, at our headquarters in this city, on the first day of February, 1903, and daily thereafter till the legislature convenes.

"It is felt that all members should become personally acquainted with each other prior to the opening of the legislature. It will afford an opportunity, also, for discussing proposed legislation and studying the different bills that members may have prepared in the interests of their several districts.

"It will further be advisable to arrange, in advance of the meeting of the legislature, the order of precedence in which strict party measures should be treated.

WASHINGTON, D. C., Jan. 5.—Dole can issue passports.

The above dispatch refers to a delegation of power to the Territorial executive by the State department in the matter of issuing passports to Chinese who are American citizens and desire to travel in China or other countries. As soon as arrangements are completed at Washington and here, it will be possible for the local government to issue an American citizen's passports here.

The delegation of power is an unusual one, as the issuing of passports is a matter for the State department at Washington. The delay and inconvenience incident to securing such passports from Washington, however, caused so much trouble that the department of its own accord decided to allow the documents to be issued here.

"Sixty days or more were required to get a passport under the old system," said Judge Robinson, who as one of the attorneys for the Chinese consul, made applications for many such documents. "The application was sent to Washington and then the state department sent papers here. The necessary affidavits were sworn to and the papers filled out and sent to Washington again

GEAR BY HIS LONELY

ROBINSON IS TO PRESIDE AT THE FEBRUARY TERM OF THE CIRCUIT COURT—JUDGE GEAR IS DESIGNATED TO HEAR CHAMBERS' AND PROBATE MATTERS, AND SO WILL NOT PRESIDE WHEN JAMES H. BOYD'S TRIAL IS EXPECTED TO COME UP.

Judge Robinson will preside at the next term of the First Circuit, beginning on February 2, and not Judge Gear, as was generally expected. This was decided this morning after a conference of the judges. Gear will take the equity and probate matters as he did last term, being the presiding judge at chambers while the term lasts. The second judge is away at Waialua at present, and has not yet signed the order appointing him to preside at chambers, but it is expected that he will sign it, and the other two judges have already affixed their signatures and filed the order.

Judge Gear holds that it is illegal for more than one judge of the First Circuit Court to sit at once, and if he presided it would mean that there could be only one judge hearing term matters throughout the term. With Judge Robinson presiding, Judge De Bolt can also sit, and by turning all probate matters over to Judge Gear, the judges have arranged so that all three judges can be at work. The order filed, signed by Judges De Bolt and Robinson, with a blank space left for the signature of the second judge, is as follows:

"It is hereby ordered that all equity, probate and other chambers matters be and the same are hereby assigned and transferred to the Hon. Geo. D. Gear, Second Judge of this Court, for hearing and determination or other disposition thereof, for and during the February, A. D. 1903, term of this Court, or any extension thereof, and that the said Hon. Geo. D. Gear, Second Judge as aforesaid, be and he is hereby selected and designated as the presiding judge at chambers in this Court for and during the term aforesaid."

COOPER'S RESIGNATION.

Henry E. Cooper sent his resignation to Washington as Secretary of the Territory on December 6, but he has not received any reply up to this time.

IMPORTANT APPEAL.

The Supreme Court today took up one of the most important questions raised before it for some time, being the matter of the legality of sessions of more than one judge of the First Circuit Court at once, in the case of Henry Smith vs. the Hamakua Mill Company. For several terms there have been two judges on the bench holding court at the same time, and if the Supreme Court should hold that such sessions of court are illegal a large number of trials, both civil and criminal, would be invalidated.

COMMITTED SUICIDE.

An inquest was held today to determine the cause of the sudden death of Herman Struck, a young employee of H. Hackfeld & Company. The jury returned a verdict that the deceased had come to his death from the effect of a gunshot wound in the brain, said wound being inflicted with suicidal intent. The young man is supposed to have been mentally deranged at the time he shot himself in the head with a revolver.

FUNERAL OF DR. TEMPLE.

CANTERBURY (England), Dec. 27.—The remains of Dr. Temple, Archbishop of Canterbury, were interred in the cloisters of Canterbury Cathedral today. The obsequies were carried out as simply as possible, in accordance with the Archbishop's desire. Representatives of King Edward and Premier Balfour were present. The Archbishop of York, Dr. MacKagan, officiated at a portion of the services. Simultaneous memorial services were held at St. Paul's and other cathedrals in the United Kingdom. The Lord Mayor, Sir Marcus Samuel, and Sheriff attended the service at St. Paul's. Foreign Secretary Lansdowne and United States Charge White were among the congregation.
