

NAVY YARD RECRUITS AT DRILL. One of the features most interesting to the visitors at the Brooklyn navy yard is the drilling of recruits in the use of war weapons. Probably the most important item in this drill is the maneuvering that must be done with the six-pounder field pieces.

Free Wind.

Having carefully bottled up all the "blowing" done by our competitors during the past few months we are now able to offer the public **FREE WIND**, and you will find same on tap a little to the East of our King street store door, also near our Bicycle display in the store.

Everybody is welcome to wind, and the connections will fit any wheel.

By the "Zealandia" we have another shipment of **RAMBLERS** and **COLUMBIAS**; also an **Enameling Oven** for our Repair Department.

A LARGE INCREASE OF BUSINESS.

NEW YORK, April 5.—The sales of the Remington Standard Typewriter, the world over, for March this year, largely exceeded any previous month in its history. Typewriter sales are a good barometer of general industrial conditions.

MR. J. G. SPENCER,
PACIFIC HARDWARE CO.,
Honolulu.

DEAR SIR:—The Secretary Disc Plow I purchased from you is giving us satisfaction. We are using it to plow under a crop of lupins. They are three feet high and very thick. Your plow turns them completely under, at the same time plowing the land fourteen inches deep.

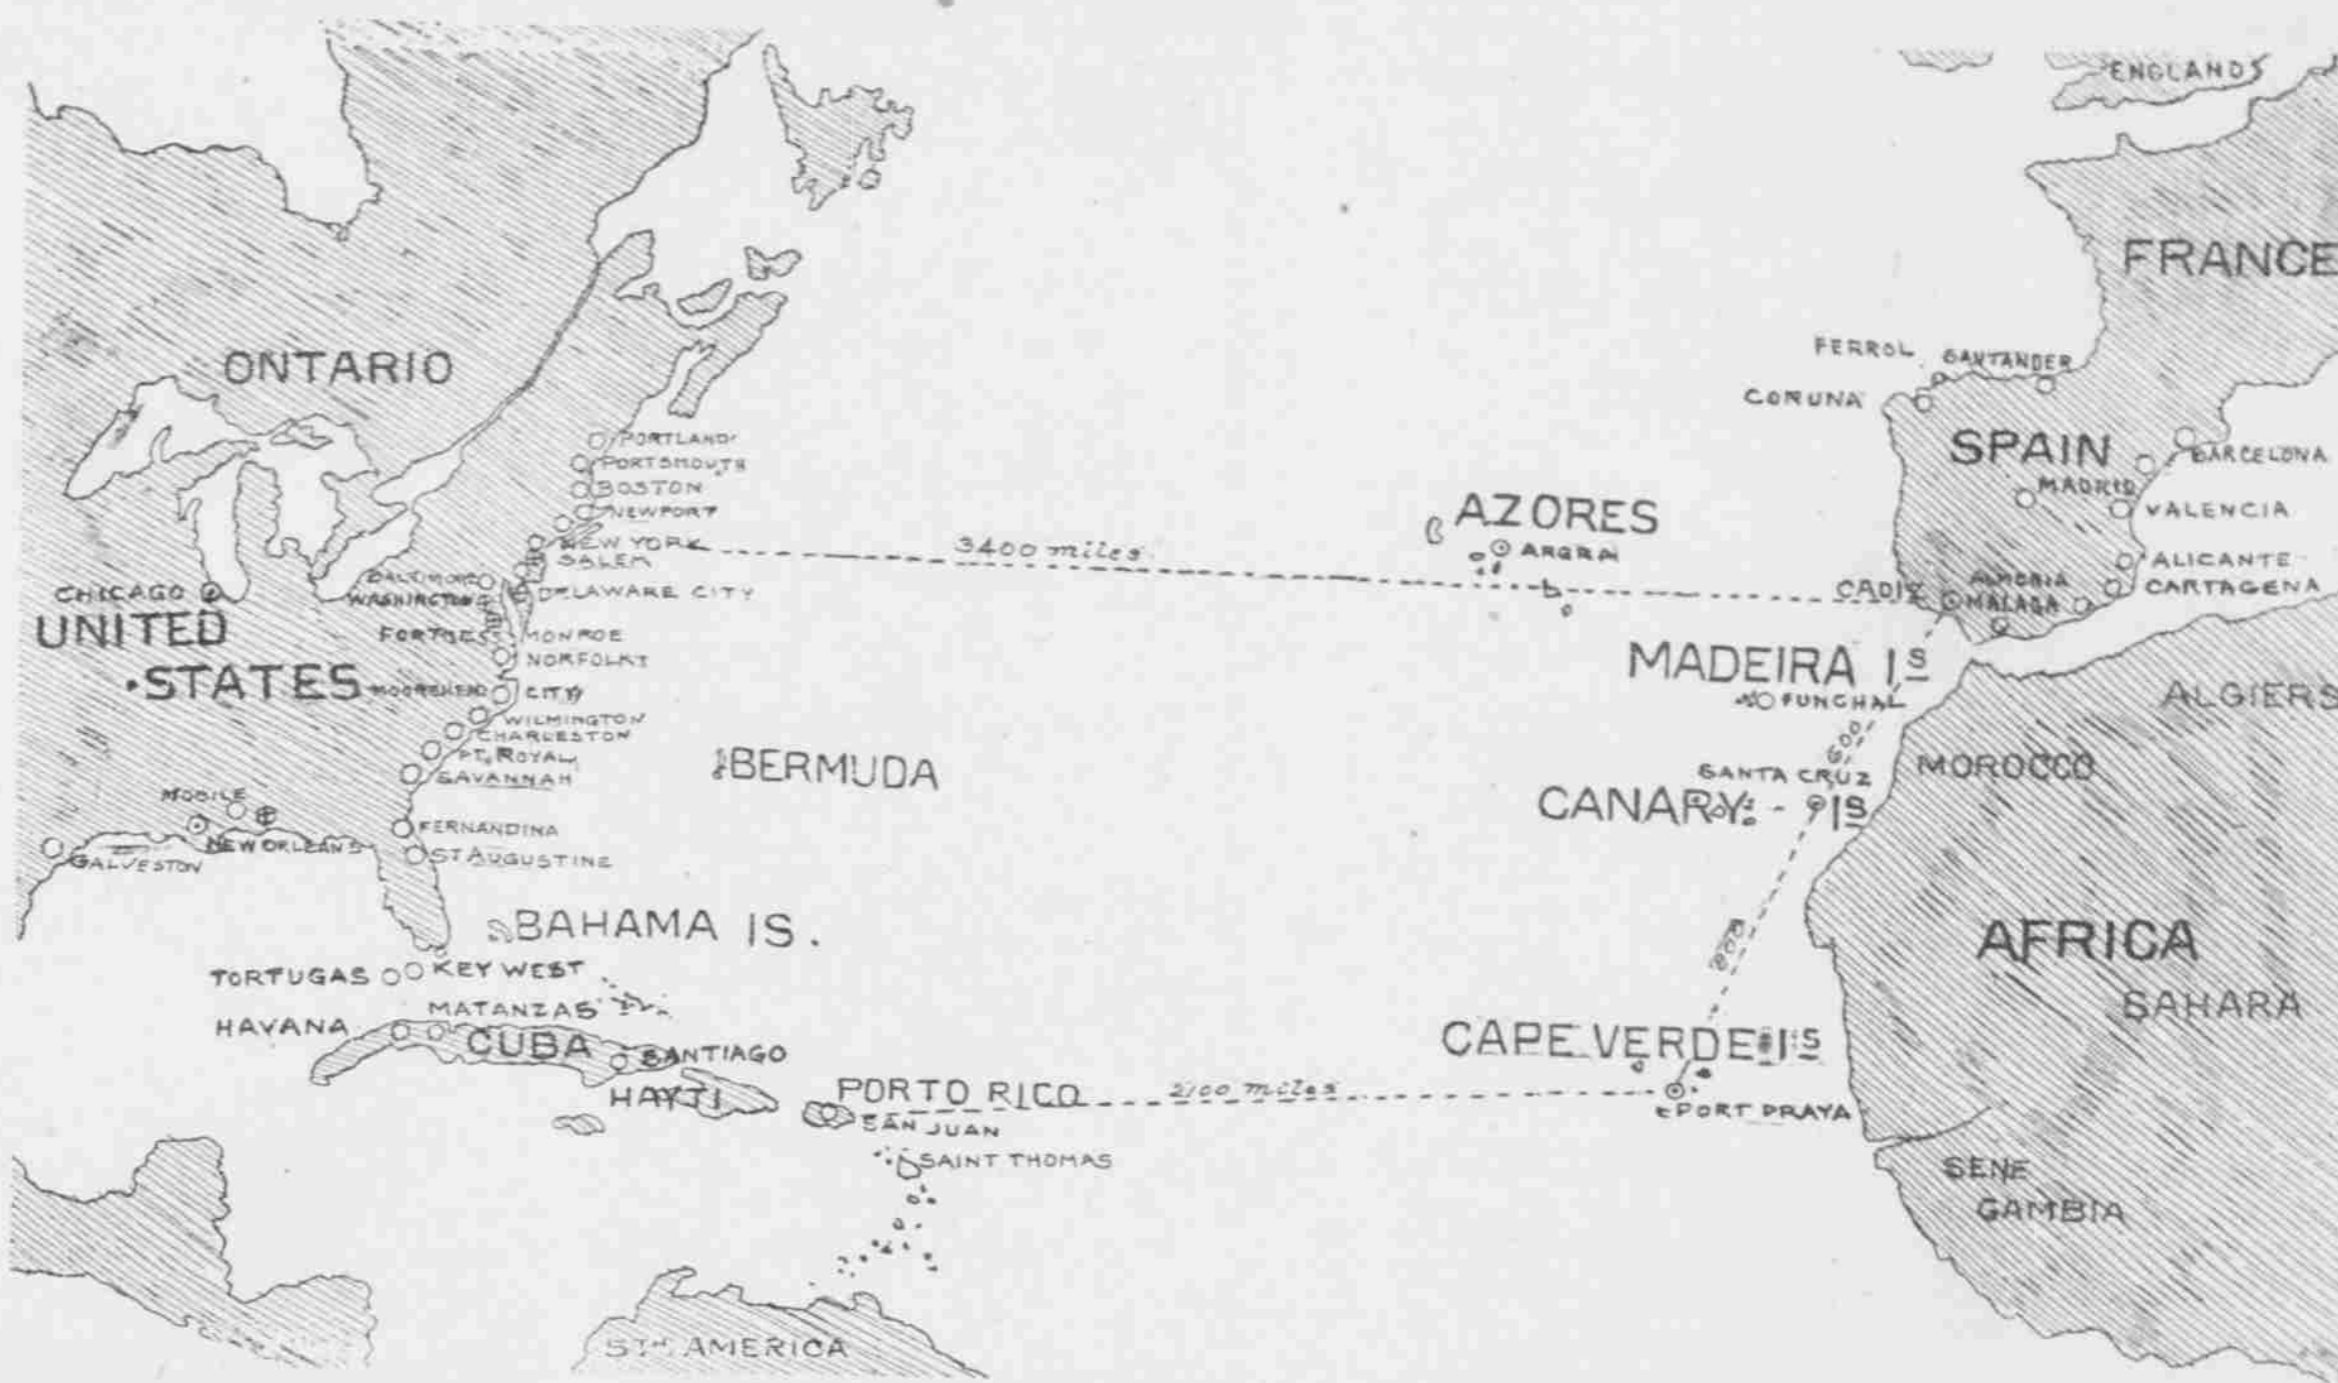

I feel satisfied that with this plow the draft for the same quantity and depth of work is as 6 to 8. That is, with the old plow, to do the same work, it takes 8 good mules; with your plow it takes only 6, and they are less tired at night.

Please send me another plow by first schooner leaving for this.

You are at liberty to use this in any way you may see fit.

Yours truly,
A. LIDGATE.

'SMALL FARMING'

Byron O. Clark Has Organized a Company.

To Produce and Sell Fruits and Vegetables—Start Made—Experienced Men From California.

In a very few days now there will be incorporated a company to be known as the Hawaiian Fruit and Plant Company, Limited, with principal headquarters in Honolulu. The capital stock has been fixed at \$25,000 with the privilege of raising this to \$50,000. Half of the stock has already been taken. Byron O. Clark, who has just been appointed Commissioner of Agriculture, is at the head of the enterprise and his plans are already definitely settled. To the 25 acres he has already obtained, Mr. Clark intends to add other land, some of which will be in the mountains. Business will be transacted on a large scale and the products from the various places of the company will be sent to a wholesale and retail store in town, which it is proposed to erect as soon as matters are in working order. Foreign and native fruits and vegetables will be raised both for the home market and for San Francisco.

Already, experienced men have begun to arrive. Not long ago S. J. Murdock of Westminster, Orange Co., Cal., a pioneer in the celery growing business, and an eminently practical man, arrived in Honolulu, brought here by the representations of Mr. Clark who thinks that the future of the Islands from the standpoint of fruit, plant, and vegetable growing, is very bright. Mr. Murdock is now in charge at the Pearl City place, where splendid results are being obtained.

On the Irmgard will come G. A. Murdock, a son of S. J. Murdock, who will have charge of the sales department. The latter is likewise a practical man who has followed in the foot steps of his father, and made a success of horticulture.

It will not be long before other experienced men will arrive from the States to take charge of the various departments of the company which is so soon to be incorporated.

Mr. Clark has gone about the matter in a most systematic manner. He sees the advantage of having men tried in the work and has gone in for that. When everything is in working order there will be a specially adapted man at the head of each department. Said Mr. Clark: "I came here to locate and I mean to make this my home. There is money in the business and in a few years you will see a business of gigantic proportions."

Miss O'Moore.

Miss Eileen O'Moore, the lady violinist who was here not long ago, has given up her tour through America and to Europe on account of the trouble between the United States and Spain. Mr. Oscar Herold who was to have been Miss O'Moore's accompanist, intended postponing his marriage but, upon finding that the tour was abandoned, he arranged for the ceremony at once. Mr. Herold and bride returned on the Gaelic.
