GLASSES from the CHEAPEST
to the BEST. Free Examination
of the Eyes.

OFF TO MOLOKAI

Departure of the Board of Health and Guests.

THE W. G. HALL CROWDED

Minister Cooper's Views on Allow- ing Relatives to Visit Inmates of the Settlement.

The steamer W. G. Hall left last night at 9 o'clock for Molokai. On board of her were representatives of the Board of Health and about 100 guests bound for the leper settlement.

Never before in recent years has such a large number been allowed to visit the Settlement at any one time. Generally one of the smaller inter-island steamers have been brought in to requisition for the semi-annual visits of the Health Board, but this time the Hall, one of the largest and best of the island boats, is doing duty. This trip was to have been made in April, the regular time for the first visit of the year. But it was impossible to obtain a steamer at that time, so the journey was postponed until accommodations could be obtained.

The list of applications has by far exceeded that of any former time. They have come from all classes and conditions. Among them were some from many old Kamaainas, the local doctors and visiting members of the fraternity, tourists, seekers of the curious, and aged natives. Attorney General Cooper freely exercised his blue pencil. Those who had no business or were going out of idle curiosity were disapproved. All others, as near as possible, were granted.

There was quite a lively scene at the Inter-Island wharf just previous to starting. Everybody who had not yet received the permit was clamoring for the slip of paper. The steamer's accommodations are taxed to the limit. There were 102 passengers altogether, of whom thirty-six were deck. The cabin passengers are as follows:

W. D. Baldwin, Alexander Atherton, Dr. W. Hoffman, Prof. Sedgwick, Rev. Father Mathias, Bro. Severanus, Major M. W. Wood, W. O. Smith, Judge W. L. Wilcox, Charles Notley, John M. Kea, Sister Benedictine, Walter Thurtell, Dr. Holland, Rev. Mr. Tubbs, Mr. Davey, Sister Bonaventura, Sister Antonio, Sister Flaviana, Marshal A. M. Brown, Charles Wilcox, Attorney General Cooper, Miss Savoy, Catherine E. Martin, H. P. Webber, Mr. Slater, E. Lewis, Lewis Gear, L. D. Timmons, Henry Waterhouse, Captain Berger, Prof. Bickmore, Rev. Morehouse, C. C. Langill, Dr. Howard.

The party will land early this morning. After spending the day in viewing everything connected with the Settlement, a start will be made for Honolulu at about 4 o'clock in the afternoon.

Seen a short time before the departure of the steamer, Attorney General Cooper said:

"My views have changed a good deal of late in the matter of the propriety of allowing relatives and friends to visit the unfortunates at the leper settlement. The opinion of physicians has had much to do with this, as those whom I have consulted say there is very little danger in allowing it. Of course, I do not mean to infer that indiscriminate visiting will be permitted, but only that on the semi-annual visits of the Board there will be more latitude in granting permits than heretofore. Those who will be given the preference will first be aged parents who have children at the Settlement, next those who have brothers and sisters, then those who have nephews and nieces, and so on. If there is room for more, those who have business matters to settle might be permitted to go along. Of course, the visiting will only be allowed at the times when official visits of the Board are made. The lives of these poor creatures are hard enough at best, and as long as the physicians of the Board are satisfied that it can be done without endangering the spread

of the disease, I am in favor of allowing them all to see their relatives once in a while at least."

Moanalua Church.

Father Valentine of the Catholic Mission is busily engaged with the plans for the enlargement of the church at Moanalua. He is quite an adept in the draughtsman's art, as is shown by several other buildings the plans of which he has drawn. The present church at Moanalua is thirty by sixteen feet. When the enlargement is completed it will be just about double in size, making it quite a large building. The work on it will be begun in a few days.

Artillery Changes.

The Artillery batteries are having a "house-moving." Battery I, which has been stationed in the old stone barracks on Hotel street ever since their arrival, is moving out to Waikiki. Battery A will come to town to occupy the barracks. It is intended that all the batteries shall spend an equal length of time in the stone barracks.

THE NEW TREATIES.

Have Already Gone Into Effect in Japan

The new international treaties about which so much has been said and written in the last two years, went into effect in Japan on Monday, July 17th. Writing of the event, the Japan Daily Herald says:

"Today is the day we have all been looking forward to since treaty-revision became an accomplished fact, for today the new treaties come into operation. However, as far as Consular jurisdiction is concerned the Germans, French and Austrians will retain their own till August 4th. Up till now only the American Minister, Colonel Buckley, has informed his fellow-citizens resident in Japan of this important change, while persons of other nationality seem to be still in the dark as to whether they are now under control of their own authorities, or whether they are amenable solely to Japanese authorities and laws. Rather a curious state of affairs.

"On August 4th, when all the new treaties came into operation, a grand banquet will be held at the Recreation ground, Yokohama, attended by a number of both foreigners and Japanese.

"Another banquet will be held at the Imperial Hotel on the following day, for which some 500 invitations have been already distributed among Japanese and foreigners."

At the Orpheum

The feature of last night's performance at the Orpheum was the first appearance of Ethel Dixon, the contralto vocalist. Her success was instantaneous. She will appear again tonight in ballad and catchy songs. Another feature of this evening's change of program will be "Senator McFee," in which jealousy is explained by Post and Marion. The two Salvinis, in conjunction with the Hartwell Sisters, will be seen in a new act, "Fun in a Chinese Washhouse." Boggs and Miss Haewood will repeat, by special request, their pathetic sketch, "Drifted Apart." The Hartwell Sisters have some new songs and dances, and Trobert, the Great, has some new tricks. Special matinee this afternoon.

Money Appropriated.

The trustees of Oahu College have appropriated the funds necessary for the construction of a building and stone pier on which the seismograph, recently described in these columns, is to be set up. The Survey Department will furnish a man to look after it.

Kameo Dropped Dead.

Kameo, a native member of the Mikahala's crew, dropped dead on Kaula yesterday just prior to that steamer's departure for Nihaun. Heart failure was the cause of death.

Hon. Bartlett Tripp.

Judge Tripp was entertained at lunch on Thursday by Special Agent Sewall. Last evening a small dinner party was arranged in his honor by S. M. Ballou.

President Dole.

News was received by the Ke Au Hou last night that President Dole would not return from Kaula for several days, as Mrs. Dole had been suffering from a slight illness.

GOING AWAY.

L. B. Kerr, the Queen-street merchant, will go away on August 18th and from now until that date announces a departure sale at his big dry goods store, at prices that will make competition impossible.

FOUR DAYS LATER

Interesting Telegrams From the Outside World.

PRINCE HENRY REACHES KOBE

Boers Casting Dynamite Guns at Johannesburg—Official Account of the Czarevitch's Death.

By the arrival of the Hongkong Maru last evening the Advertiser is enabled to give its readers four days' later news of the outside world. The principal happenings will be found below under appropriate headings:

NEW TRANSVAAL PROPOSALS.

YOKOHAMA, July 15.—The new proposals offered by the Transvaal are most complex, concessions being hedged round with elaborate limitations. The Times describes the new proposals as a mockery, the Daily Telegraph as rigmorole and inconsistent, and the Daily Chronicle as curiously complicated.

THE TRANSVAAL QUESTION.

SHANGHAI, July 14.—The Volksraad, in debating upon the new franchise law, passed the preamble thereto. The Cape Town branch of the Afrikaner Bond has approved the new proposals and also the scheme for arbitration by judicial experts of differences about the convention.

CANADA AND SOUTH AFRICA.

SHANGHAI, July 17.—The question as to offering Canadian troops to South Africa was raised in the Dominion House of Commons. Sir Wilfrid Laurier, Premier, speaking on this subject, hoped that the Transvaal would submit without resorting to hostilities.

ENGINEERS FOR THE CAPE.

SHANGHAI, July 17.—Fifteen officers and 213 engineers of the Army Service Corps sailed for the Cape on Saturday.

BOERS PREPARING FOR WAR.

YOKOHAMA, July 17.—A local foundry at Johannesburg is casting dynamite mortars.

SIR A. MILNER'S SPEECH.

YOKOHAMA, July 17.—Sir Alfred Milner, in a speech opening the Cape Parliament, merely said that relations with the different states and colonies were friendly.

RUSHING A BRITISH CAMP.

SIMLA, July 16.—The following has reached here by letter under date of May 26th: "A body of Chins to the number of about 200 attempted to rush the British camp at Hattier, in Burma, on the morning of the 23d of May. Being discovered by a sentry, they fired a few shots, but, on having a volley fired at them, they retired, leaving one dead. They next attacked the Goorkha settlement, and killed three persons, Captain Sillery, commandant of the Chin hills, pursued the band from Palam and over took them, killing six and capturing three, the remainder bolting with the wounded. The Chins, being surprised, made no resistance. Runklao and the outlying Klang-klang villagers were the offenders. There were no casualties on the British side."

VOLCANIC ERUPTION.

YOKOHAMA, July 12.—The volcano

Asama in Shinano province burst into eruption on the evening of the 19th inst.

BRITISH CRUISER ASHORE.

YOKOHAMA, July 14.—From a private letter dated July 10th it is learned that the British cruiser Bonaventure has gone on the rocks in the vicinity of Korniloff bay. The entire squadron had been trying for three days to get her off, but finding all efforts unsuccessful, the Admiral dispatched the cruiser Iphigenia to Vladivostock for assistance. The summer cruise of the squadron has for the present been abandoned.

THE FRENCH NATIONAL FETE.

SAIGON, July 16.—The review at Longchamps (i. e. the annual review held on the day of the national fete in the presence of the President of the Republic) was very brilliant. President Loubet was warmly cheered and the crowd accorded an ovation to the mission of Major Marchand and his detachment of Soudanese troops. The French National Fete was celebrated everywhere with enthusiasm.

PRINCE HENRY.

KOBE, July 16.—The German warships arrived here last night from Yokohama with Prince Henry on board. Owing to the death of the Tsarevich, his Highness will be unable to attend the various festivities which were being arranged in his honor. An exception is made in the case of the dinner at the German Club, but this will not be of an official character, and there will be no music and no speeches. The "Venetian Night," as well as the picnic at Suma, have been abandoned, and through the Consul the Prince has expressed his deep regret to the German community at not being able to attend any festivities.

THE CZAREVITCH.

SHANGHAI, July 17.—The official account states that the late Czarevitch died from hemorrhage of the lungs, while on a solitary ride on a motorcycle. Only a peasant woman attended his last moments.

FRANCHISE PROPOSALS.

YOKOHAMA, July 17.—The Afrikaner Bond, holding meetings at the Cape, are approving the franchise proposals.

RUSSIAN DEMANDS.

PEKING, July 19.—The Tsungli Yamen seems to be inclined to permit the Russian demand for extending a railway to Peking.

CONDENSED ITEMS.

An outbreak of cholera is reported from Kanagawa, Miyazaki and other places.

SAGA, July 16.—A case of cholera occurred here today.

The Kokumin says the Russo-Chinese bank will shortly establish an agency at Moji.

From the beginning of the year up to July 13th, 642 cases of dysentery were reported in Kanagawa prefecture. Of these 104 have died, 165 recovered and 373 are under treatment.

Owing to the outbreak of dysentery in different parts of the country provisional quarantine stations have been established in Tokyo, Kanagawa, Nagasaki and twenty other prefectures.

On Wednesday morning Mr. Beveridge of the United States Senate and his wife and Professor Edward Divers, who shortly goes home, were received in audience by the Emperor and Empress.

The British government, according to the Shanghai Mercury, demands the dismissal and degradation of the governor of Kweichow for his laxity in regard to the Fleming murder enquiry. Up to the present none of the murderers have been punished while it is common knowledge that they are living openly close by the scene of the murder.

According to a reliable report from Peshawar, a General named Abdul Hakim Khan, and two or three clerks of the army pay department office at Cabul were recently blown from guns on the plain facing the infantry barracks at Cabul, in the presence of a large concourse of army officers and soldiers. The charge against the executed men was that they had, for some years past, been in the habit of cheating both officers and men of portions of their salaries. This particular form of punishment has very rarely been resorted to of late years at Cabul, and the execution of these men created something of a sensation.

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes the food more delicious and wholesome
