Another Large Shipment of Angle Lamps. THE ANGLE LAMP

It seems almost incredible that any lamp could be good enough to take the place of electricity on these terms, yet such is the case with the ANGLE LAMP. All over the island people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is the object to some people), but, besides being infinitely cheaper, it is more brilliant and more reliable in bargain. It is a well-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP burns gas, and is the ideal light from every standpoint. We carry these lamps \$1.80 up.
