

## "SEEING AMERICA" MOVEMENT GROWS

A letter has been received by Secretary Wood of the Promotion Committee asking him to be in Salt Lake on January 23, two days in advance of the opening of the "Seeing America" conference. The letter gives a list of leaders in the work who are invited to the preliminary meeting, which includes men from all parts of the country. The Commercial Club of Salt Lake has said that it would present a plan of procedure for the conference, which originated with that body, but the letter to Secretary Wood says that the work has now taken so wide a scope that it is desired to have advice from all who are interested in the movement. Hence the desire for a preliminary conference.
