DIAMOND HEADS MEET

Monthly Session Is Well Attended--Petrie on Sociability.

The Diamond Head Athletic Club held its monthly meeting at the Y. M. C. A. last night, among those present being L. Petrie, George Desha, D. Sherwood, R. Clark, S. Chillingworth, U. Lemon, Perry, A. Robertson, E. Grune, George Clark, Sharsch, O. Jones, E. Fernandez, Major Hart, Sumner, Ben Clarke, J. Clarke.

President Petrie was chairman and Geo. Desha secretary. Skating Manager Chillingworth reported that the club had won the relay race cup offered by the Queen street rink and that there was yet another to be won, the Zoo trophy, in which the Heads had already a couple of legs.

The cup was handed round for inspection and was greatly admired. President Petrie congratulated Chillingworth on having been instrumental in securing such a splendid trophy.

The club has won so many cups that it is getting to be quite an undertaking to take proper care of them. It was decided to have the mugs collected and placed in a safe for safe-keeping.

In a short time the Diamond Head boys will be recognized at a glance by the wearing of a lapel button which a committee is now designing. A motion to have a club button made was carried unanimously last night.

After considerable discussion the proposition to give an entertainment at the Queen street rink was dropped.

In this connection the chair commented on the fact that a club should have a certain number of social events in order to bring members closer together. They met once a month, some of them, at the business session of the club, it was true, and the men on the athletic teams were in touch with each other. A dance or social, however, was what brought everybody in the club into contact and fostered that

club spirit which makes such institutions live long in the land.

The Diamond Head baseball nine plays a game with the Oahu College team at Punahou this afternoon, starting at 5 p. m.

BOYS HAVE A BIG LUAU

A sumptuous luau, of which the pivot point was the greasy pig captured on the Fourth at the Kaimuki Zoo, was given to themselves yesterday by the members of the Healan Skating Club, the city's juvenile athletic association. Thirty-six members attended the feast, which was spread at the home of Master Alfred Freitas, and the pig, nine chickens and four dozen bottles of soda water, besides side dishes, shot the shutes. A quintet club supplied the music for the luau as well as for the hay wagon ride around the city, which wound up the affair. Excited by the soda water a mob of the boys charged on the Advertiser late last evening and left fragments of information about the luau all over the place.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

The great success of this preparation in the relief and cure of bowel complaints has brought it into almost universal use. It never fails, and when reduced with water and sweetened is pleasant to take. It is equally valuable for children and adults, and is the only remedy that will cure chronic diarrhoea. Every bottle is warranted. For sale by Benson, Smith & Co., Ltd., Agents for Hawaii.

STATUE PARK NEEDS BRAND NEW LAWN

One result of Park Expert Charles Mulford Robinson's report on the beautification of Honolulu was the taking down of the wooden fence surrounding the statue of Kamehameha. This has exposed the lawn in all its poor condition. The grass looks dead and the lawn has sunk in spots. The whole area should have a new filling of soil and new grass should be sown. This done there should be a vast improvement.

CHINESE PYTHIANS.

Master of Works, Luke Chan; Master-at-arms, Philip E. Chang; Inner Guard, A. C. Ah Fook; Outer Guard, Goo Wo.

NO LIGHT ON DRUG STORY

However It Looks as if Something Was Doing.

There have been rumors of a proposed combination of various drug stores, and, naturally, some denials by the parties at interest, and while there have been no direct confirmations, yet it is believed that such a deal has been contemplated.

It has been said that President Shingle of the Henry Waterhouse Trust Company, had formed the scheme, but his absence from the city prevents confirmation from that source.

Some of the drug men have made flat denials of any participation in such a scheme. Others have said they had heard the rumors and then gave their reasons why they did not believe that the deal would be consummated. There were certain drug interests, such men argued, who would desire to wield the big end of the combine. There is not one man who would want to head this combine, but two or three, and it is not believed that one would be willing to give way to the other, unless recouped by heavy financial returns from the deal.

One of the largest firms is said to have prepared its figures for the deal to be submitted to Mr. Shingle for consideration. These figures are said to comprise not only his own establishment, but to some extent the other stores. At least three stores are supposed to be grouped for the deal.

Danderine

GREW THIS HAIR And we can PROVE IT

Testimonial No. 844

MISS DOROTHY CLARK, 2130 Grenshaw St., Chicago.

Put the scalp in an active and normal condition, and the hair will take care of itself every time. The scalp is the soil in which the hair grows. It, alone, governs the growth of the hair, and it must be kept fresh and healthy to insure a good crop of the hair. The hair is a product of the scalp, and all the treatments in Christendom will do no good, unless they are specifically efficacious in the cure of the diseases that result to the scalp. NOW at all druggists, three sizes. 25c., 50c. and \$1.00 per bottle. KNOWLTON DANDERINE CO., Chicago.

A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a broken-down, as it were, of the vital forces that sustain the system. No matter what may be the cause for their (the almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is INCREASED VITALITY—VIGOR—VITAL STRENGTH AND ENERGY to prove that as night succeeds the day this may throw off these morbid feelings, and experience be more certainly secured by a course of the celebrated life-reviving tonic

THERAPY, NO. 3

than by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored, the EXPIRING LAMP OF LIFE LIGHTED UP AFRISK, and a new existence imparted in place of what had so lately seemed worn-out, "used up" and aimless. This wonderful medication is purely vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this widespread and numerous class of human ailments.

Did You Ever

go into the garden to pick a rose that looked perfect at a distance and find the leaves eaten by bugs and the stems covered with green plant lice? Yes? Well, don't do it again; you will not have to if you will invest a half dollar in a jar of Arsenate of Lead and make a solution of it. It is no exaggeration to say that one jar will bring you more rose satisfaction than you will secure in any other way.
