RHEUMATISM AND PILES CURED BY AYER'S SARSAPARILLA.

Mr. W. JENNINGS, Adelaide, S. A., formerly of Hawthorn, near Melbourne, Vic., writes:

"For the past 3 or 4 years, I have been a great sufferer from rheumatism and piles. I tried all sorts of medicines, but derived no good from them. I chanced to read one of your books and thought I would give your Sarsaparilla a trial. I did so, and after

taking one bottle I felt better, and after taking 4 bottles I was a new man. I was sorry I never took it before, for it would have saved me very much pain."

THE LEGISLATURE.

HONOLULU MERCHANTS AND BUSINESS DEPRESSION.

The Senate Confirms all Appointments But Two--The House Still Wrestling With the Land Bill.

SIXTH DAY, THURSDAY, JUNE 20.

THE SENATE.

President Wilder called the Senate to order at 10 a. m. and the proceedings opened with prayer by the chaplain.

Roll called, all present but Senators Brown and Lyman.

Minutes of preceding meeting read and approved.

Secretary Clay read a resolution adopted by the House of Representatives asking for a meeting with the committee on Joint Res.

Senator Baldwin gave notice that he would introduce a bill for granting a franchise for manufacturing and furnishing electric light for the town of Hilo.

Senator Schmidt presented a resolution on the part of the merchants of Honolulu, requesting that a special committee of three be appointed to investigate and report to the Senate the causes which have led to the present business depression in mercantile circles. The Committee is to have power to summon all necessary witnesses in furtherance of its investigations. Carried.

President Wilder said he would announce the Committee in the morning.

Senator McCandless introduced his bill relating to vehicles, tires and wheels.

On motion the same was read the first time and referred to the Committee on Printing.

The order of the day having been reached, the Senate went into executive session to consider the appointments sent in by the President.

While reporters were excluded from the executive session of the Senate this morning, the BULLETIN learns that all the appointments were confirmed, except those of W. R. Castle as Minister to Washington and Frank Hastings as charge d' affaires of the legation in that city. The former was referred to a select committee to report at a future date and the latter was laid over pending action on Mr. Castle's appointment.

The executive session lasted about an hour, after which the Senate adjourned till tomorrow at 10 a. m.

THE REPRESENTATIVES.

At 10 o'clock the opening routine business was transacted.

Mr. Richards, from the select committee on nominations to the Council of State, recommended the following names: G. W. Smith, Mark Robinson, John Ena, A. G. M. Robertson, D. L. Naone.

Mr. Hanuna submitted the following questions to the Minister of the Interior:

1. Are there any lands ready to be converted into homestead lands immediately after the final adoption of the Land Act of 1895.
2. If any, where are they situated?

Mr. Kamaooba moved a suspension of the rules, for the purpose of considering the currency bill.

Minister Smith expressed his sense of the difficulty regarding the land law, in that it had been introduced in both chambers at the same time. The House was proceeding satisfactorily with the consideration of the land bill, and it would be well to have it complete that business and send the bill as amended to the Senate.

The motion was withdrawn.

Mr. Kamaooba was called to preside over the committee of the whole on the land bill.

In section 28, giving the land commissioners power to permit the surrender of a lease, the committee on public lands recommended a change to make the consent of the Executive Council requisite, as is the case in the same section of the original bill with regard to modifications of leases.

Minister Smith stated that the matter of modifications had caused discussion in the sub-committee and had excited opposition both in the Executive Council and in the Senate. His opinion was that with the safeguard of the Executive Council's consent the provision would be a safe one.

Minister Damon said if this was a matter of private lands, belonging to any family, sect or company, it would be different. But in the case of public lands put up at auction to the highest bidder, would it be right to grant modifications of the lease to the purchaser after all his competitors had been shut out for twenty-one years? If the lease was put at auction again, after the first buyer had made a failure, the matter would be different.

Mr. Robertson gave his reason for favoring the section. There were many cases now existing, where large tracts of land were held without being improved. If the holders could be induced to surrender a portion of their lands and have it put up for competition between persons who would improve it a great public advantage would ensue.

Mr. Richards told of a case in point, where the lease holder of a thousand acres near Hilo wanted to give up some of it to the Government.

The section passed as in the bill.

Mr. Haia thought section 31, giving the commissioners power to eject a lessee, without any legal formality, for the violation of any of the conditions was unjust.

Mr. Hanuna considered the section all right. It kept the lawyers from getting jobs out of the leases.

Mr. Robertson said Mr. Haia seemed to misapprehend the effect of the section. It would not prevent the lessee from going into court for protection of his rights against unjust ejection.

Mr. Winston asked if it would not be well to insert a provision for due notice to be given.

Mr. Robertson answered that the committee had considered

that point and concluded it was better as in the bill. The matter of giving notice caused great difficulties in furnishing proof. It was no more severe a provision than was to be found in private leases.

The section passed.

There was considerable talk about the line of succession in the case of the death of a lessee.

At 12 o'clock recess was taken till 1:30 p. m.

NOTES.

The open session of the Senate lasted only twenty minutes this morning.

President Wilder gets through the business of the Senate with neatness and dispatch.

Gardener Greene sees that the presiding officers of the Legislature are supplied with a bouquet of fresh flowers every morning.

The press table of the House is besieging the sergoant-at-arms for little conveniences always allowed legislative reporters under the monarchy.

Ex-Councillor Tenney looked in upon the House this morning, and there was doubtless wonder in his mind if the Republic was an improvement on the P. G.

Secretary Keola was struck comical by the line of succession to land leases, laughing as he labored through the mazes of degrees of consanguinity. The last relations to inherit before the Republic of Hawaii are the grandchildren of brothers and sisters.

Another Monarch Sold

"That ad. in yesterday's BULLETIN sold us another bicycle this morning," said manager Hendry of the Hawaiian Hardware Company to a reporter this afternoon, as he was calling the latter's attention to one of those wheels which was running by electricity in one of the store windows of that firm. The outside pedal of the wheel has been fitted with a neat arrangement to which is attached a group of nine colored electric lights which present a beautiful appearance as the pedal revolves. This attractive advertisement has been viewed by hundreds of delighted spectators during the day.
