

Now is a splendid time to have those pictures taken.

Before the holiday rush begins we can take plenty of time to get acquainted and bring out your best points.

Also—we have some interesting things in new style mountings.

**Rapid Passing of the Sailing Vessel.**  
An idea of the rapidly with which the sailing ship is disappearing is conveyed in figures given in the new volumes of Lloyd's Register. The world's sailing vessel fleet now totals little more than 4,000,000 tons, whereas the merchant steamers of the globe are in excess of 40,000,000. On the assumption that one ton of steam is equal to three of sail, steamers now do thirty times as much of the carrying trade as sailing craft.

## PUBLIC WORKS TO DEMOCRATS ARE BE RUSHED NOW SHORT OF MONEY

H. K. Bishop, the new superintendent of public works, arrived in Honolulu this morning with his wife on the Wilhelmina, from Hilo, and at once assumed the duties of his office. He held a lengthy consultation with the Governor, discussing the many important subjects which will require action at an early date, among these the loan fund commissions, of which the superintendent of public works is a member ex-officio.

Chairman Petrie and Mr. Johnson, engineer for the Oahu loan fund commission, participated in a part of the morning conference, giving Mr. Bishop information concerning the twelve large projects which that body has present has on hand.

The Governor and Mr. Bishop, together with Architect Ripley and Col. Jones, will confer next Thursday afternoon on the plans for the new armory. It is understood the plans are finished and await only the superintendent's approving signature for actual building operations to begin. An effort is to be made to start the construction of the armory before the end of the present month.

## MAHUKA CASE GOES TO JURY

The third Mahuka site case, to determine the award that shall be made by the federal government to the owners of the building site in which the Office Supply Company is situated, went to the jury at 9:30 o'clock this morning, following the reading of the court's instructions. The jury spent the remainder of the morning in deliberation, and a verdict is expected at an early hour this afternoon.

"We have arranged for transportation for voters in all the precincts," said Col. C. J. McCarthy at Democratic headquarters this morning. "We are not so well fixed for runners. Being short of money, we cannot carry out our original plans for hiring runners, but hope to be able to secure enough volunteer runners to make a pretty fair showing."

"We did expect to get more money from people around town, but many of those approached said that they were Republicans and, while they were not satisfied with their party ticket, they could not consistently contribute to the Democratic campaign fund."

"Another difficulty is with regard to sample ballots. It was our desire to have sample ballots printed, but from our experience in former campaigns we are reluctantly obliged to forego that assistance to voters. In prior campaigns we were given the wrong steer regarding the form of ballots, so that our samples did not correctly correspond to the official paper. Consequently, rather than getting out a misleading form we will not have any sample ballots."

"The other side," Col. McCarthy complained, "has the advantage of the right tip and will therefore be equipped with sample ballots."

The new act of Congress, requiring that all passenger steamers carry two wireless operators, went into effect on October 1, and hereafter at all times of the day and night there will be "sparks" hovering over the key, prepared to catch any "S. O. S." call that may be flashing through the ether. Nearly 100 additional operators are required to fill the new posts. The fair sex has already gone into the field, and it is predicted that ere long there will be more than one mistress of the key in the coastwise service.

THE CLOTHES OF A GENTLEMAN

Good style without freakishness; good material, good fit—these are the things to look for in "The Clothes for a Gentleman. In

"Benjamin Clothes"

you will find these qualities to perfection, with the hundred little niceties of workmanship, care and skill that mark the finest of hand-tailoring.

THE CLARION

MANEUVER UMPIRES LEAVE, WELL PLEASED WITH ARMY WORK HERE

Eight Officers of Western Division Take the Thomas to Coast

Eight officers of the Western Division, who came here from the various mainland stations to act as umpires and observers in the recent maneuvers of the army of Oahu, will leave on the transport Thomas for San Francisco tomorrow, after a stay of nearly a month in Honolulu.

This list includes Major George H. McManus, inspector general, who completed the field inspection of the mobile army during the maneuver period, and who also made an inspection of the Coast Artillery, and of the property and accounts of all posts and of department headquarters. While it is an ironclad regulation that inspectors do not give out the results of their observations until their formal report goes through the proper channels, commanding officers can usually tell what impression their commands have made, and about how they are being judged, by the questions which are asked by the inspector, and by the various points which are brought to light. It is understood that everyone connected with the department was well pleased with the inspection just closed, and that is a fair indication that the inspector himself found everything to his satisfaction.

"This visit to Hawaii has been extremely pleasant to me personally," said Major McManus, "and I am more than glad that official business brought me here. The maneuvers were both interesting and instructive, and I watched the work of both armies in the field with much interest. This is my first extended visit to Hawaii, and the more I see of it the more I like it. I hope that I can get back again before long."

There will probably be no more inspections of the Department of Hawaii until next Spring. Regulations require a regular inspection during the fiscal year, and what is known as field inspection during the calendar year. The former inspection was made by Lieutenant Colonel George Bell last May, and the field inspection is the one just completed.

PARCELS POST WILL COMPEL CHANGES

Transportation equipment on some routes in these islands will have to be reinforced or changed entirely, when the parcels post schedule goes into effect on January. Where a saddle horse has sufficed for a carrier before, a pack-mule or two may be required when folks get into the way of sending parcels by mail, and buggies or buckboards may have to be replaced by trucks. Probably on some of the belt roads, where automobiles are now used, there will be little need of change other than adding to the number or size of machines. George W. Carr, assistant superintendent of mails, has the matter in hand.

CHIEF McDUFFIE STOPS CAMPAIGN ROWDYISM

Following the recent exposure in the Star-Bulletin of the fact that systematic rowdyism was indulged in by certain toughs in an endeavor to mar Republican meetings, Chief of Detectives McDuffie himself undertook to exhibit the disturbers to earth, on last

URGES FOURTH NOT TO KNIFE HAWAIIANS

MAJOR GEORGE H. McMANUS

Saturday night, as a wind-up to a month of strenuous work, General Macomb gave a dinner at the Pele Club to the organization committee, Governor Frear, and the inspectors and umpires who are returning on tomorrow's transport.

Following are those who sat down to table: General M. M. Macomb, Governor W. F. Frear, Secretary J. A. Mott-Smith, Dr. C. B. Cooper, J. A. Wilder, Col. G. K. McGunnag, Col. W. E. Wilder, Col. F. H. French, Lt. Col. Archibald Campbell, Maj. H. Noble, Maj. B. F. Cheatham, Maj. G. Blakely, Maj. J. A. Penn, Maj. H. McManus, Maj. W. P. Woodson, Maj. N. F. McClure, Maj. W. M. Crull, Capt. M. F. Smith, Capt. B. M. Cutts, Capt. H. J. Brues, Capt. W. B. Burt, Capt. A. M. Shipp, Capt. D. M. Caskey, Capt. J. M. Bryson, Lt. G. Turner, Lt. E. M. Andrews.

Norman Watkins made a talk at Manoa Tennis Club grounds last Sunday night that impressed the voters gathered at the Republican meeting. "I would feel ashamed to get a big vote here and find one of my Hawaiian running-mates thrown down and given a small vote," he declared. "I ask your support for all of those running for supervisor, and we should give the Hawaiians the same strong aid that they will give us in the fifth district."

Friday succeeding in nabbing the ring leader of the Luzo-Puechhowl disturbance, namely Mauei Texiera, who is now in custody.

Since then McDuffie has made the rounds of all meetings, keeping one a keen eye for any hangers bent on starting a row. His attention having been drawn to the condition through one return of this paper, the detective chief lost no time in getting after the guilty parties.

Louis Mitchell, an aviator, while exhibiting at Montgomery, Ala., fell 200 feet and was killed.

## To The Republican Voters:

The following figures are presented to Republican voters, who may, at this time, be considering whether or not, on November 5th next, they will vote a STRAIGHT PARTY ticket or a SPLIT TICKET. Four years ago NORMAN WATKINS was DEFEATED in his run for Supervisor by the votes of the 3d, 4th and 5th Precincts, who SPLIT THEIR TICKETS.

The normal Democratic vote of these precincts may be considered the vote cast for Fern for Mayor as follows:

3d Precinct	56 votes
4th Precinct	67 "
5th Precinct	79 "

Total Democratic Strength.....202 votes

## The Vote for McClellan and Watkins

in the same precincts was as follows:

	McCLELLAN	WATKINS
3d Precinct	94	112
4th Precinct	130	246
5th Precinct	164	223
Totals	388	581

Republicans voting for McClellan..... 186

The vote in the whole county for Watkins and McClellan was as follows:

McClellan	2492
Watkins	2325

McClellan DEFEATED Watkins by..... 167 votes

Now since Watkins LED the supervisorial ticket in the 3d, 4th and 5th Precincts it is reasonable to assume that the Republicans in those precincts wanted HIM elected in preference to any other candidate, and yet the figures show that the Republican votes cast for McClellan were really the means of DEFEATING Watkins.

Now, on the eve of another election day there is talk of Republicans splitting the SENATORIAL and SUPERVISORIAL tickets, but it is hoped that a study of the above figures may convince them that the SPLIT TICKET is often the means of DEFEATING the CANDIDATE or CANDIDATES best qualified and whom they MOST DESIRE TO ELECT.

REPUBLICAN CAMPAIGN COMMITTEE.

## MURRAY WORKS AGAINST PARIS MOTT-SMITH HAS RESIGNED

Supervisor Harry Murray spent a large part of yesterday campaigning around the island against a candidate of his own party, Edwin H. Paris, Murray and Kruger took the municipal auto and according to reports, somewhere in their wanderings they had a mishap with it.

Not only is Murray campaigning among the Hawaiians against Paris, but he is credited with being the author of a card issued last Saturday night on which is given the names of nine supervisorial candidates. The card says:

"Take this tip! The next board of supervisors will be composed of seven of the nine men here named: Nottley, Bartlett, Cox, Arnold, McClellan, Petrie, Long, Enos and Markham. Vote for seven. There are other good men running but they have no chance of winning."

A report was circulated that Bartlett was responsible for the card but it was proved today that he had absolutely nothing to do with it. Murray handed one of the cards at least to another Republican candidate last Saturday night and yesterday he was lining up all the opposition possible to Paris.

Bartlett said today that he had nothing to do with the card and declared that he is supporting Paris with all of his strength. "I went so far as to tell the Manoa voters last Saturday night that if they couldn't vote for me, to leave one blank on the supervisorial ticket in order to help Paris and keep a Democrat from running ahead of him," said Bartlett frankly today. "I had nothing to do with the card and it is unfair to all of us to spread a rumor like that."

## VICTORY IS CLAIMED

(Continued from Page 1)

ful. Our senatorial ticket will be given a strong vote.

"The talk stirred up by Democrats and a few disgruntled Republicans that some of the haole precincts will knife the Hawaiian candidates and vice versa has proved to be groundless and has been a boomerang upon the Democrats. The Fourth district is going to give hearty support to the Fifth district candidates and the Fifth will show its splendid straight ticket strength as it has always done. Col. Sam Parker has gained greatly in strength during the past two weeks and Fern's methods have lost him support in both districts. The Democrats are going to be sadly disappointed in the defeat of their supervisorial ticket and we will go right down the line with all our candidates."

The University Club will get full returns tomorrow night on both national and territorial elections. Arrangements have been made with the Star-Bulletin whereby this paper furnishes the club with complete returns, beginning at 7 o'clock and extending as late as desired.

Corrected figures of the sale of the Campbell homestead buildings and contents by Mr. Schwarzborg of Morgan's on Saturday give \$2997 for buildings and \$3092.75 for contents, a total of \$5099.75. In addition to the more notable items mentioned elsewhere, a dining set of five pieces sold for \$161, and a laurel wardrobe, such as cannot be duplicated here today, was a fine bargain to the purchaser at \$60.

ber, with Governor Frear, but the Kulo charges against the Governor appeared, and feeling that the administration was under fire I decided to stay until that trouble had been settled.

I rented law offices down town which I have kept for nearly a year, paying the rental and permitting the dust to accumulate in them, expecting to be able at almost any moment to take possession and make active use of them.

"Now that the administration has acquitted itself, and has been thoroughly vindicated, I feel at liberty to go back to my own affairs as originally intended."

Mott-Smith's resignation is made with the full approval of the Governor, who in writing has expressed deep regret at the loss of a highly efficient assistant but admits that in justice he cannot longer be detained Secretary at the latter's personal financial loss.

Secretary Mott-Smith has been in the public service in various capacities since 1897, when he was first made a member of the board of immigration. He was Minister of Foreign Affairs and ex-officio minister of public instruction in 1899-1900, member of the board of education in 1901-2, member of the board of health in 1902-4, and president of the board of health for two years and three months, ending in August of last year.

Governor Frear announced this afternoon that he has sent no recommendation to the President for a successor to the Secretary.

Asked if any other resignations have been sent the President, the Governor replied in the negative. He stated that the only important appointments in the Territory made directly by the national chief executive are for the offices of Governor, Territorial Secretary, and Justices of the Supreme Court.

He praised Mott-Smith's work highly, declaring that much of the best sanitation and health improvements now existing here have been due directly to Mott-Smith's influence, as member of the board of health.

Immediately following the news of Mott-Smith's resignation a rumor spread downtown that plans have virtually been perfected whereby he is to become president of the Guardian Trust Company.

Another rumor that gained currency about the same time was that Charles P. Hemenway, former Attorney General and known to be close to the administration, might be asked to accept the Secretaryship.

The Metropolitan Meat Market will close at noon tomorrow (election day)—advertisement.
