**OFFICER FOR HAWAII**

Army headquarters in the Young Hotel hummed this morning with the usual bustle and press of official business that accompanies the stay of a transport. Several officers who are either returning from leave, or who are coming for station here, put their names on the officers' register, and there were also a number of army men passing through to Manila who paid an official call on General Macomb.

A well known officer who paid his respects to the department commander is Colonel Henry P. McCain, of the adjutant general's department, who is on his way to Manila to fill the post of adjutant general of the Philippines Division. Colonel McCain was acting adjutant general of the army following the resignation of Major General Ainsworth.

Major Arthur S. Conklin, general staff, who will be stationed at department headquarters, reported for duty this morning. The detaching of a general staff officer is another instance of the growing military importance of Hawaii. Although departments are not allowed chiefs of staff, Major Conklin, who will be to all intents and purposes chief of staff of this department. His official title, however, is assistant to the chief of staff of the Western Division. There has been no general staff officer here since Captain C. C. Carter was forced back into the line by the famous "Manchu" order, more than six months ago.

Major Conklin belongs to the coast artillery. He won his majority July 7 of last year. He graduated from West Point in 1909, and first entered the infantry, transferring to the General's Artillery in the year of the Spanish war. Major Conklin is a New Yorker by birth, and is a son-in-law of General McCaskey. He brings his family with him to Honolulu and has taken up quarters at the Pleasanton, Sherman Gate at 5.

The transport is scheduled to sail at 5 this evening. For Honolulu the Sherman brought 33 first cabin, 9 second cabin and 40 steerage passengers. One first, 33 second and 44 steerage are bound for Guam, while for Manila the figures are 38, 36 and 357.

Five weeks' vacation spent on the mainland dealt kindly with Judge Monsarrat, who, returning as a passenger in the United States Army transport Sherman last evening was ready for business in the administration of justice at the district court this morning.

**MONSARRAT BACK ON POLICE BENCH**

A small calendar consisting of ten pages occupied the attention of the court. Judge Monsarrat spent the greater portion of the time while away from the islands on the coast and in San Francisco. He finds himself much improved in health.

**JUDGE ROBINSON BACK.**

Nothing could be done for two years, or until they had fully developed and could be cut out. During this interval he would become completely blind.

But the discovery had been made in time. Work on the affected eyes was started at once. The hunting trip was given up, and Judge Robinson spent his entire vacation in or near the Golden Gate city, within easy reach of the specialists who were treating him. The trouble is not yet entirely eliminated, but his recovery has advanced to a point where it is only a question of time and careful continuous treatment to restore full strength to the eyes.

This trouble did not seriously interfere with his holiday, however, he asserts, and in proof he explains that he weighs eighteen pounds more than when he left home. He feels fit for hard work now and expects to plunge into it next Monday, when a new jury venire has been summoned to appear. He may dispose of a few probate matters the latter part of the present week.

C. M. Young, a Korean, entered a plea of guilty in Circuit Judge Whitney's court this morning to the charge that sentence was suspended thirteen months.

With lumber consigned to Allen and Robinson, the bark S. C. Allen sailed from Port Ludlow yesterday with destination as Honolulu.

A fair cargo and a few passengers left for the coast in the Matson Navigation steamer Enterprise yesterday, the vessel sailed from Hilo.

T. J. Ryan, who made a bootless race for auditor, decided to follow the form of statement prepared for candidates. He is honest enough to insert ahead of nomination fee these items: Subscription to Democratic county committee, \$11; subscriptions to Democratic precinct clubs, \$2. The other items are: personal expenses, \$4; printing and advertising, \$21, and public meetings, \$6—the whole, including \$23 nomination fee making \$69.

John W. Cathcart, elected city and county attorney, put up \$117.75 for his race, thus: Nomination fee, \$25; personal expenses, \$25; printing and advertising, \$40; public meetings, \$5.

Abraham Fernandez, who also ran for supervisor, spent: Nomination fee, \$25; personal expenses, \$14.50; printing and advertising, \$15; total, \$54.50.

John Marikam, elected supervisor: Nomination fee, \$25; personal expenses, \$40; printing and advertising, \$19; public meetings, \$10; total, \$94.

R. W. Holt, lost the deputy sheriffship of Waikiki for \$90, made up of \$25 nomination fee, \$45 personal expenses and \$20 for public meetings.

H. H. Piemer, defeated for supervisor, expended \$15 in personal expenses and \$12 in printing and advertising, making, with nomination fee, \$32.

Chas. G. Bartlett was good to the printer in his unsuccessful race for supervisor, his statement being: \$25 for nomination fee, \$40 for personal expenses and \$197.75 for printing and advertising, a total of \$262.75.

Joe B. Enos, who also ran for supervisor, expended \$123, made up of nomination fee, \$25 for personal expenses and \$73 for printing and advertising.

Wm. H. McClellan, elected supervisor: Nomination fee, \$25; personal expenses, \$40; printing and advertising, \$50.00; public meetings, \$15; salaries of watchers, \$5; total, \$135.50.

**VON DAMM SAILS TO SECLUDE SELF IN CAVE**

Bertram von Damm, chairman of the Republican county committee, emerged from retirement yesterday for the first time since the evening of November 5, but a political gossip holds no attraction for him since that fateful night. He left this morning on the Mauni Kea for a vacation until the end of the week. He was asked if he were going to Hawaii. "I'm going to hire a cave on Haleakala and try being a hermit for awhile," he replied.

**EXCHANGE OF LAND IS APPROVED BY BOARD**

The exchange of harbor land between the Territory and the Inter-Island Navigation company, desired by the latter to obtain satisfactory ingress to the site of the proposed new floating drydock at the Bishop street slip, finally was accepted by the board of harbor commissioners this afternoon. The exchange will require the approval of the Governor and the board of land commissioners to make it legal.

A provision to which President Kennedy agreed today, was attached to the agreement to the effect that the harbor line and parcels of land thus acquired by it shall revert to the Territory whenever the company ceases to use the site for the drydock.

Either in this or in a similar measure, which the committee will propose the plank in the platform calling for the construction of proper roads in the Territory from the sale of public lands.

One of the measures which the committee will present will be along the lines of one of the ideas advanced by Governor Frear in an interview given to the Star-Bulletin yesterday afternoon, in which the Governor declared himself in favor of an employer's liability law, as suggested by the Republican platform.

Still another piece of legislation proposed by the committee will be a law calling for compensation for property destroyed by the authorities in the course of such a campaign as that waged by the Board of Health in the mosquito fight, provided that the Supreme Court shall hold that the destruction was unauthorized by law, or the necessity of the case.

A meeting of the executive committee of the Men's League will be held in the office of J. H. Galt at the Hawaiian Trust Company at four o'clock this afternoon.

**NOTED AUTHOR OF JAPAN HERE TO WRITE BOOK**

Kiyoshi K. Kawakami, one of Japan's most noted contemporary men of letters, is in Honolulu on an important mission of investigation. He is here in pursuit of material for a new book, "Japanese America," and conditions in Hawaii, particularly conditions of Japanese labor and social conditions, will play a large part in the book.

Mr. Kawakami is accompanied by his wife and their three children. He is married to an American girl. A pretty romance resulted in their wedding some years ago. Kawakami, a brilliant young author, fell in love with and wooed and won her.

Today Mr. Kawakami is at Mid-Pacific Institute. He will be in the islands for some months studying conditions here, and his book will constitute an unofficial report on the status of Japanese in Hawaii that will be widely accepted as conclusive on the subject.

**"Wonder Why That House Has Been Vacant So Long?"**

Is a thought that comes to many people as they pass by pleasure property. Perhaps, on the day when the placards were hung in the windows, somebody was watching the "To Let" ads in the hope of finding exactly such a place. Perhaps today somebody would answer a classified ad of that very house—if the owner had been wise enough to publish one!
