STREET MEETINGS ARE DECLINED UNLAWFUL

Supervisors Deal Blow at I. W. W. Troublemakers in City

A short order of business last night gave the board of supervisors an opportunity of hearing and approving the minutes of meetings for a month or two past.

Ray and expense bills from the different departments were passed. Dana Hall Lisenced. Chairman Murray of the police committee presented a favorable report on the application of Juan Alfonso and Constantino A. Arpon for a dance hall license to be operated in the Captain restaurant building, Hotel street.

The Industrial Workers of the World were on motion denied the use of the public streets for holding meetings upon the strength of the following opinion rendered by Fred W. Milverton, first deputy city and county attorney.

"In the matter of the communication of Albert V. Roe, organizer for the Industrial Workers of the World, dated November 7, 1912, and addressed to the board of supervisors, inquiring whether that organization would be permitted to hold meetings on the streets of the city and county of Honolulu, which was referred to this department for an opinion, I would advise that under the existing laws the use of the public streets for such purposes is unlawful."

Jan. A. Rath wrote from the Palama Settlement, saying: "We are having considerable annoyance from people using the yard of our tubular dairy camp on Aiea road, for wrong purposes, and have had great difficulty in preventing them from doing so. The only solution I know of would be to place lights at different parts of it. As the day camp is a quasi-public institution, taking in patients suffering from tuberculosis, free of charge, I would ask you and the board of supervisors of the city and county of Honolulu, whether you will not take this matter under consideration and supply the needed lights."

This was referred to the road committee. Low referred to the matter later, saying that the lights be put in, and was voted to do so as soon as possible.

Senator A. F. Judd, chairman of the Senate hold-over committee on ways and means, quoting the Senate resolution creating the committee at the session of 1911 and asking the mayor and supervisors for such data and information as they might desire to lay before the committee. Referred to the ways and means committee.

Shikela Sakamoto, chief clerk of the city, writes to say he was sending the committee cover a copy of "Statistical Abstract for Oahu 1910," which he trusted would assist the supervisors "in some way or other."

W. C. Achi, attorney for the Kalihi Park & Land Company, submitted a map of Kalihi Stream tract, which was referred to the road committee and the engineer, improvements.

A report of the committee on fire department and electric lights was adopted, approving of a requisition of Chief Thurston for the purchase of 1600 feet of Paragon hose at \$1.07 1/2 and 1500 feet of Underwriters' hose at 90 cents a foot.

McClellan reported that the chassis for the garbage truck had arrived, and in his motion a proposed appropriation for \$500 to pay for it was referred to the ways and means committee.

Lamp Post Problem. Whether the placing of gas lamps on the pillars at the entrance of Wilhelmina Rise, Kaimuki, constitutes lamp-posts within the meaning of the charter of the Honolulu Gas Co. and consequently places the company under obligation to furnish street lights, is a question offered by Law for the attorney to answer. The supervisor thought it might mean fifty street lights for Kaimuki.

It was decided to advertise for bids to build the Walkway approach road, the same time as the harbor commission advertises for bids to build the wharf.

Registered Warrants. Treasurer Shingle informed the board by letter that it had been necessary recently to register warrants in the amount of \$103,784, on which he had advanced the interest at 5 percent, amounting to \$27,071, and he asked that an appropriation of that sum be made to reimburse him.

Police Work. Sheriff Jarrett reported 549 arrests for October, 514 being in the district of Honolulu, and 41 convictions, 412 in Honolulu. Fines, costs and forfeitures amounted to \$357,955, of which \$329,835 was in the city district.

Koolauoke Roads. Frank Palua, road overseer for Koolauoke, rendered his report for October, showing \$961.69 expended and a balance of \$91.03 available. His oil work had been done at the rate of .077 a linear foot, which he considered the lowest possible. Outside of this, the work of the month has mostly been repairing along main road and cross roads and repairing bridges. A new bridge was constructed in the Heeia-uli section. Gallery of Fame. The chairman of the ways and means committee was authorized to arrange for getting a group picture of the present board to hang on the wall when it goes out of office, with the pictures of former boards.

'PRIVATE' IS UNFAIR SAYS COMMISSION

(Continued from Page 1) respect to the agreement. Of course it's a public agreement. We want full publicity on it."

The Star-Bulletin today secured from the stenographer who was present at the meeting a transcription of the notes, showing that the word "private" was not used and corroborating the contention of the commissioners that at no time has there been any suggestion of a secret or private understanding between the board and the oil company.

The transcription is as follows: "Mr. McStocker brought up the matter of the fuel oil pipe line and stated that he had several suggestions to offer in connection therewith, as he thought it was too bad that after the Government had constructed the line that no agreement could be made with the oil company to use the line."

"Mr. Wakefield: 'I think it might be a good plan to discuss this matter in a Committee of the Whole, as it will allow more freedom.' "This suggestion was put in the form of a motion and unanimously carried."

Agreement is Brief. Pending an opinion from the Attorney-General as to the various provisions in the form of agreement...

MRS. F. H. ANDERSON BIRTHDAY HOSTESS
