WOMEN SHOULD BE PROTECTED

Against So Many Surgical Operations. How Mrs. Bethune and Mrs. Moore Escaped.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Murrayville, Ill.—"I have taken Lydia E. Pinkham's Vegetable Compound for a very bad case of female trouble and it made me a well woman. My health was all broken down, the doctors said I must have an operation, and I was ready to go to the hospital, but dreaded it so that I began taking your Compound. I got along so well that I gave up the doctors and was saved from the operation."—Mrs. CHARLES MOORE, R. R. No. 3, Murrayville, Ill.

The great value of aeroplanes in war has been proven by the Bulgarian army, not only in reconnoitering work, but for fire control. That the murderous accuracy of the Bulgarians' artillery was due in a measure to the activity of the airmen was demonstrated in letters received in London today from the front.

The announcement that the Bulgarians had reached the vicinity of Kilios lifts a corner of the veil which has been baffling observers for some days regarding their movements, and shows that they have managed to creep around behind what is known as the forest, on the outskirts of Constantinople.

The Turkish request for an armistice addressed by Kia Mil Pasha, the Grand Vizier, to King Ferdinand, was discussed today by the Bulgarian consul at Monastir. It was decided to reply that the Bulgarian government would inform the other nations of the Balkan Alliance of the step taken by Turkey, and would give its reply as soon as possible after coming to an agreement with them.

The negotiations can begin only after the Turkish authorities have accepted the terms laid down by the Bulgarians, that in the meantime no further reinforcements of Turkish troops may be brought into the field of operations.

President-elect Woodrow Wilson left the city this afternoon for New York where he attended a dinner given tonight in his honor in the University Club by the class of 1879, of Princeton University, of which he is a member.

Secretary of State Knox and British Ambassador Bryan today exchanged ratifications of the treaty signed July 7 last, providing for an adjustment between Great Britain and the United States of the North Atlantic controversy. The convention already has been approved by the senate.

In substance it prescribes the boundary waters and provides a commission to pass upon the reasonableness of local and Canadian and Newfoundland fisheries regulations.
