Two years ago on Christmas Day, Chandler was given up in Clay, N. Y., by his home physicians. He had dropped to the bursting, nearly 50 per cent, albumen and early death was looked upon as certain. The family was in despair. They heard of a recovery in an adjoining town and one of them went to see about it. They learned that the recovery was effected by Fulton's Renal Compound, and Chandler was put on it that day. It was a very hard case and recovery was slow, but about a year thereafter he was able to return to employment. The above anniversary tells the rest.

MANUFACTURING. In no case is a serious fire of such importance as to the owner of a factory. A fire always happens when least expected, trade is utterly disorganized, good will suffers, contracts cannot be filled, and competitors take advantage of the enforced stoppage of business. None of these indirect losses can be adequately provided against by insurance, but experience teaches that the Deno system of fire protection is the most efficient and applicable of any.—Advertisement.

KILOHANA CLUB TO RECEIVE TONIGHT. The Kilohana Club has issued a large number of invitations to the reception and are exhibition tonight. The paintings are Hawaiian scenes by D. Howard Hitchcock. Mr. Hitchcock has long held the reputation of being better able to depict Hawaiian views than any other island artist. And as yet no mainland has been able to do better work. A number of new scenes will be shown tonight which are said to be more beautiful than any he has ever painted. Connoisseurs who have seen recent paintings by the Hawaiian artist and have compared them with his old paintings say that his work shows wonderful improvement. Mrs. Henry Waterhouse and Mrs. Carl Du Roi will receive with Mr. Hitchcock this evening.

HAWAII COLLEGE GLEE CLUB PROVES A HUGE SUCCESS. The glee club organized by the students of the College of Hawaii has turned out to be a greater success than was expected. At a meeting of the student body of the College a short time ago, a committee was appointed to organize a glee club among the students. The club has met three times and each time the attendance has increased greatly. The committee which had charge of the organization of the club, found several difficulties to overcome, one of the worst of which was to provide a suitable meeting place. This question was the most important and perplexed the committee for some time until two of the members of the club made the liberal proposal to have the club meet at their home every two weeks. This proposition was accepted with enthusiasm and since then the meetings have been held regularly every two weeks on Friday nights. The members assemble at eight o'clock and practice college songs and other pieces for several hours. Several of the members bring ukuleles and play accompaniments to some of the pieces on them. There is also a violinist among the members. Several of the students of the College have written words to popular airs and most of them have been adopted as College of Hawaii songs. Real talent has been shown in many of these pieces and among the best is one written by Miss Miriam Clark to the air of "Vive L'Amour." The first verse and chorus are as follows: In nineteen o seven we first set up shop, Hawaii evermore! For bugs and for botany, there is a Prof., As well as many more. Chorus: First of its kind in the Paradise Isles, None can surpass it, not by a mile; Now let them hear How we can cheer, Hawaii evermore!

WEDS TACOMA GIRL. Miss Marie Dorothy Johnson and Mr. A. T. Henderson were married Saturday evening at seven-thirty o'clock in the Roman Catholic church, Father Ulrich officiating. The bride was attended by Mrs. Margaret McDonald, and A. S. Guild acted as best man. The wedding was a quiet one, only the immediate friends and relatives of the couple being present at the ceremony. The bride, who recently came here from her home in Tacoma, Washington, where she resided with her mother and sister, was prominent in the younger set in that city and has made many friends in Honolulu. Mr. Henderson is well known in Honolulu, having spent five years at Ewa, and the last two in the employ of the von Hamm-Young Company. His marriage came as a surprise to his large circle of friends.

Rath, who has been appointed by the National Anti-Tuberculosis League as agent for the seals in the Hawaiian Islands, will receive 400,000 of the little stamps, which will be put on sale in Honolulu and also on Maui and Hawaii. The proceeds of the sale of these stamps will be forwarded to the National Association for aid in the prevention of the dread disease, and it is expected by the committee in charge of the sale that the whole number will be disposed of. They will be on sale at all of the leading business houses of the city at the nominal sum of one cent each. The ladies who will take active part in their distribution are Mrs. W. S. Frazar, Miss May Peterson, Miss Alice Oleson, Mrs. Carl Anderson, Miss Mayland, Miss Clara Hoffman, Miss Maryann, Miss Ruth Shaw, Mrs. Spencer Bowen and Mrs. Van Hook.
