MONTESORRI SYSTEM TO BE EXPLAINED

The program for the day will be as follows: Reading of the minutes; Unfinished business; The Montessori Method with Beginners, by J. L. Horne of Kamehameha School; The Montessori Method with Beginners, by P. L. Horne of H. Ueoka, Punahou Preparatory; Discussion of the method of the Association.

INSPECT PLANS FOR NEW SEWER SYSTEM

Tentative plans will be presented to the legislature for a complete street and sewer system desired in the district between Nuuanu and Kamehameha schools, and between King and Judd streets. This was decided yesterday at a conference in the Governor's office, attended by H. K. Bishop, superintendent of Public works, Surveyor Wall, Dr. J. S. B. Pratt of the board of health; Prof. Keller and Street Commissioners Gera and Wheeler.

The plans will be prepared by a committee consisting of the street commissioners, Prof. Keller and Surveyor Wall. The improvement is considered urgent as a health measure, and has been urged for a long time by Senator Judd. It is thought the cost will not be prohibitive, probably being arranged so that the Territory will assume a part of the expense, with the property owners, formed into an improvement district, paying the major portion in annual installments.
