## FIERCE BATTLE RAGING BEFORE TEHATALJA

### FAIR COMMISSION MUST HAVE AT LEAST \$200,000

#### Businessmen Inspect Building Site And General Plans Of San Francisco Exposition, And Say Territory Must Prepare To Spend Liberally

Prominent Honolulu businessmen and architects who have recently visited the San Francisco exposition site, are coming back to Hawaii with the declaration that this Territory must be prepared to spend at least \$200,000, probably \$300,000 or a hundred thousand more, and possibly up to half a million on the Hawaiian building and exhibits at its great international fair.

### GENERAL MACOMB MACHINE GUN MARKSMAN

#### Department Commander Takes a Hand in the Firing and Makes Excellent Record with New Type Automatic Rifle, Tests Crowned with Success

If the marksmen of Fort Ruger are the building of modern ordnance, then the machine gun of Schofield Barracks should be styled the rat terrier. Snapping and snarling at the feet of all invaders, attacking when least expected, having progress until support arrives, and making it necessary to approach with caution in all directions, the latter automatic rifle has proved itself worth the test.

### HERB DOCTOR KEEPS LICENSE

CHU FOOG, the Chinese doctor, still retains his license, though it remains in jeopardy. He was present at the meeting of the Territorial board of health yesterday afternoon with Judge Charles as counsel, but the question of revoking his license was not taken up because a complete board membership was not there.

When Mr. Kerasi, in telling of the matter this morning, we all agreed that Hawaii cannot possibly make any kind of a showing there on less than \$200,000 and we could spend half a million to good advantage.

A year ago the board of commissioners were named to handle this Territory's exhibit. An estimate in which they said they must have at least \$100,000. For some weeks the question of the size of the fair has been under discussion and the board of commissioners has been holding many sessions.

When Mr. Kerasi was in San Francisco the other day he was looking over the proposed site of the Hawaiian building. General Macomb will be making the professional visit to inspect the site of the building.

### I. T. U. BUYER OF HAWAIIAN BONDS

That the bonds of the Territory occupy high place in the investment market is evidenced by the information that the general council of the International Typographical Union has recently issued in Hawaii its last issue of ten Typographical Bonds, the official organ of the Union the purchase of these bonds is dealt upon with much approval satisfaction.

The Hawaiian government bonds of a par value of \$100,000 at a price of 102, the total investment for the same being \$102,000, together with \$777.78 accumulated interest, making the total price of this issue \$102,777.78 have been purchased by the council.

The same article contains the announcement that the Union has purchased Hawaiian government improvements bonds of a par value of \$50,000 at a price of 102, the total price being \$51,000, together with accumulated interest amounting to \$111.11. These bonds will also yield to the Union about 2 1/2 per cent interest.

General Macomb, the department commander, sent an interested observer of yesterday's shooting from Schofield Barracks and being met there by Lieutenant Colonel Raymond, sanitary inspector, Major Conklin, general staff, and Lieutenant Andrews, aide.

The party proceeded to Shafter by motor, and immediately after their arrival the four companies of Captain Jamieson's command passed in review, in full field equipment.

### SHAFTER TROOPS ARE INSPECTED

The garrison of Fort Shafter was put through its paces this morning, when General Macomb made his regular annual inspection of troops, equipment and quarters.

The inspection began at 9 o'clock, the department commander arriving at the main station from Schofield Barracks and being met there by Lieutenant Colonel Raymond, sanitary inspector, Major Conklin, general staff, and Lieutenant Andrews, aide.

The Pacific Mail liner China with Chief of Detectives McBuffie as a passenger in quest of Chong an alleged absconder, is reported to have arrived at Yokohama on Wednesday.

The Ocelline steamer Ventura to arrive from the coast on next Monday morning is bringing the latest mail from the mainland.

Plans are under consideration by the Pacific Mail Steamship Company directors for a five-day steamer that will ply between San Francisco and the mainland.

For some time past there has been much rumor that the Pacific Mail was contemplating a five-day steamer than the present boats, but nothing definite as to the plans was revealed.

### TWO SEAMEN OF SCHOONER OVERBOARD

After encountering one of the worst storms in years and losing two sailors the schooner Bohem, Captain John Pitts, arrived from Gray's Harbor short by about noon today with practically her entire cargo of lumber intact.

The ship sailed out of Gray's Harbor on October 21. Three days later on October 24 she ran into one of the worst storms Captain Pitts who has been on this run for a number of years says has ever experienced.

As they saw the storm advancing, the sailors were sent aloft to furl the sails and two of them, John Peterson and G. Anderson, were washed overboard by a giant wave that washed the deck from stem to stern.

Both Peterson and Anderson, the men who were washed overboard, were making their first trip to the islands in the Bohem.

According to Captain Pitts who is a brother to the well-known Inter-island skipper and an uncle to the master of the little schooner Florence Ward, the Bohem met with the most contrary winds. The gale would suddenly shift from the southeast to the northwest, necessitating the attempt to make the passage to the islands unroofed sails.

The only let-up in the succession of seas and gales was experienced yesterday as the schooner neared the islands.

A birthday cake recently given to Roosevelt was six feet across. On top was a miniature driveway leading to the White House in the center, where an eight inch automobile stood before the door and Roosevelt was lighting from the machine to enter the capitol. The roadway was lit with electric lights, one for each state.
