HONOLULU THEATER GOERS ARE PROMISED A GREAT TREAT

The Hughes Musical Comedy Company will open at the Liberty Theater on Saturday, November 30, for a two weeks' engagement, in an entirely new organization to Honolulu with the exception of Bert Le Blanc, the Jew Comedian. The company consists of twenty-five members, gathered from the Coast and the East. Miss St. Clair the leading lady comes direct from the Savoy Theater, New York, Carlton Chase, the leading man, has a reputation. Frank Vack the German Comedian on the Coast, and is sure to make a big hit with the Liberty patrons. Dave Nowlin the character comedian comes here after a two year engagement, with the Orpheum circuit. Miss Eugene Le Blanc the character soubrette better known as the Girl With The Electric Heels, is considered to be the best in her class of work on the Coast. Miss Teddy Martin the soubrette, is of the captivating type. Harry Burgess is an artist of high standard, and just finished a long engagement, with Kolb and Dill in San Francisco. The company is completely fitted for every production in every detail. The costumes are new and the scenery if of the best. The chorus consisting of ten pretty young girls and the pick of the Coast and are sure to be favorites. During the short stay the company will stage the latest musical productions with full scenery and electrical effects, as staged on the Coast. There will be one performance night giving Day. Some of the pledges are not as large as was expected, but it is believed that by Thanksgiving Day, many large subscriptions will come in. The entire building will cost \$50,000, and pledges have already been received from four firms to furnish the thirty-one rooms. The Matson Navigation steamer Hilonian, from the Sound with a big cargo, will be berthed at the railway wharf to discharge. The Canadian-Australian liner Makura is scheduled to take the next mail for the Colonies, the vessel leaving here on Wednesday, Dec. 4th.

NEW COLLEGE PAPER MAKES PUBLIC BOY

A new feature of the College this year is a college paper, the "Engineering Idler," which is proving a great success among the students. It was started by the members of the engineering class about three weeks ago, and was issued as a bulletin of school news rather than as a college paper. It consisted of several pages of typewritten material concerning recent happenings at the College and other news of interest to the students. It was posted on the bulletin board for the convenience of the students, and it proved such a success that several carbon copies of it were made and distributed as far as they would go. When the next issue came out a larger number of copies came out, but the supply was much lower than the demand. When the staff of the "Engineering Idler" saw what a success the paper was, the idea was proposed to make the paper a regular affair and take up subscriptions among the students. The idea was well received by both staff and students and by the time the next issue is out it is expected that there will be quite a list of subscribers. The "Engineering Idler" contains jokes, news items and short sketches about members of the College, and is issued every two weeks. If the idea of taking up subscriptions proves a paying one and sufficient material can be obtained for the purpose it is proposed to have the paper printed rather than typewritten as it has been heretofore. All the members of the College appear willing to do as much as

MANY SEEK SHELTER OF DAUGHTERS' HOME

Upon the completion of the King's Daughters' new home in Kaimuki, a double need in the community will have been answered, for not only will the new home be for single aged persons, but married couples who are old and who have reached the end of their resources, and who have no set for its close, which is on Thanksgiving Day. Some of the pledges are not as large as was expected, but it is believed that by Thanksgiving Day, many large subscriptions will come in. The entire building will cost \$50,000, and pledges have already been received from four firms to furnish the thirty-one rooms. Advantage was with the bears on the New York stock exchange yesterday. American railroads were declining in the foreign markets. American firms failed to obtain any of the South African gold offered in the London market, in consequence of which high rates for money prevailed. Call loans went to 8 per cent, and a bank sent several millions into the market to be loaned at six per cent, but when the supply was exhausted call money jumped to 12 per cent. Stocks closed heavy. Bonds were steady.
