Do You Want Long, Heavy Hair?

Then treat your hair well. See that it is properly fed. Growth of every kind demands proper food. Starved hair splits at the ends, turns prematurely gray, keeps short and dry. Then feed your hair. Feed it with proper food, a good hair-food. Feed it with Ayer's Hair Vigor. Thus help nature all you possibly can toward giving you rich, heavy, luxuriant hair. Ask your doctor about your hair and about Ayer's Hair Vigor. Follow his advice.

Ayer's Hair Vigor DOES NOT COLOR THE HAIR

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

WORLD'S FAIR NEWS FOR MONTH

SAN FRANCISCO August. The Architectural Commission of the Panama-Pacific International Exposition has been in session for the past week discussing the plans of the World Fair. Among the eminent men engaged in this important work are: William R. Mead, W. B. Richardson of the New York firm of McKim, Mead & White; Theodore Payne, representing Carson & Harling of New York; Henry Bacon of New York; and Messrs. Willis Polk, W. B. Fassett, E. C. McHardy, George W. Kolham, Charles H. Ward, Edward H. Bennett, Clarence E. Howard, Arthur Brown, John McLaren, Larson, E. E. H. and Robert Campbell of Los Angeles, and Director of Works, Harris D. H. Condit, and Carl Ritter, Assistant in Sculpture, A. S. Calder, Chief of Sculpture and Jules Guerin, Director of Color.

R. B. Hale has returned from abroad and declares that far greater progress has been made in securing foreign participation than was possible at Chicago or St. Louis, and from present indications the Panama-Pacific International Exposition will enjoy the greatest foreign participation in the history of Exposition Building.

STOMACH MISERY JUST VANISHES

No Indigestion, Gas or Sourness After Taking "Pape's Diapiesin"

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestible food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapiesin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapiesin casks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or sourness or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

Yalm trees weighing 4500 pounds are being planted in Lobos Square in preparation for the Panama-Pacific International Exposition, by a squad of men under the supervision of John McLaren, Landscape Engineer of the Exposition.

Lobos Square is a part of the Terrace View Exposition site. The trees are being planted for experimental purposes. Mr. McLaren is confident that the trees which have come from the interior, will take root and flourish and if at the end of twelve months they show signs of life, they will be transplanted along the Esplanade or some other picturesque section of the grounds.

Some of the trees received yesterday are twenty feet in height and their branches are thirty feet in length. More palms are needed and owners of such trees who are desirous of donating them should notify the Exposition. Mr. McLaren states he will send men to dig up the trees and transport them to the site. At the close of the World's Fair in 1915, these trees will be removed to Golden Gate and other parks in this city.

The news of Uruguay's acceptance was received from Washington by President Moore. The tidings were transmitted by the State Department and the following cablegram received by Secretary of State Knox was sent here:

"I have the honor to report that by a letter dated June 8th, 1912, the Minister of Foreign Affairs notifies the Legation of the intention of the Government of Uruguay to take part in the Panama-Pacific Exposition to be held in San Francisco in 1915.

"Don Jose Richling, Uruguayan Consul General in New York, has been appointed Provisional Commissioner for the Uruguayan Government.

"RICHARD E. PENNOYER, Montevideo, Uruguay."

Ben Blow, Secretary of the Napa Chamber of Commerce states that it is the plan of his organization to have the furniture made at once, exhibit perfected and everything in shape so that they can install at the very moment that the California Counties building is completed.

"It is the desire of the entire Napa Valley to be the first County to have its exhibits installed in the California Counties Building," said Blow, "and our Committee has already received the assurances of the Napa County Board of Supervisors that they will help us in every way."

The Machinery Building, which is to grace the 1915 Universal Exposition will be the largest of the thirteen exhibition palaces that are provided for in the plans being prepared by the members of the Architectural Commission. This building is being designed by Messrs. Ward & Blohm, and is of large proportions, consisting of three great naves, with a cross nave of the same proportion. The treatment of the exterior will be a free adaptation of Spanish renaissance, and the Gas-tation period of influence of architecture in Mexico. It is expected that the Machinery Building will be the first contract let for the main Exhibition Palaces.

Four heroic statues, representing the personalities who were greatest in the advancement of mechanical arts—Archimedes, Gutenberg, Watt and Edison, will, in all probability, be placed on this building.

Jules Guerin, the famous artist who did the mural paintings for the Pennsylvania depot in New York, and who has been appointed Director of Color and Decorations of the Exposition, states that the color of the roofs of the Exposition Palaces has been selected and will play a very important part in the day time and in the night illumination. He states that the entire Exposition in color will have a Spanish and Italian feeling to it; and that he intends to obviate the white of the buildings which was so striking on the eyes at previous Expositions.

The Architectural Commission, after a three days session in this city, adjourned to meet again on November 15th next, at which time they will have their working drawings ready for submission. Henry Bacon of New York, a member of the Architectural Commission, declares that we are a year in advance of other Expositions.

"I am more convinced than ever," said Bacon, "that the plan adopted by the Commission is one of the best yet devised for an Exposition, and the public will be surprised at its execution. In the province of design we have struck gold—pure gold.

SCOTT'S EMULSION
