FIFTH DISTRICT REPUBLICANS URGE FOURTH 'VOTE STRAIGHT'

Eleventh Precinct Luau Occasion for Strong Political Exhortation

Under a long marquee of canvas and palm-leaf, beautifully decorated with flags of all nations, more than two hundred loyal Republicans sat down to a luau last night given by the Eleventh Precinct Republican club of the Fifth district. The luau took place at the home of Capt. Robert Parker, candidate for sheriff, and was a success in every way.

The feature of the evening, in the way of speeches, was a declaration by Charley Achi, the Fifth district leader, that if the Republicans of the Third, Fourth, Fifth and Eighth precincts of the Fourth "knife" David Notley, the Fifth's candidate for supervisor, the Fifth district Republicans will get revenge two years from now.

Waxing warm over his subject, Achi declared that he for one will try to "disband the Republican party" if Notley is knifed in the Fourth district. He declared that if the Fourth does not support Notley, there is grave danger that the Fifth will refuse to support E. H. Paris for the board of supervisors.

Paris answers Achi. Mr. Paris himself answered Mr. Achi a little later, when he stated emphatically that there will not be much cutting of the ticket by Fourth district Republicans. He said that there are few "disgruntled" people in the Fourth who may not vote the straight ticket, but he urged the Fifth district voters not to consider this as typical of all the Fourth district, adding that the Fourth district realizes it is necessary to support the entire ticket to get a Republican city government.

Capt. Parker, Rudolph M. Duncan, county committeeman for the precinct, and other members of the precinct club, welcomed the guests heartily and every attention was shown them throughout the evening, the luau being one of the most completely appointed and hospitable in spirit that any campaign has produced. Many speeches were made. J. C. Lane acted as toastmaster efficiently, calling upon several Republican warhorses and a number of the candidates for speeches. Colonel Sam Parker, George Davis, George F. Renton, E. H. Paris, W. C. Achi, John W. Catcart, Charles G. Bartlett, David Notley and John Wise were among the speakers. Davis declared that the recent Republican county convention ought to be the last and

that the Republican party has pledged its faith to enact a direct primary law in the next Legislature.

"Straight ticket" talk was very much in evidence during the speeches, several flings being taken at those who advocate scratching the ticket to elect some Democrats who are regarded as the best men for the positions.

Yesterday afternoon at 3 o'clock an enthusiastic meeting of candidates was held at Republican headquarters to discuss plans for the campaign. Arrangements for the mass meeting tomorrow night that will formally open the campaign, as well as for the next three weeks, were fully talked over. The delegates and workers from the Fourth District are to meet each Thursday evening to talk over campaign matters in an effort to hold the Republican vote in line for the straight ticket. Tomorrow afternoon the Fifth District delegates and workers will hold a meeting.

FINISH PAAUHAU APPEAL CASE

Final decision by the supreme court in the tax appeal case of the Paauhau plantation, of the island of Hawaii, will be given out shortly, the arguments and briefs having been submitted yesterday to the higher court. In this instance the appeal from the decision of the tax appeal court was taken by the territory, the decision of the lower court being a compromise between the assessment figures given by Assessor Forrest and those returned by the plantation.

The returned figure was \$200,000 less than the appraised value and the tax appeal court split the difference, setting the valuation at \$1,500,000. Judge Wilder is representing the territory in the case and Judge Stanley the plantation.

7 o'clock every Tuesday evening. At the meeting last Tuesday the following men were elected to hold office: President, W. L. Knott, Fort De Russy; vice president, Robert W. Horne, Camp Very; secretary-treasurer, L. A. Davis, Camp Very; chairman of program committee, E. Snyder, Honolulu.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP, 25 CENT "DANDERINE"

Save Your Hair! Danderine Destroys Dandruff and Stops Falling Hair at Once—Grows Hair, We Prove It

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair. Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made. We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25-cent bottle will truly amaze you.

The Prospect of Today The Mine of Tomorrow

TONOPAH BELMONT was a prospect three years ago, and a seemingly hopeless one at that.

Then it got the ore. Today (which is the morrow of Belmont's prospect days) Belmont is a mine with more than \$13,000,000 in net ore values in the reserves, with a record of over \$3,000,000 paid in dividends in two years, and of over 200 per cent. appreciation in market valuation on the stock. TONOPAH MERGER was a raw prospect early in June, with its stock selling below 30c a share. Overnight Merger broke into the ore, and is now rapidly achieving mine rank. Ore bins and railroad spurs are being rushed to completion, heavy surface equipment installed, and the mine prepared for heavy and regular production. Yesterday

TONOPAH NORTH STAR

was little more than a prospect. It is today in ore of most sensational character, in a vein which promises to prove permanent under development, and to bring TONOPAH NORTH STAR into highest mine rank. The stock, which has already had a sharp advance, is due for such a rise as has been experienced by Merger. It may duplicate the performances of Belmont, just as Merger is expected to do. Tonopah North Star can be bought now with entire safety. Rising from around 23c to sales as high as 48c. Price subject:
