Won't those Glass
Baking Dishes
break in the
oven?

That's the question women are
constantly asking us—and very
naturally—about the wonderful
new PYREX glass dishes for bak-
ing. NO, Madam, they will NOT
break in the oven.

No matter how hot your oven is
the Pyrex baking dishes will nei-
ther crack, nor chip, nor craze, nor
flake!

It is an education to see these
new glass dishes. Better make it
a point to look at them today. A
full line, one for every purpose.

WILSON POLICY**

Taking the lead in an indorsement of the policy of President Wilson, the Honolulu Ad Club sent the first message from Hawaii that has been received in Washington since diplomatic relations with Germany were broken off. At a meeting of the Ad Club yesterday a committee composed of John E. Finney, Harry Decker and George French drafted the following resolution which was forwarded last evening to President Wilson.

"Honolulu, April 4, 1917.
President Wilson,
Washington, D. C.
The following resolution was unanimously adopted by the Honolulu Ad Club, 599 members, this day: Be it resolved by the Honolulu Ad Club that we tender to the President of the United States our united and earnest indorsement of the government's determination in its attitude toward Prussia and ourselves as a body and as individuals in loyal support of our country's stand for the right and for humanity, in whose behalf the Allies are now engaged in noble and heroic struggle.

"WALLACE R. FARRINGTON,
President.
"JOHN SOPER, Secretary."

**ARTIST RETURNS
TO OPEN STUDIO**

After a long and serious illness that followed her return to New York, Mrs. Mary J. Coulter has come back to Honolulu and is now recuperating at the Alexander Young Hotel. As soon as she has sufficiently recovered her health and strength it is her purpose to open a studio at the Lanikaia. Mrs. Coulter spent several months here last year, did a considerable amount of painting and catalogued the works in the Cooke art gallery. During her stay she made numerous friends here who were later grieved to learn of her illness in New York. After undergoing an operation upon the throat, which nearly resulted seriously, Mrs. Coulter had an attack of pneumonia and was in a precarious condition for a time. When able to travel she came back to Honolulu on the last Matsonia.

**GOOD FRIDAY SERVICES
ST. ANDREW'S CATHEDRAL**

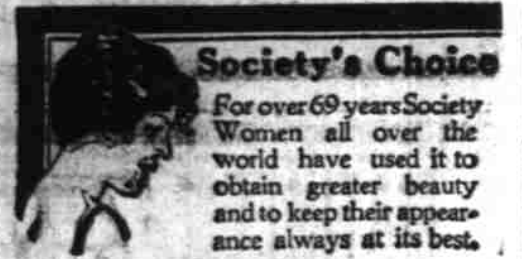

Tomorrow, Good Friday, the chief service at St. Andrew's Cathedral is that known as "The Three Hours," which begins promptly at noon and closes at 3 p. m. The service consists of hymns, prayers and addresses on the last Seven Words of our Lord from the cross. The bishop will deliver the addresses applying the words to practical every day life. While the service as a whole does not seem long to those who stay throughout, yet it is fully understood that anyone is at liberty to enter or leave the church at any time during the singing of a hymn. Leaflets containing the whole service will be given out at the door. Boxes will be in place at the doors that those who desire to give to missions may do so.—Adv.

Schofield Notes

Special Star Bulletin Correspondent—SCHOFIELD, HAWAII, April 5.—At the semi-annual meeting of the 1st Infantry Officers' Mess, held Monday evening, 1st Lt. H. H. Hines was unanimously elected president. He succeeded Capt. Frank Halstead, who has been acting president since the departure of Maj. Dana for the states. The new board of governors consists of Capt. Bramhall, Capt. Edgeland and 1st Lt. John W. Smith. Capt. John W. Simons, Jr., was elected to succeed 1st Lt. Walter Graham as secretary and treasurer. The semi-annual report shows the club to be in an excellent financial condition.

A cable received at Schofield from Washington announces the promotion of 1st Lt. John W. Simons, Jr., 1st Infantry, to the grade of captain, to rank from February 10. He is assigned to the 1st Infantry and is now on duty with and commanding company H.

The same cable announces the promotion of 1st Lt. Richard Kimball, 14th Cavalry, to the grade of captain, to rank from February 6. Capt. Kimball is attached to the 14th Cavalry for duty and will remain at Schofield.

It is expected that the 32d infantry, now on duty at Pearl Harbor and Fort Shafter, will return to this post on Saturday. They have been in the field for one month and will be relieved by the 14th Cavalry.

The four probationary second lieutenants, who have been receiving instruction with the 1st Infantry for the past three months, have joined their regiments. 1st Lt. McGarrigle has joined the 2d Infantry; 1st Lt. Crooks the 25th Infantry; 1st Lt. Landrum the 32d Infantry, at Pearl Harbor, and 1st Lt. Cutchin is doing duty with Company F, 1st Infantry.

Since April 1 the hours for reveille and retreat have been advanced one-half hour earlier. Reveille is now at 5:45 a. m. and retreat at 5:50 p. m.

Since the issuance of the order on March 31 making it a military offense for any soldier to enter the town of Wahiawa, the place has been deserted so far as the soldiers are concerned. The 1st Infantry is maintaining a guard near the Wahiawa bridge which has instructions to arrest any soldier found east of the county road. It is expected that these measures will clean up Wahiawa, as the place has been a constant source of trouble for the military authorities at Schofield.

**BELGIAN RELIEF
DAY IS ADOPTED
BY BIBLE SCHOOL**

The Bible school council of the Christian church held its monthly meeting Wednesday night at the church. After the supper various plans were discussed. It was voted by the council to set aside Sunday, April 15, as "Belgian Relief Day." At that time the Bible school children will be afforded an opportunity to give towards the support of children in Belgium. It was stated that 12 cents a day will provide a Belgian child with a cup of chocolate and two small biscuits. The Bible pupils are to be asked not "How much will you give?" but "How many Belgian children will you help to feed?"

The council voted to have a Mother's Day program on the second Sunday in May.

Plans were discussed in regard to the possible formation of a summer school for religion during the vacation weeks.

Apparatus has been invented to enable policemen to time automobiles accurately and arrest violators of speed laws.
