HONOLULU STAR-BULLETIN, WEDNESDAY, APRIL 18, 1917.

KNIGHTS TEMPLAR HAVE GAY TIMES IN SACRAMENTO

Grand Commandery of California Spends Week in Capital of Bear State

[By Associated Press]

SACRAMENTO, Cal., April 18.—All portions of California were represented here today in the fifty-ninth annual conclave of the Grand Commandery Knights Templar, which began a six-day session Monday. More than 7000 guests will be entertained by Sacramento Sir Knights this week, according to Jos. H. Stephens, general chairman of the conclave, who expects not less than 2500 Sir Knights in the line of march for the parade Thursday.

Monday's program included the first session of the Grand Council of the state, which convened in its fifty-seventh annual assembly. The Degree of Royal and Select Master was exemplified by Sacramento Council No. 1.

The Grand Chapter of the state convened Tuesday with Grand High Priest Casimer Jackson Wood presiding. This was the sixty-third annual convention of the Grand Chapter. In the afternoon the Degree of Royal Arch was conferred by Sacramento Chapter No. 3. Excellent High Priest H. T. Hiatt presided. Today saw continued sessions of the Grand Chapter and a banquet will be tendered in the evening to the Grand Chapter representatives and members of the executive committees. The arrival of Grand Commanderies also is a feature of Wednesday's program.

Thursday will be marked by the grand parade, battalion drill and a concert in the state capitol grounds by six commandery bands, massed under the direction of George Bennett. In the evening competitive drills will be judged by United States army officers. Keen rivalry exists among the drill companies.

An automobile trip to the state university farm at Davis, with entertainment and refreshments provided by Yolo county Sir Knights, will be a Friday feature. In the evening the grand ball will take place at the state armory. Saturday will be marked by the arrival of the Shriners of Islam Temple, San Francisco, for a ceremony at the armory.

Features of the day's program will be a parade from the depot and a reception and concert at the Del Paso County Club to Shriners.

ISLAND TRAVEL WILL BE BOOSTED

"See America First" has been changed to "See Hawaii First." At a meeting of the Hawaii Promotion Committee yesterday afternoon at the Chamber of Commerce Ed Towse, Arthur Wall, L. W. de Vis Norton and Phil Dunky were named as a committee to launch a campaign to see that the people of the islands become better acquainted with the other sections.

It was thought that with the many submarine scares fewer tourists would visit the islands at this time and also travel to the mainland would be decreased. With this in mind the members acted to make a campaign to educate more who had never before taken advantage of the beauties of the other islands.

It was the belief of the committee that this summer there will be a large number of teachers and members of other professions who will forego the trip to the mainland and instead visit the beauty spots of the other islands. Maui, Kauai and Hawaii will all come in for a good tourist business in this way and residents of these islands will also visit Honolulu. George H. Vicars of Hawaii, Worth Aiken of Maui and W. H. Rice, Jr., of Kauai were in attendance at the meeting.

"I think, Harry," said Mrs. Barton, "I'll ask those new people next door to take dinner with us tonight."

"What for?" asked the husband.

"Well, the butcher left their meat here by mistake, and I think it seems only fair."—New York Times.

HAWAII'S PART IN WAR PLAN FELT AT NATIONAL CAPITAL

Militia Problems Arise, With Hint That Services May Be Called For; May Requisition German Refugee Ships

By C. S. ALBERT
(Special Star-Bulletin Correspondence)

WASHINGTON, D. C., April 5.—The settling down to a state of actual war between the United States and Germany has resulted in changed conditions here. Plans for rigid censorship are under way and the publication of much information already has ceased. Suspected persons are under espionage. People watch each other. Preparations for hostilities go forward day and night. This means that billions of dollars must be raised and expended.

Aside from army and navy activities the matter of taxation is the chief topic of discussion. It is certain that revenues must be brought in from every conceivable source. In addition, great bond sales are inevitable. Sugar is not the only article that soon will be carrying heavier rates of duty. Coffee and tea may not be long exempt. Incomes will be materially boosted and exemptions reduced.

No orders have been issued for moving the militia of Hawaii but these may come along at any time. This is a great patriotic movement and Hawaii naturally must be afforded an opportunity to do her bit. The question of distance and transportation will not prove such a serious factor as was the case during the trouble along the Mexican border.

The services of the Hawaiian guardsmen will not be so essential in the islands because of Japanese apprehension. In this case the United States and Japan are allies. No necessity will exist for maintaining scrutiny over all things pertaining to the Japanese empire. This is the time when that people will be taken into partnership and trusted.

The question of seizing and utilizing the German ships, interned and refugee, in Honolulu has not been determined. This will be taken up immediately after the war is in full swing. The present idea is that they will be taken over as requisitioned vessels and used for all governmental purposes. The matter of compensating their owners will be one of the problems for settlement when the controversy is ended.

The patriotic spirit manifested by citizens of Hawaii has been appreciated here. The offer of the wireless plants and radio stations was accepted by the officials as manifesting the proper spirit.

The sending of congratulations to Senator Lodge for his resentments of insults from a pacifist, by Circuit Judge Ashford and others in Honolulu attracted much attention. These helped to demonstrate that Hawaii is right in the front ranks along with all other sections of the country in seeking to uphold the president's hands and wage warfare for the protection of American rights at sea.

NORGAARD IS PROBING KAUAI CATTLE DISEASE

(Special Star-Bulletin Correspondence)

LIHUE, Kauai, April 17.—Dr. Victor A. Norgaard arrived at Ahukini this morning and went at once to Hanalei to investigate the condition of livestock at that place.

It is reported that over 10 cattle and about a dozen horses have succumbed to the disease which is commonly reported to be anthrax. The disease takes several different forms but one in which the animals fall suddenly as in apoplexy seems to be the most common.

The dead animals have been buried in crude oil to prevent the spread of the disease and every possible precaution is being taken. An effective quarantine on all animals to or from the district has been established.

Rowneder—My dear, it was, of course, business that detained me till midnight.

Mrs. Rowneder—Yes.

Mr. Rowneder—You know I would not deceive you.

Mrs. Rowneder—No, Charlie, you wouldn't deceive me, no matter what you said.—New York Times.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood.—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, a well known Specialist who has studied widely both in this county and Europe, said: If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your lagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthening and the best blood builder in the world. The only trouble was that the old forms of inorganic iron, like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit $100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Hollister Drug Co., Bensen, Smith & Co., Chambers Drug Co. and all other druggists.

The House of Dependable Merchandise — KING STREET AT FORT

Household Equipment
—2nd Floor.

50-Ft. TROPIC HOSE, Regularly $9.00, Special $7.00
25 Ft., reg. $4.75, Special $3.75
Including connections.
Special price lasts till May 10.

Send a fire-quenching stream of chemical into the most difficult places with the

FYR-FYTER

Introductory price $7.00

Suppose a fire started under your automobile. With the usual type of extinguisher, it would be next to impossible to direct the stream to the fire. With the Fyr-Fyter, on the other hand, you can send the stream of chemical directly at the base of the fire, and it will be smothered out in the shortest possible time. The nozzle is so placed on the Fyr-Fyter that it sends the stream out at an angle, instead of straight ahead. It cannot get jammed.

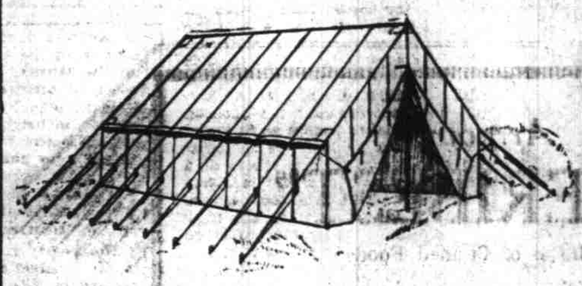
We carry refills for the Fyr-Fyter, so that you can get one replenished with non-deteriorating chemical at any time. Equip your cars, your home, your plantation buildings with the Fyr-Fyters. Approved by the Fire Underwriters' Laboratories.

We are sole agents in the Territory

White enameled Steel Kitchen Cabinets

Made of pressed steel, heavily enameled. Has porcelain enameled steel, sliding table top.

Sanitary and Convenient



Canvas TENTS

of every size and style. White or khaki colored.

Our tents are carried in stock, so that you may get immediate delivery.

Boy Scout Tents $4.50

The lightest, neatest, most compact tent of its kind ever put upon the local market.

A tent every scout and out-door loving boy will appreciate, because it is "the real thing."

Made of absolutely water-proof U. S. army khaki drill; jointed poles with brass ferrules; rear end of tent may be closed; packs in a case 5 inches in diameter and 21 inches long.

Also Gold Medal Folding Cots and Camp Chairs
—Second Floor

HOW "TIZ" GLADDENS TIRED, ACHING FEET

No More Sore, Puffed-up, Tender, Aching Feet—No Corns or Callouses

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25-cent box of "Tiz" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.—Adv.

FORD STARTS ON HIS 'VACATION'

Alexander Hume Ford is off today on his vacation, the first lap of which will be spent on the island of Maui. With him are Joseph Stickney, his secretary and co-worker, Lionel de Vis Norton of the Hawaii publicity commission, and George H. Vicars, president of the Hilo board of trade.

"I am off for my vacation, the first in three years," said Ford this morning. "The others think they are going on a vacation, also. I pity them. There is a valise full of shorthand notebooks going along for Joe to fill up with notes, while Vicars and de Vis Norton will find a Trail and Mountain itinerary mapped out for them that will keep them moving every moment—I need the exercise.

"But seriously speaking, we are going to do Maui so that we can inaugurate a movement along Pan-Pacific lines, that is, each island work for the other instead of for itself. Two or three years ago the Trail and Mountain Club sent more than 100 people through Haleakala crate and we then started a system of rest houses around Maui; these are now being used and the guide service we started then is now in splendid working order so that we go the next step and erect a rest house every ten miles around Maui and through the crater when we begin again to send our ship loads of people to Maui. A number of times the Trail and Mountain Club has chartered inter-Island steamers for cheap excursions to the other islands, and now that we have a very low cruise rate to Maui, Hawaii and Kauai we are going to have rest houses on all of the islands and begin a permanent campaign of sending people to each of the different islands and getting them to visit us. We have been working up to this for months and have the assurance of cooperation from the promotion committee.

"On this vacation trip we expect to tramp or ride through the crater, go over the Ditch trail and explore likely spots on West Maui that are seldom visited. I have been asked for a number of Hawaiian articles from the mainland magazines and I think now that we can turn them out. We all have cameras along and I am getting out a complete three-color edition of the Mid-Pacific magazine that will depict in all the brilliancy of tropical color the marvelous scenic attractions of our islands. Believe me, this is going to be a great holiday and I hope when our pioneering party is through with it that we shall have prepared the way to send everyone to follow on our trail and do all the islands. We are going to do Hawaii next, then Kauai and of course our home island—Oahu."

Edgar B. Ward, former second vice president of the Prudential Insurance Company and one of its original directors, died at his home at East Orange, N. J., aged 68 years. He retired seven years ago.

Chancellor of the Exchequer Law, in the Commons, appealed to all Irish members to join in the negotiations designed to effect a settlement of the Irish question.

Country home lots at the VOLCANO
