THE ALLIED WAR RELIEF BENEFIT

On the evening of June 22 the pupils of Madam Lester are going to give a varied and charming dancing program as a benefit for the Hawaiian Allied War Relief Work. Some among those entertaining will be "Pat" Fenton of Australia. Little Hyberta Humes is another fascinating

little entertainer, and Gwendolin Waterhouse will do especially pretty dances. Bryant Cooper and Gerd Hiorth will give the Black and White Trot which was such a charming number on the recent exhibition program that Madam Lester gave.

A large audience is expected as the tickets are selling splendidly. The matinee on Friday for the juniors and youngsters of the city is an added feature that will be pleasing to parents and friends.

Mr. V. V. Newell and Mrs. Georgia G. Scott were married at 4 o'clock Monday afternoon at the residence of Rev. Dr. William H. Fry. After a honeymoon tour of the island, Mr. and Mrs. Newell will make their home on Eleventh avenue, Haimuki.

"Pat" Fenton, a clever and remarkable child entertainer, who has made thousands of dollars for Red Cross work in Australia, and who will do a "stunt" at the Hawaiian Allied Relief concert to be presented on the evening of the 23d of this month. She is only seven years old.

The matinee which will be one of the features of this dancing exhibition of Madam Lester's pupils on June 22 at the Bijou will be welcome news to the small kiddies of Honolulu. Added features will be the appearance of several clever children here, one a girl of seven, "Pat" Fenton. She is to do a "stunt" which is to be a surprise. This youngster came from Australia and has made thousands of dollars for war relief work. She and relatives are stopping at the Young Hotel. Another talented juvenile is Hyberta Humes, who is a very graceful dancer. A beautiful number will be the Black and White trot by Gerd Hiorth and Bryant Cooper. The list of patronesses represents the society women of Honolulu and a large audience will greet the dancers.

WOMEN OF CALIFORNIA AID WAR WORK

SAN FRANCISCO—From buying Liberty Loan bonds to fitting herself to fill the humblest positions of menial service, woman is making herself a useful cog in the great wheel of war. She is working on the principle that no unit is too insignificant to be considered. There are ambulances to be driven. Failing that, she will drive a service wagon, an auto-

mobile truck which carries supplies from base to demand. There are wounds to bind. If she finds herself without training as a real nurse she will go as a nurse's helper, ready to hold the bandages and carry the water and oils. There are many millions of war bonds to be purchased. If she cannot afford to buy twenty or ten or five she buys one. If she has not the price for the one she pays five dollars "down" and

pledges her word that she will pay the balance when she can.

Such is woman in time of stress. One of the latest instances of her resourcefulness is given at Wellesley College, the alumnae of which has for its president a San Francisco girl, Miss Mabel Pierce. The alumnae is conducting a campaign for life memberships at \$25 each, the aggregate fund to be invested in Liberty Loan bonds. In the ordinary course of events each alumna of Wellesley would pay her dues to the alumnae annually. In the present regime she is urged to pay \$25 in a lump sum for a life membership, that her \$25 may go into the coffers from which the war is to be financed. Miss Pierce left yesterday for New York, where she will attend the commencement week affairs at Wellesley, beginning June 20.

From this activity it is a far cry to wireless telegraphy, but not too far for the ingenious mind of woman to encompass. Two of San Francisco's young society matrons, Mrs. Baldwin Wood and Mrs. George Howard, Jr., have declared their intention of taking a course in this interesting work, a working knowledge of which will be an important asset to one who would want to assist the Signal Corps. —San Francisco Chronicle, June 3.
