## GEN. CARTER HAS JAPAN WAR SCARE FOR CONGRESSMEN

(Associated Press Cable.)

WASHINGTON, D. C., JAN. 12.—MAJ. GEN. WILLIAM H. CARTER OF THE GENERAL STAFF, AND ONE OF THE MOST INFLUENTIAL OFFICERS OF THE U. S. ARMY, TODAY DECLARED BEFORE THE HOUSE COMMITTEE ON MILITARY AFFAIRS THAT THERE ARE 35,000 FORMER JAPANESE SOLDIERS IN HAWAII WHO WILL SUPPORT JAPAN IN CASE OF WAR BETWEEN THE TWO NATIONS. MAJ. GEN. CARTER MADE THE OPEN DECLARATION THAT THE GOVERNMENT MUST GREATLY ENLARGE ITS MILITARY PLANS FOR HAWAII OR ELSE DISPOSE OF ITS INSULAR POSSESSIONS.

## SAYS INTER-ISLAND FRUIT INSPECTION HERE A FARCE

That the inspection of inter-island steamer passengers' baggage for fruit, as carried out under the board of agriculture and forestry is "an absolute farce," is the opinion of Professor Henry Severin, expressed during his lecture before the agriculture seminar of the College of Hawaii yesterday afternoon. The inspector, instead of carrying out his duties, alleges Severin, loafs about the wharf talking to friends and inspects the baggage of the steamer passengers only. All other passengers can take what they like on board. The matter came up in connection with the professor's lecture on the Mediterranean fruit fly was dealt with in that portion of his address covering the packing and shipping of bananas. Professor Severin stated that he took his grip and filled it with oranges that were rotten with the fruit fly maggots. He went down to the wharf where one of the inter-island boats was getting ready to sail and walked on board without anyone saying a word to him. The inspector was standing near the gangplank talking to a friend. Severin came down again with his grip and saw the in-

## JAPAN NOT YET READY TO RECOGNIZE CHINESE REPUBLIC

While no official invitation has been extended to the Japanese government by the President of the United States to participate in the exhibition in San Francisco, it is the general desire, said Mr. Nagai, of the Japanese officials and business men of Japan to help make the exhibition a success. **New Ambassador Coming.** Viscount S. Chinda, the new Japanese ambassador to Washington, will, said Consul Nagai today, pass through here en route to the United States in the Suiyo Maru, due to arrive at this port on February 9. Before leaving Japan, Consul Nagai had a talk with the new ambassador regarding the official duties of the consuls under his jurisdiction. As yet no official notification as to the coming of the new ambassador has been received locally by Consul-General Uysno. **Japan Exhibits in San Francisco.** During his long stay in Japan, Consul Nagai talked over with high officials the matter of sending Japanese exhibits to the San Francisco fair.

## \$5,000,000 FOR HAWAII DETAILS OF PLANS FOR ARMY HERE

BY C. S. ALBERT.

(Special Bulletin Correspondence.) WASHINGTON, D. C., Jan. 12.—Details as to the final strength of the military forces stationed in the Hawaiian Islands, and an estimate of the amount of money that will be required in the War Department's important building plans, have been secured from the department, following the announcement a few days ago of the

outline of the special army board's report. The program which will eventually be carried into operation contemplates an expenditure of about \$5,000,000. An enormous amount of construction will be necessary to provide suitable accommodations for the various arms of the service represented. It is computed that the erection of buildings will require about \$600,000 for each regiment. **Concentration Plans.** The final strength of the military force stationed in the Hawaiian Islands has been definitely determined by the officials of the War Department. The aggregate will comprise regiments of infantry, with 150 men to each company; one regiment of cavalry at full war strength, one regiment of

## SHERIDAN DELAYED Auto Law Planned

A fragmentary wireless message from the army transport Sheridan was picked up by the navy wireless station last night. Halting and incomplete, all that could be learned from it is that the transport will not reach Honolulu until Sunday, two days behind schedule. The message was so broken that the reason for the delay could not be made out. Then the station got out of touch with the ship altogether. Whether the transport is meeting with engine trouble or adverse weather is a matter of speculation. The former seems a more probable explanation for the delay, as the Sierra arrived this morning on time. For some reason the mail was split between the Sierra and the Sheridan, so letters will be held back two days.

Major Wholley, assigned to the Second Infantry, and who will command Fort Shafter, is a passenger on the Sheridan. The transport is bringing Lieutenant Campanole, the almost mythical officer who has been on the point of reporting for duty at department headquarters for the past year, and C. F. Parsons, a major, another addition to the Hawaiian staff, will not be over until the February transport. At present department headquarters is without any messengers and also minus a janitor. Major Ernest V. Smith, also assigned to the Second Infantry, will not arrive by the Sheridan, having waited over one transport. Secretary E. A. Mott-Smith is suffering with a severe cold and has not been in his office for the last two days.

## SUTTON URGES COMMON-SENSE GROUNDS IN BANANA CASES

In a brief filed in the supreme court this morning in connection with the appeal of the board of health against the judgment of Judge Cooper in the Lucas banana case, Deputy Attorney General E. White Sutton has presented an entirely different aspect of the case. Instead of keeping to the technical evidence he has introduced throughout the brief a number of sections dealing with the reasonableness of the matter in hand. He gets right down to bed rock as to what the legislature really meant when it passed the law giving the board of health the power to make regulations. The portions printed below will show the style in which the brief is made and will present a new line of argument along reasonable lines. The matter now goes before the supreme court. Sutton in his argument quotes section 591 of the Revised Laws which gives the board of health power to make regulation respecting nuisances and water in which mosquito larvae

E. WHITE SUTTON Leading Sanitation Fight.

## MOOSE WILL ENTER FLORAL PARADE

Honolulu's newly organized branch said this morning that there will probably be the Loyd Order of Moose has come up to be twelve or fifteen machines in forward with enthusiastic plans for line for the Moose. C. H. Brown was participation in the Floral Parade on named chairman of the special committee. At a special meeting of mittes to carry out the plans the order held last night in K. of P. The Moose colors are red and white. Hall, the members voted favorably on and those marching in the parade will wear special uniforms. The colors lend themselves readily to striking decision of at least 500 members of the order, the participation of a drill team, The Moose section of the parade a big decorated float and a number of promises now to be one of the big decorated autos. Officers of the lodge will probably ride in autos, and I. W. Long, organizer of the branch here, established but a few months.

## Fear In Denial Of Severin

"I have not written to Professor Severin," stated the Governor this morning, "and if he received a letter it must have been one written while I was asleep. I have had no complaints made to me about the experiments being carried on at the College of Hawaii. As for Professor Severin, I would not know the man if I saw him." This was the statement made by the Governor this morning in answer to a question bearing on the statements made yesterday afternoon by Professor Severin of the College of Hawaii that Governor Fear had written him to stop in his investigation of the fruit fly pest in its relation to the banana. **Confirming the story in the Bulletin yesterday that this work had not been stopped because the regents did not agree with his methods of investigation and because protests from others in Honolulu had been made to the regents, he read the following letters from President Gilmore:** "Dear Sir:—I was yesterday informed by Judge Henry E. Cooper, president of the board of regents, that considerable anxiety exists regarding

As a direct result of the Murray manslaughter case, wherein the supervisor is charged with manslaughter for causing the death of an aged Porto Rican who was knocked down by the auto party celebrating New Year's, the Civic Federation will be asked to take up the matter of speeding autos. P. M. Pond declared yesterday that he will bring before the committee on law and order proposals for a county ordinance requiring any person riding in an auto that strikes or injures any other person, to care for the injured person immediately and to report the facts at once to the police. "Such an ordinance is in force in many cities, and heavy penalties are inflicted on those who violate it," said Mr. Pond yesterday. "It has been held good by the courts, I believe and it should be in force here. I intend to bring it to the notice of the Civic Federation at once."

## NEW FORT STREET BLOCK STARTS NEXT MONTH

Manager Cooke of C. M. Cooke, Ltd., hopes that by the latter part of February plans for the new building on the corner of Fort street and Chaplain lane will be sufficiently advanced to proceed with the construction. The new block that is to replace the wooden shacks matted of the Love building will be a three-story structure with stores on the street floor and apartments for offices and rooms on the second and third floors. The rumor was current this morning that the tenants now on the lot had received sixty days' notice to quit the premises. Mr. Cooke in speaking of his plans said that he hoped to start construction on this new block as soon as work is finished on the block at the corner of Nuuanu and Beretania streets.

## ANNOUNCEMENT

The main dining room of the Alexander Young Hotel, located on the sixth floor will re-open Monday morning, January 15th. A competent French Chef and staff will have charge of the kitchen department. The public is assured of service not excelled anywhere. J. H. HERTSCHE, Manager. **SUGAR** SAN FRANCISCO, Cal., Jan. 12.—Beets: 88 analysis, 14s. 9d.; parity, 5.15c. Previous quotation, 14s. 7 1/2-2d.

## 7 Turkish Gunboats Sunk

(Associated Press Cable.) **ROME, Italy, Jan. 12.**—Seven Turkish gunboats and an armed yacht have been sunk in the Red Sea by Italian war vessels.

## INFANTRY OFF TO CHINA WAR

(Special Bulletin Cable.) **MANILA, P. I., Jan. 12.**—The transport Logan left this port today for China Wing Tao with a battalion of the Fifteenth Infantry.

## MILLION MINERS WILL STRIKE

(Special Bulletin Cable.) **LONDON, Eng., Jan. 12.**—A strike of 900,000 coal miners is assured, according to the results of balloting. It will become effective in a month.

## EAST WEATHER RECORD BROKEN

(Associated Press Cable.) **SAN FRANCISCO, Cal., Jan. 12.**—Reports from many points are that this is the coldest season on record for the entire East. **BRYAN FOR ONCE IS NOT TALKING POLITICS** (Special Bulletin Wireless.) **NEW YORK, N. Y., Jan. 12.**—William Jennings Bryan left today on a Southern lecture tour. He was non-committal when asked as to political events. **BEET FARMERS DENY CHARGES OF PEONAGE** (Special Bulletin Wireless.) **WASHINGTON, D. C., Jan. 12.**—Colorado beet farmers have made statements denying that labor conditions are bad, as has been charged. **LABOR RIOTS IN MASS.** (Special Bulletin Wireless.) **LAWRENCE, Mass., Jan. 12.**—The striking mill operatives became riotous today. **PERSIA IN CONFUSION** **WASHINGTON, D. C., Jan. 12.**—F. E. Cairns, the American whom Morgan Shuster left in charge of the Persian treasury when he himself was dismissed, today cabled to Congressman Sulzer an urgent appeal to assist in straightening out the confusion. **MURDERER HANGS** **SAN QUENTIN, Cal., Jan. 12.**—Mark A. Wilkins was hanged here today for the murder of Mrs. Vernie Carmen, his paramour. One of the boys who escaped from the reform school is still at large and Probation Officer Anderson is playing detective for the time being. The boy's name is Maki Hapai and he stands about five feet six inches high and weighs in the neighborhood of 160 pounds. He is three quarter white and is a fat round faced boy.

## 120 THOUSAND TONNAGE AT THE PORT

One hundred and twenty thousand tons of shipping rides at the port of Honolulu today. A remarkable showing is made in the registered tonnage of shipping which has been accumulating in the harbor. Figures taken at random this morning, and including the five cruises of the Pacific fleet, which are a considerable factor in the tonnage, show the surprising total of 119,524 tons, represented in the various vessels—steam and sail—now at this port. That wharftage is fast becoming a scarce article in Honolulu shipping may be gleaned from a glance down the list of vessels now waiting here. Taking the five United States cruises, each with an estimated tonnage of 15,680, brings the fleet total to 68,400. To this is added such steam craft as the Glacier, #8325; Nippon Maru, #1685; Hongkong Maru, #1688; Sierra, #5989; Arizona, #871; transport Sheridan, to arrive at any moment, #673; ship E. M. Phelps, #2998; German ship Herzogin Cecelle, #241; Schonnors, Transit #47, Spokane #39 and Bendixon #41; bark Rithel, #1097, and schooner Helene, #27 tons.
