# EVENING BULLETIN

3:30 EDITION

As An Advertising Medium Is Worth While Trying

AS ADVERTISING IS TO EVERY OTHER BUSINESS, SO IT WILL BE TO YOURS—IF YOU USE THE BULLETIN AS A MEDIUM OF PUBLICITY.

ESTABLISHED 1882. No. 5160. 12 PAGES.—HONOLULU, TERRITORY OF HAWAII, WEDNESDAY, FEBRUARY 14, 1912.—12 PAGES. PRICE 5 CENTS.

## KUHIO HERE; SILENT

Delegate Kuhio arrived this afternoon on the steamer Lurline from the Coast, coming from Washington on an announced mission to continue his fight on Governor Frear. He was met by newspapermen, but declined to make any statement whatever. "I have nothing to say now," was his reply to requests for a statement. R. W. Shingle and Col. Sam Parker went out to meet the steamer off port and at once met the Delegate.

## HAWAIIAN CHINESE TO PROTEST YUAN

### Brussels Pact Now Assured

Mr. J. E. Hackfeld, head of H. Hackfeld & Co., has received a cablegram from Bremen, Germany, stating that the Brussels convention, which controls the beet-sugar production of Europe, will be renewed for a further period of five years, and that the Russian empire has been conceded 159,000 tons per year for 1911 and 1912 and 160,000 tons later on. This means that Russia's sugar exports will be again restricted and that the European exports will be held down correspondingly, and is of vital and encouraging importance to Hawaii's sugar prospects.

### Coastwise Law Safe Now

Proposed suspension of the coastwise shipping laws to allow foreign vessels to engage in the coast-to-Hawaii passenger traffic has been probably knocked out in the heat for this session of Congress, anyway, according to a communication from George McK. McClellan, secretary to the Delegate, that has been sent to the Chamber of Commerce and will be taken up at a trustees' meeting this afternoon.

### KNAPP DISPOSES OF THAT RUMOR

Charles L. Knapp, former member of Congress from New York, is not a candidate for Collector of Customs in Hawaii. He said so himself, on his arrival this afternoon by the steamer Lurline from the Coast, thus disposing of whatever serious consideration might be given the morning paper's reiterated reports that he may be the man to succeed Collector Stackable. "I'm here for my health, and I have no idea whatever of being the collector, and certainly am not a candidate and don't want it," said Mr. Knapp. He intends to return to the Coast on the Marama shortly. Congressman Kahn of California is one of Knapp's friends and has written to local people asking them to extend every courtesy to him. Kahn is understood to be a supporter of Stackable, and it doesn't look very much as if Kahn knows anything about a possible collectorship for Mr. Knapp.

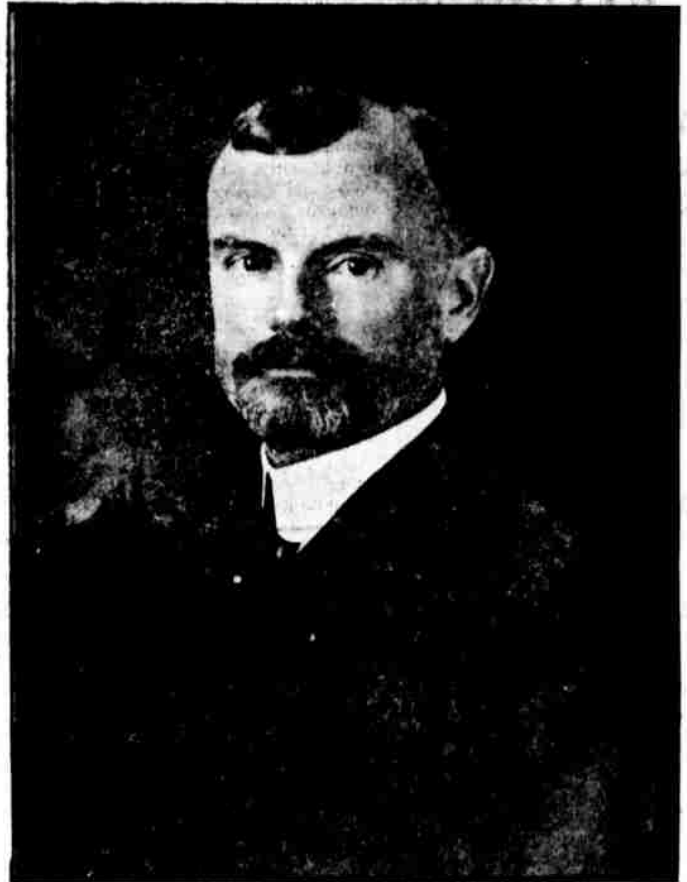

## \$170,000 FOR SEACOAST BATTERIES FOR HAWAII

WASHINGTON, D. C., Feb. 14.—One hundred and seventy thousands dollars is allowed for seacoast batteries in Hawaii in the fortifications bill as reported out of committee to the House. Two hundred and twenty-two thousand was requested in the bill originally. C. S. ALBERT.

This dispatch, in the opinion of high Army officers here, indicates that Major General Arthur Murray's recent trip to Oahu, and his cruise around the island on the California with Admiral Thomas, is already productive of results. After a month spent in exhaustive study of the coast-defense problems of the island, General Murray decided to recommend a chain of mortar batteries to completely encircle the island, their zones of fire intersecting, so that any hostile ship would be within the minimum range at 10,000 yards. While \$170,000 would of course not cover the installation of the complete chain of batteries, it would, nevertheless, do a good part of the engineering work. This only, it is understood, is included in the appropriation. "I have not seen the estimates of the proposed work," said General Murray, "but mortar batteries such as are planned for Oahu coast defense will not require heavy and costly emplacements. There are no woods in which to conceal the mortars, but they can be hidden from view by sand-pits and embankments. The important thing is to have a place for ammunition which can not be exploded by a shell. This will probably be accomplished by storing the ammunition underground. I am not familiar with the figures and estimates, but it would seem that this appropriation, if it is to be applied to General Murray's plan, is for engineering work alone." Another possibility is that the \$170,000 appropriated is to complete the mortar emplacements, fire control installation and searchlights at Fort Kaneohe.

## DEMAND UNITY IN HAWAII

"CUT OUT PERSONAL ISSUES"—SAYS J. P. COOKE "LET COMMISSIONER DECIDE"—E. D. TENNEY

J. P. Cooke, president of the newly formed Taft League spoke this morning in response to a request from the Bulletin for a statement of his position as follows: "I think the one issue of the coming convention is the election of delegates to the National Republican convention to name a candidate for President. I believe all local personal issues should be set aside and not allowed to enter into this matter in any way whatsoever."

E. D. Tenney, speaking this morning of the local difficulties with which the President is now dealing made the following statement: "I think that if the President of the United States will send a commissioner here to investigate conditions and all parties will agree to abide by his decision, it will be the best solution of the differences between Governor Frear and the Delegate to Congress and the differences in the Republican party growing out of it."

The last of five thousand four hundred tons sugar is going into the American ship Eskline M. Phelps today and that vessel is believed to be ready for sea tomorrow. The Phelps is destined for the east coast of the United States and will proceed around the Horn to Delaware Breakwater, there to await orders concerning her destination.

### BULLETIN. DIVISION SURE

That Hawaii is to be a separate division instead of a department and that troops are to be rushed here this summer, is the news brought from the Coast by C. P. Parsons, who arrived on the transport Sherman this afternoon to become clerk at department headquarters here. Mr. Parsons brings information regarded as accurate that the change is to be made about July, that the 11th Infantry is under orders to come and will follow the First on the next boat, that the Twenty-fifth will come in July and the Sixteenth in September. It's the biggest Army news headquarters here has received in a long time.

### Leaders Arrested

(Associated Press Cable.) SAN FRANCISCO, Cal., Feb. 14.—As a result of the Indianapolis grand jury indictments, thirty-nine arrests have been made in nineteen cities of prominent labor leaders and others charged with complicity in the union dynamiting plots. President Ryan of the Structural Iron and Bridge Workers' Union, eleven business agents, four officials, members and former members of the executive board of the union, are under arrest.

### SAYS GOMPERS ET AL. ARE NOT IMPLICATED

(Associated Press Cable.) WASHINGTON, D. C., Feb. 14.—The Department of Justice says that there is no evidence to implicate President Gompers, Vice-President Mitchell or Secretary Morrison of the American Federation of Labor in the dynamiting cases.

### HERRICK GETS SUPPORT

(Associated Press Cable.) WASHINGTON, D. C., Feb. 14.—The Senate committee on foreign relations favors ex-Governor Myron T. Herrick of Ohio as ambassador to France.

(Special Bulletin Cable.) ATLANTA, Ga., Feb. 14.—The Republican State central committee has endorsed Taft for reelection. President Taft may attend the dinner of the Charitable Irish Society of Boston next St. Patrick's Day.

## NEW PRESIDENT IS CALLED A TRAITOR

NANKING, FEBRUARY 14, 1912 (8:40 A. M.). CHINESE UNITED SOCIETY, HONOLULU: EMPEROR ABDICATED. FEBRUARY 15 HAS BEEN SET ASIDE AS A DAY TO CELEBRATE THE UNIFICATION OF CHINA. PLEASE NOTIFY CHINESE OF HAWAII. (SIGNED) WONG CHUNG WAI, VICE-MINISTER FOREIGN AFFAIRS, REPUBLIC OF CHINA.

(Special Bulletin Cable.) NANKING, China, Feb. 14.—Dr. Sun Yat Sen and leaders of the new republic have recommended Gen. Yuan Shih Kai for president. In a message to the assembly Dr. Sun declares he doesn't want the presidency.

Powerful Chinese in Hawaii, men close to Dr. Sun Yat Sen and his long struggle for the freedom of China, are planning a protest against the seating of Yuan Shih Kai, the imperial leader and former Premier, as President of the new Republic. As told by the Bulletin's cables yesterday, Yuan has asked the Powers to recognize him as President. If a protest from Hawaii avails, he will not be presented.

Yuan is bitterly opposed here. He is declared to be a traitor at heart, a hypocrite, and a dangerous man to entrust with the dearly-bought liberty of the new China.

Chinese Consul Chen Ching Ho, who was notified by cable late yesterday afternoon of Yuan's ascendancy and of his own position here, said today that he is hourly expecting a cablegram from the Chinese Minister at Washington giving the attitude of the Powers with reference to Yuan's requests.

The Hawaii Chinese, said one of the leading merchants of Honolulu this morning, will meet some time this afternoon and discuss the advisability of cabling to President Sun Yat Sen and Dr. Wu Ting Fang to forward to the Powers protest against the recognition of Yuan Shih Kai as the first President of China. They are of the opinion that should the Powers recognize Yuan as President, the Chinese people in China and throughout the world will be dissatisfied with his administration.

C. K. Ai, manager of the City Mill Company, Ltd., and one of the best-known Chinese in Honolulu, said this morning: "I have no confidence in Yuan Shih Kai. He is a traitor and the interests of the Chinese in China and elsewhere will be jeopardized."

## MORE TROOPS COME

More troops for Oahu. Not a new regiment, but the other half of a regiment that has been stationed here some time and that is now to be brought together as a concrete organization in line with the War Department's far-reaching policy of defending the strategic key of the Pacific. The first battalion of the 1st Field Artillery is soon to be sent here from the Philippines, according to private advices from Washington, received by Colonel Rumbough, its commanding officer. That although no orders are out as yet, Colonel Rumbough considers this information authentic, is evidenced by the fact that he has already put in a requisition for quarters to accommodate the officers and men of the expected battalion. Regimental headquarters and companies D, E and F, comprising the second battalion, are now stationed at Schofield Barracks. Although the date of arrival of the first battalion has not been definitely announced, it is believed that the field artillerymen will be here within a few months.

### NEW STAR NOW IN FLAG

(Associated Press Cable.) WASHINGTON, D. C., Feb. 14.—President Taft signed the Arizona statehood bill at 10 o'clock this morning. George W. P. Hunt was inaugurated governor of Phoenix with simple ceremonies.

### MEXICAN REBELS ACTIVE

(Special Bulletin Cable.) MEXICO CITY, Mex., Feb. 14.—The rebels are overrunning Coahuila, Durango, Zacatecas and Guanajuato.

### PARLIAMENT OPENS

(Associated Press Cable.) LONDON, Eng., Feb. 14.—Parliament opened today with much ceremony.

### BAD WRECK ON G. N.

(Special Bulletin Cable.) DOYON, N. D., Feb. 14.—Two people were fatally injured, fourteen seriously and twenty slightly in a wreck of the Great Northern Limited.
