EVENING BULLETIN

3:30 EDITION

Advertising Value Is a Direct Quantity

This is a time when the public wants to know everything about everything, and the only way for a business to keep in touch with the public is to TELL ABOUT ITSELF IN PUBLIC PRINT.

ESTABLISHED 1882. No. 5010.

10 PAGES.—HONOLULU, TERRITORY OF HAWAII, MONDAY, AUGUST 21, 1911.—10 PAGES.

PRICE 5 CENTS.

REPUBLICAN COMMITTEE INDORSES PRATT NOW

3 SENATORS BEFRIEND ARBITRATION

ALIENS WILL BE TREATED ALIKE UNDER LAW

Dillingham Naturalization Bill Aims to Establish Standard.

NON-CITIZENSHIP HELD UNDESIRABLE

Japanese Little Affected By Proposed Regulations as Immigration Is Practically Stopped.

BY C. S. ALBERT.

(Special Bulletin Correspondence.)
WASHINGTON, D. C., Aug. 21.—That all alien immigrants who seek admission into the United States should be treated according to the same standard is the contention of the immigration commission whose studies have resulted in the "naturalization law" introduced in Congress by Senator Dillingham, chairman of the commission. The following is an explanation of the bill submitted to Congress, relating to the naturalization provisions:

This bill is based in large part on the immigration act of 1907 but contains many new provisions, the greater part of which were recommended to Congress by the Immigration Commission. Other provisions are based on recommendations which appear in the last annual report of the Commissioner-General of Immigration.

The bill proposes the repeal of all existing Chinese exclusion laws and the substitution of a provision excluding from the United States all persons who are not eligible to citizenship through naturalization. Aliens of the professional classes are excepted. Moreover, the provision does not apply to persons who are already excluded by treaty or other agreement.

Japanese Little Affected. Briefly stated, the United States naturalization law extends the privilege of citizenship to "aliens being free white persons, and to aliens of

NEW THEATRE IS TO ENTER FIELD

Local Promoter Said to Have Connected With Big Mainland Agents.

Despite the fact that Honolulu possesses some six theatres, not including those of the Japanese and Chinese districts, another one is to be built, which, when completed will eclipse all others of this city in matter of size and modern equipment, it is stated. The new theatre which will be called The Liberty, will be situated on Nuuanu street and Chaplain lane and will be built after the style of the airdomes so popular on the mainland, but at the same time having a sound-proof roof. The building will be entirely fireproof and able to seat some 1600 persons, and will be possessed of the very latest theatre equipment so far as lights, scenery, ventilation, acoustic properties, etc., are concerned, while a class of entertainment entirely new to Honolulu theatregoers is promised by the promoters, who have made arrangements with one of the largest vaudeville circuits of the mainland to furnish The Liberty with talent.

A. K. Vierra will be at the head of the new theatre with a representative from the Sullivan & Conside offices of the mainland as his assistant to conduct the entertainment so far as the vaudeville acts and moving pictures are concerned. Although Mr. Vierra denies that Sullivan & Conside

Pratt For Chief Practically Sure

Governor Expected To Name Him Now That His Indorsement Is Unanimous

Unanimous indorsement was given Dr. J. S. B. Pratt, health officer, for president of the Board of Health to succeed E. A. Mott-Smith, by the Republican Territorial central committee at a meeting held at noon today. The meeting lasted but a few minutes, and action on the indorsement of Dr. Pratt's name was speedy and unqualified. The committee indorses Dr. Pratt as a trained sanitarian, and it is stated that in the event of his appointment by the Governor, which is now fully expected, he will have every assistance and encouragement in the administration of his office that the committee can give.

Indorsed by the medical association, by the Board of Health last Friday and now by the Republican committee, Dr. Pratt is looked upon as certain to be named this afternoon or tomorrow morning by the Governor to succeed Mott-Smith, who has already resigned from the position, his resignation becoming effective as soon as his successor is named. All of the members of the committee were either present today or had previously expressed themselves as with the committee in its action in indorsing Dr. Pratt. The committee has not taken action before because of the hope of securing Dr. Hobdy's consent to allow himself to figure as a receptive candidate. Dr. Hobdy, however, not only declined the proffered honor outright, but was himself one of the Board of Health which gave Pratt its unanimous approval.

THRICE INDORSED TO HEAD BOARD OF HEALTH

DR. J. S. B. PRATT

Governor Frear had nothing to add to the discussion of the situation when seen just at noon today. He was told of the committee's action not long afterwards, it is understood, and the appointment, it is now expected, is only a matter of hours, the Governor waiting only until the Republican committee had taken formal action.

MAUI CONTRACTOR ASKED TO FURNISH AFFIDAVITS TO BACK HIS CHARGES NOW

Contractor W. R. Patterson of Wailuku is to be asked to toe the mark and name the man or men who offered him \$2,000 to "pull" the bids for the road and bridge work on Maui. Superintendent of Public Works Marston Campbell, whose letter to W. F. Pogue was published in the Bulletin Saturday afternoon, received an answer this morning in which the vice chairman of the Maui road commission states that Patterson is to be asked for an affidavit giving a full statement on the matter.

JARED SMITH MAY GET FIELD JOB

Jared G. Smith, former president of the Kona Tobacco Company and previous to that at the head of the expedition station here, is a possible if not probable appointee to the office of marketing superintendent or field man, under the reorganized department of immigration and statistics, according to authoritative information. S. T. Starrett, the expert who came to the islands and reported on the small-farming plans, is looked upon with favor for the position, now that J. E. Higgins has turned it down, except for the fact that Starrett can not take the position for more than a few months. Mr. Smith is believed to be under consideration by the Governor. Chairman Cooper of the Republican

that the matter should not be allowed to drop and says that he has asked Mr. Patterson to make an affidavit. The secretary of the commission Engineer Howell, is away just at the present time but as soon as he comes back and the board can have a meeting the matter will be attended to. Pogue hopes that it will some time during this week and that by then Patterson will have proved his assertion or withdrawn it. He is fully in accord with the desires expressed in the letter written him, he says, and will see the matter to a finish.

BRITISH RAILROADS RESUME ACTIVITY

LONDON, Eng., Aug. 21.—The railroads are rapidly resuming their normal condition. The employees who struck expect a recognition of their demands.

THREE SENATORS DARING AVIATOR HAS GAINED GOAL PACIFIC SURETY COMPANY IN TANGLE

(Associated Press Cable.)
WASHINGTON, D. C., Aug. 21.—The arbitration treaties between the United States and France and the United States and Great Britain are favored in three minority reports presented to the Senate today, following the adverse minority report. Senator Root of New York, Senator Cullom of Illinois and Senator Burton of Ohio all presented reports generally favoring the treaties. Senator Root favors the arbitration plan, but would except its application where the Monroe doctrine or other similar cases are involved. Senator Burton favors the treaties without amendment.

CHINESE GET AN EVEN BREAK WITH MAUI

(Special Bulletin Wireless.)
WAILUKU, Aug. 21.—The Chinese Athletic Club baseball team of Honolulu split even with the Maui team in two games played here. On Saturday afternoon the Chinese nine shut out the Valley Islanders, 5 to 0. Yesterday the Maui team turned the tables, scoring 10 to 8 for the Honolulu aggregation. A fair crowd saw the games.

WOOD PLANNING ARMY CHANGES

(Special Bulletin Cable.)
WASHINGTON, D. C., Aug. 21.—General Leonard Wood, chief of staff, is planning to divide the army into continental and insular forces with permanent regimental commands in the Philippines.

TERRITORIES GET STATEHOOD

(Associated Press Cable.)
WASHINGTON, D. C., Aug. 21.—President Taft today signed the resolution admitting Arizona and New Mexico to statehood. The provision for recall of the judiciary will be eliminated from the Arizona constitution.

WILEY'S CHIEF SCORES HIM

(Associated Press Cable.)
WASHINGTON, D. C., Aug. 21.—Secretary of Agriculture Wilson, testifying before the investigating committee today, severely scored Dr. Harvey W. Wiley, head of the bureau of chemistry.

DAUGHTER OF WANG LEONG TO ENTER CONVENT HERE

(Special Bulletin Cable.)
NEW YORK, Aug. 21.—Sister May Alida, a daughter of Wang Leong, of Honolulu, is returning to Honolulu to enter the Convent of the Sacred Heart. According to the local mission's information, Sister May Alida, who is the daughter of a local Chinese merchant, is about twenty-three years old. She has been educated in New York and will arrive here late in September.

Atwood is reported as having succeeded in his flight from St. Louis to Chicago and on to New York, the first, Philadelphia.

PEARL HARBOR CONTRACTS GO TO HAWAIIAN DREDGING COMPANY AT VERY LOW BID

Sealed proposals for the foundations of seven industrial buildings for the Pearl Harbor Naval Station, were opened this morning at 11 o'clock in the office of Rear-Admiral W. C. Cowles, U. S. N. Commandant of the local station. Five of the local contractors submitted bids. That of the Hawaiian Dredging Company was by far the lowest. The price named per yard was \$17,889 in the first item concrete work, and in the second \$4 cents per foot for piling. The following contractors tendered proposals: The Lord-Young Engineering Co. for the first and second items, \$30,800 and \$1.25 respectively, John F. Bowler \$29,520 and \$1.25, L. M. Whitehouse \$26,728 and \$11, F. L. Hadley, \$23,254 and \$4.8.

It will take a few days for the naval engineers to prepare the final papers before the Hawaiian Dredging Company can start operations. Other contractors say they cannot possibly see how this company can do the work for the figures named. The Hawaiian Dredging people explain their low figures in this way: They

have a 100,000 yard contract at the present time for the concrete work in the dry dock and with all their material right at hand it is just as easy to erect the foundations at the same time. Their entire equipment is down at the workings and all of their men. They have enough remnants to construct the foundation with which only calls for 1,000 yards, trivial compared to the amount of concrete going into the dock. There will be no expense at all in shipping and hauling in the material as they have all that at hand. Three cargoes of concrete material were received by them not long ago. The contract calls for 3500 feet of piling. All required above this amount the dredging company will pay \$54 per linear foot. The foundation construction will start in about two weeks. Three months is allowed for the completion. The foundations will then be ready so that the steel frame work of the building can be set up immediately without any delay. The steel necessary is to be on the sites before the concrete has set about the first of December.

SHAFTER MEN TO GEORGE A. DAVIS SEE VOLCANO HAS RESIGNED

(Special Bulletin Wireless.)
HILO, T. H., Aug. 21.—A hundred soldiers from Fort Shafter are expected in Hilo on the Mauna Kea to make a practice march to the volcano. The above news confirms the announcement printed in the Bulletin a few days ago.

United States Commissioner George A. Davis handed in his resignation to Judge Charles F. Clemons on Saturday last and this now makes his son, Charles S. Davis, commissioner in his place. When Davis went away on leave of absence, his son was appointed to fill the position and therefore there is no need for a new appointment.

McNAMARA "KIDNAPING" MAY YET PROVE SERIOUS

(Special Bulletin Cable.)
SACRAMENTO, Cal., Aug. 21.—Governor Johnson has honored the request for the extradition of Hassick, the Los Angeles detective charged with kidnaping John J. McNamara.

CONGRESS WILL END SESSION TOMORROW

(Associated Press Cable.)
WASHINGTON, D. C., Aug. 21.—Following the resolution introduced by Senator Penrose, Congress will adjourn tomorrow.

COTTON BILL PASSES HOUSE: WILL BE VETOED

(Special Bulletin Cable.)
WASHINGTON, D. C., Aug. 21.—The House has passed the revised cotton tariff bill. It is stated that it will be vetoed.

WOULD INVESTIGATE THE PANIC OF 1907

(Associated Press Cable.)
WASHINGTON, D. C., Aug. 21.—Senator R. L. Owen of Oklahoma today introduced a resolution calling for an investigation of the panic of 1907.

Financial Affairs Involved—Former President Sued For \$100,000.

A tangle in the financial affairs of the Pacific Surety Company, of San Francisco, is furnishing worry for the state insurance commissioner as well as for the company officials. Almost simultaneously comes the announcement that the Hawaiian Trust Company, which represents the Pacific Surety Company in this Territory, has resigned its agency and is refusing to write any further business for the coast institution. It is now closing up the affairs of the surety company here, and it is probable that the Coast Company will cease to do business in Hawaii.

This announcement will be received with much interest throughout the territory, as the company has a large line of business here and has been particularly active in bonding. In fact, bonding has been one of its main features, but according to a statement by cable to the Hawaiian Trust Company, as well as a later letter of confirmation, it has ceased bonding and is now confining itself to employers' liability, plate glass, accident and health, burglary and theft and team and vehicle insurance. Say Company Is Solvent. Although the Hawaiian Trust Company has resigned the agency, it was stated that the company's offices this morning that no move to take up the outstanding policies or reinsure them will be necessary, as the company is not by any means insolvent. A statement from the California insurance

OAHU RAILWAY IS PROSPERING

Annual Meeting Shows Steady Development of Industry.

"No passenger has been injured during the year." With this simple statement President B. F. Dillingham of the Oahu Railway and Land Company, closes the report he made to the stockholders of the company at a meeting held this afternoon at 2:30 o'clock. The company's reports, physically and financially are very satisfactory. In his annual statement, President Dillingham says:

The decrease in the earnings in 1911 as compared with 1910, is due to the fact that quite a large shipment of sugar which under ordinary circumstances would have been shipped in 1909, was delayed owing to the labor strike and shipped in the last half of the calendar year 1909, which is the first half of our fiscal year of 1910,—thus making an abnormal increase in 1910, and lessening the earnings of 1910 considerably below what they otherwise would have been.
