Chinese Meets Horrible Death At Kahuku---Posse After Murderers

That another appalling crime has been added to the long list that exists at present, is the belief of Deputy Sheriff Rose and Chief McDuffie, who were informed this morning that a Chinese rice planter named Chin Ton had been beaten up at Kahuku and then thrown onto a pile of dried rice straw and almost cremated.

dead man belonged quickly informed the police of the matter. The silence of the deputy sheriff of the district is most unaccountable, and the only possible explanation is that he lives some twenty miles from where the murder took place.

WHAT PROHIBITION MEANS

"It Is Up to the Hawaiian."--Woolley Interview

J.A. Kennedy Votes "No" On Tuesday

President of Inter-Island Makes Strong Statement Against Prohibition Propaganda

President J. A. Kennedy of the Inter-Island Steam Navigation Company declared this morning that he will vote Tuesday against the Woolley-Thurston propaganda.

'I am not a prohibitionist but a restrictionist. I believe in the regulation and restriction of saloons and the liquor business in the Territory. I would like to see the Liquor Commission backed up in its endeavor to carry out the wishes of the people and the enforcement of the laws. Honolulu is a seaport town and many people do not take this important fact into consideration in making comparisons with cities and towns of the interior on the mainland where entirely different conditions prevail.

"I shall vote NO at the coming election."

ARISTOCRATIC SUBURB TO BE LAID OUT AT KAWILOA BY FIFTEEN HONOLULANS

It can't be called Nob Hill exactly, that tract out at Kawailoa, it might be the Fens of Back Bay but it will be the aristocratic suburb of all Oahu if the applications of fifteen prominent Honoluluans are approved this afternoon at the meeting of the Land Board for three acre residence tracts near the beach there.

Of all the applications which are before the board today that of E. P. Irwin and his fourteen associates is the most important in many ways. Those whose names are on the petition for these tracts besides Mr. Irwin are W. D. Adams, W. H. Melnery, D. L. Conkling, J. C. Evans, Dr. C. B. High, Frank Thompson, Robert Bond, W. T. Bingham, John Stokes, W. F. Drake, Dr. O. E. Wall, Mrs. Ella Osborn, C. R. Frazier and J. D. Melnery, the latter applying for the island of Popoia.

These fifteen have taken the cream of the lots of government land offered at Kawailoa and will have a settlement of their own in which to

spend week ends and enjoy one of the finest beaches in the Territory. The Land Board went into session this afternoon at one-thirty and it will take until late this afternoon for it to consider all the applications which are to come before it.

GOD WAN HOY IS ACQUITTED Charge Of Gross Cheat Dismissed By Judge

At the Police Court this morning Goo Wan Hoy, who was charged with gross cheat, was acquitted and discharged from custody. Judge Humphries and Attorney Magoon appeared for the defendant and Deputy County Attorney Milverton prosecuted.

The defendant went on the witness stand after a motion to dismiss had been denied by Judge Andrade. Goo Wan Hoy told of the whole transaction, and claimed that the bedsteads were not the kind ordered. A letter written in Chinese was produced, and it purported to say that the bedsteads were not satisfactory and that the freight had to be paid by the man they were consigned to.

Milverton cross-examined Goo Wan Hoy and elicited the fact that the defendant is well fixed as regards worldly goods. The defendant said that he stopped the check given to Manager Chang Chan of the River Mill Co. because he saw that the goods sent to his customer were not as represented.

The judge said that it was hard to believe that the defense had made up a story as suggested by the prosecution, and that the small amount in question made it improbable; the accused was therefore discharged.

In a former report in this case it was intimated that it was the City Mill Co. that was prosecuting Goo Wan Hoy; that was not correct as it was the River Mill Co., and the manager's name is Chang Chan, not Chang Chau.

DISCOVERY BY REGISTRATION HILO HERALD BOARDS NAMED

Plebiscite Illegal For Inspectors Just Received Notice Governor Makes Public Those Who Will Serve For Four Years

(Special Bulletin Wireless.) Hilo, Hawaii, July 20.—Herald publishes today that plebiscite is illegal as the law requires that proclamation shall be transmitted to inspectors forty days before election. Under provisions of section twenty-five of election law, Proclamation arrived here Sunday and was posted Tuesday.

Section twenty-five, which the Herald quotes as upholding its contention that the plebiscite is illegal, provides that the proclamation of a special election must be issued by the Governor forty days before the election is to be held, and that copies of the proclamation shall be transmitted to the inspectors in the different precincts.

The law further provides that the notice of the election shall be posted at three conspicuous places in each precinct, but no specification is given as to the time of the posting.

Further along there is a section of the law, however, which provides under "duties of inspector" that the inspector among other things shall post notices of the election in his precinct in places as before provided at least seven days before the election is to take place.

When shown the above wireless this afternoon Governor Frear, Secretary Mott-Smith who has charge of the election, and Attorney General Lindsay all said that the provision of section twenty-five was for the issuance of the proclamation by the Governor and that there was no provision for the inspectors.

To hold office for the next four years, five boards of registration have been appointed by Governor Walter F. Frear, part of the appointments being made yesterday and the remainder today.

In all the districts except the Fourth and Fifth on Oahu, the appointments were made effective as of yesterday, while the Oahu appointments were not finally decided upon until today and have been made as of this date. All appointments will expire in July, 1914.

Those whom the Governor has named to be members of the boards are: Island of Hawaii, First Representative District—Otto W. Rose, chairman; Manuel S. Pacheco, Wm. E. Edmonds.

If a man is really a dead one he is in a grave condition.

STREET CORNER SPEECH AGAINST PROHIBITION SCORES WOOLLEYITES

"Vote down the prohibitionists next Tuesday, and let us have liberty." At the noon hour today, in the midst of about three hundred voters, George Markham made the first anti-prohibition campaign speech against the Woolley propaganda, at the corner of King and Bethel streets. In the absence of a soap box which was ordinarily used during the past political campaign, Markham mounted on a carefully made stand and scored Woolley and the prohibition leaders. He challenged the motto come forward and oppose him; but, alas, there were no prohibitionists in the neighborhood. He called for Woolley to come forward and face the Hawaiian crowd; but he was not present. Although there were a few of his sup-
