12 PAGES.—HONOLULU, TERRITORY OF HAWAII, THURSDAY, SEPTEMBER 15, 1910.—12 PAGES.

PRICE 5 CENTS.

# DEMOCRATS' WRANGLE

## DRAKE MATTER IN TAFT'S HANDS

(Special Bulletin Cable.)  
WASHINGTON, Sept. 15.—The resignation of Walter F. Drake, United States collector of internal revenue at Honolulu has been formally withdrawn. The matter of whether Mr. Drake is to continue in office is now pending before President Taft at Beverly.

## MR. DAMON TO STUDY GARDENS

Will Seek New Ideas to Be Used in Management of Moanalua.

Semi-public gardens of the United States and Europe, and the methods of management will be the chief objects of interest to Hon. S. M. Damon, who left on the Wilhelmina for a vacation trip of three months.

Mr. Damon will visit these gardens with a view to adopting such ideas as may appeal to him as helpful in the management of the Moanalua gardens so as to secure the benefits of the grounds to the public in a manner satisfactory to all concerned.

The attractive features of Moanalua are being constantly increased, and as Honolulu grows the number of people who visit the gardens especially on Sundays, is steadily increasing. With the changes and growth of the population Mr. Damon finds that he has many new problems to meet. New conditions are constantly arising there, as well as in town, and it is the intention of the owner to learn how gardens of this character in the vicinity of the larger cities of America and Europe are handled.

Mr. Damon's chief purpose in connection with Moanalua is to make the grounds a place where the public is welcome. He asks only that the people who come shall behave themselves and not indulge in hoodlumism. Nothing pleases Mr. Damon more than to see large numbers of men, women and children of all nationalities and from all walks of life enjoying the gardens. It has been found of late months however that there is an element that does not have the regard for others that it should. Care has to be taken that those who would make of the grounds a rough, boisterous beer garden picnic place, shall not drive out the greater number of quiet families who seek a peaceful outing ground where they will not disturb others, nor be disturbed themselves.

So Mr. Damon will look about for similar estates and get as many new ideas as possible that are adaptable to local conditions. The result is certain to be for the benefit of the public in its relation to the Moanalua gardens.

## STOCK MARKET IS VERY QUIET

Sales of local stocks for the last twenty-four hours were confined to three selections.

Between boards fifty shares of Honolulu moved at 18, Waialua, in a block of fifteen shares, brought 110. This is a slight advance over the last previous sale. Hahaione makes the best showing in the few sales made. Three blocks, consisting of twenty shares each, changed hands between boards at 152.50, and five shares of another sale brought 158. The two issues inside sales are an advance of 2.50 per share over the last previous sale, which was at 110.

Dividends declared are as follows: Hawaiian, 2 1/2 cents; Oahu, 2 1/2 cents; Maui, 2 1/2 cents; Kauai, 2 1/2 cents; Molokai, 2 1/2 cents; Niihau, 2 1/2 cents; Hawaii, 2 1/2 cents.

## WOODROW WILSON IS NAMED BY DEMOCRATS

(Associated Press Cable.)  
TRENTON, N. J., Sept. 15.—Woodrow Wilson, president of Princeton University, was today nominated for Governor by the Democratic State convention. President Wilson has been talked of as a possible Democratic candidate for the Presidency, and the result of his canvass in the State election will have an important bearing on his future in that direction.

President Wilson is a native of Staunton, Va., where he was born December 28, 1856. He graduated from Princeton in 1879, and attended the law school of the University of Virginia in 1879-80. He secured the degree of Ph.D. from Johns Hopkins in 1886 and was honored by the degree of LL.D. from Wake Forest, 1887; Tulane, 1898; Johns Hopkins, 1902; Rutgers, 1902; University of Pennsylvania, 1903; Brown, 1903; Harvard, 1907; Dartmouth, 1909. He practiced law in Atlanta, Ga., 1882-3; was professor of history and political economy at Bryan Mawr, 1885-8; Wesleyan University, 1888-90; professor of jurisprudence and politics at Princeton, 1890-92, and president of the university since August 1, 1902. He is a member of the American Academy of Arts and Letters, American Academy of Political and Social Science, American Historical Association, American Economic Association, and corresponding member of the Massachusetts Historical Society. He is author of "Congressional Government—A Study in American Politics"; "The State—Elements of Historical and Practical Politics"; "Division and Reunion, 1829-89"; "An Old Master and Other Political Essays"; "George Washington"; "A History of the American People."

President Wilson was married to Ellen Louise Axson of Savannah, Ga., June 24, 1885.

Mr. Damon's chief purpose in connection with Moanalua is to make the grounds a place where the public is welcome. He asks only that the people who come shall behave themselves and not indulge in hoodlumism. Nothing pleases Mr. Damon more than to see large numbers of men, women and children of all nationalities and from all walks of life enjoying the gardens. It has been found of late months however that there is an element that does not have the regard for others that it should. Care has to be taken that those who would make of the grounds a rough, boisterous beer garden picnic place, shall not drive out the greater number of quiet families who seek a peaceful outing ground where they will not disturb others, nor be disturbed themselves.

So Mr. Damon will look about for similar estates and get as many new ideas as possible that are adaptable to local conditions. The result is certain to be for the benefit of the public in its relation to the Moanalua gardens.

## GRAY IN MINNESOTA.

(Associated Press Cable.)  
ST. PAUL, Minn., Sept. 15.—Minnesota Democrats in their State convention today nominated James Gray as their candidate for Governor. John Lind was nominated at a previous convention but refused to accept the nomination.

## KAUHANE WAS AGAINST FREAR

(Special Bulletin Wireless.)  
HILO, Sept. 15.—Governor Frear's administration had a narrow escape from a refusal to endorse by the Republican District and County convention that met in this town. The official announcement of the vote was thirty-five to thirty-seven, but it is still claimed that the motion to expunge the endorsement was carried.

Chairman Kaubane of the platform committee was the man who set the trouble going. Mr. Kaubane, when the platform committee returned to the convention, submitted a minority report opposing the platform endorsement of the administration of Governor Frear.

After considerable discussion, the motion was put on the vote and carried. The official announcement of the vote was thirty-five to thirty-seven, but it is still claimed that the motion to expunge the endorsement was carried.

## DEMOCRATS' TERRITORIAL CONVENTION IN SESSION

PARTY DELEGATES ARE READY FOR WORK

Morning Session Is Occupied With Preliminaries To Nominations.

SHIPMAN ELECTED AS CONVENTION CHAIRMAN

The appointment of committees on credentials, rules and platform and the selecting of a permanent convention organization were the accomplishments of the Territorial convention of the Democratic party, this morning. The convention convened in Knights of Pythias Hall shortly after 10 o'clock, but the greater portion of the morning was lost in adjournment for the deliberations of the credentials committee.

The hall was decorated with United States and Hawaiian flags and bore a truly patriotic air. The election of committees on credentials, rules and platform and the selecting of a permanent convention organization were the accomplishments of the Territorial convention of the Democratic party, this morning.

L. L. McCANDLESS

sive element of harmony was furnished by a quintet club and the singing of Democratic campaign songs by the musicians.

The convention was called to order by Fred Weed, and a prayer offered by one of the delegates followed. The formal call for the Territorial convention was then read by T. J. Ryan.

On the nominations for temporary chairman there was no opposition to O. S. Shipman. G. K. Kawahaku was named secretary of the convention.

## MAKEKAU TO FIGHT NUTLEY

(Special Bulletin Wireless.)  
HILO, Sept. 15.—Senator Makekahu declares that he will fight Nutley in the House Bill convention that meets here today to nominate candidates for the County and Legislative offices. He has been named as the Democratic candidate for House Bill.

## MCCARTHY'S PLANK THAT THREATENS PARTY SPLIT

The plank on immigration, written by Col. McCarthy and the refusal of which by McCandless caused him to leave the party this year, is printed today in full.

Senator McCarthy stated this morning that he drafted the plank in the belief that it covered the subject and at the same time would protect the prosperity of the country.

"It was refused by McCandless," said McCarthy, "and that is why I am out of it."

McCandless stated this morning that the immigration platform that would be adopted by the convention would declare a continuance of immigration for a period of two years, the money realized from the special income tax being devoted to the construction of belt roads throughout the islands.

"I believe that is what the convention will endorse," said McCandless.

The McCarthy plank is as follows:

"We voice the need of more people in this Territory, to develop and enjoy its vast natural resources, but we denounce the selfish incompetency of the Republican party in the administration of the law enacted, and in the wasteful expenditure of the vast sums voted by the Legislature, to promote immigration. We charge that party with having squandered scores of thousands of dollars of the people's money, largely in costly junkets of incompetent political favorites."

In the matter of Russian immigration, in particular, we charge that party with wanton waste of money, misrepresentations toward the devoted immigrants, and a persistent incompetency without precedent in our government.

We realize that the efforts of the administration should be exerted to obtain sufficient laborers for our plantations, and we pledge our candidates for legislative places to support any reasonable plan for promoting this subject,—but such plan must offer reasonable guarantees against the casting of immigrants upon our shores prepared to compete with our citizens, already here, who are engaged in the higher grades of labor, which command wages sufficient to enable them to adhere to American standards of living."

## SPECIAL RACE TROPHY SHOWN

Col. Sam Parker's Cup Is Fine Sample — Thompson's Beautiful.

Much amusement was caused down town this morning by the placing on exhibition in McInerney's clothing store window, of two cups that are offered for the special pair-or race on Saturday next. The trophy presented by Col. Sam Parker is an enormous silver cup which would hold as much as a bucket. It is far and away the largest offered here for many a long day. A card below it describes it as for the "Fat Man's Race."

The other trophy is an ordinary china cup of very rough make; it rests on a stand in the window and has a card bearing the legend that the cup is what Frank Thompson will get for his efforts in the race.

Many people congregated around the window this morning, and Sam Parker was much in evidence. The special race is causing many a laugh around town, but the spectators will be astonished at the work that the four veterans will do on Saturday after the gun announces the start of the race.

The Logan carries four batteries of field artillery and a coast artillery. Captain Doley is the ranking officer.

## DANCE AT MOANA TONIGHT

The postponed dance for the Transport Logan will be given tonight at the Moana Hotel, the Artillery band from the transport playing during intermissions.

## LATEST REAL ESTATE DEAL IN MONTHS

C. J. Heidemann has bought from Chief Justice A. S. Hartwell of the Supreme Court a tract of land containing six and five hundredths acres located on the makai side of Judd street for which he paid \$12,000.

The deed of transfer has been filed with the Bureau of Conveyances and the deal is one of the largest that has been made for several months in Honolulu real estate.

There is a distance of 681 1/2 feet on Judd street and the lot lies just a short distance from the corner of Judd and Liliuokalani streets.

## PROGRESSIVES IN HAWAII COUNTY FAVOR FOR PATRONAGE

SECRETARY NORTON

(Associated Press Cable.)  
BEVERLY, Mass., Sept. 15.—President Taft has let it be known that he intends to draw no lines against the insurgent Republicans in the matter of patronage.

The position of the President was made public today through a letter written by Private Secretary Norton. In this letter Mr. Norton makes the statement that the President will hereafter treat the progressives of the Republican party and the regulars alike in matters of Federal patronage.

This is looked upon as settling many of the difficulties of the party. Some months ago, while the insurgent movement was at its height in Congress, the President practically shut out the progressives from any voice in the dispensation of Federal offices.

The letter of Norton is believed to be a peace offering to establish harmony in the ranks and show that the President does not intend to play favorites in factional differences.

## HUMPHREY GETS VERY CLOSE VOTE

(Associated Press Cable.)  
SEATTLE, Wash., Sept. 15.—The vote of the primary in which Congressman Humphrey was involved was so close that it is impossible to state what the result will be. Complete returns will be necessary to decide the fate of the ship subsidy leader.

## TWO DESERTERS ROB CAVALRY TILL

(Associated Press Cable.)  
CHEYENNE, Wyo., Sept. 15.—Two colored soldiers, deserters from the Ninth Cavalry, were arrested here today, charged with having stolen the camp safe of Major Till of the station where they were being held.

## TICKET NAME

(Special Bulletin Wireless.)  
HILO, Sept. 15.—The Republican District and County convention completed its labors after making the following nominations for the Fall campaign:  
County Sheriff—Sam Pua.  
County Attorney—W. H. Beers.  
County Clerk—W. F. Kaal.  
County Treasurer—Swain.  
County Supervisors—Lyman, Austin, Lewis, Pritchard, Beckley and Kaubane.  
The office of County Auditor was left blank.  
Territorial Senators—Fernandez and Hewitt.  
Territorial Representatives—Hall, Alfonso, Richard, Moananui, Holstein, Makekahu, Kanpiko.

## INDEPENDENT AGENCY HERE

Toyo Line May Establish New Offices Under a Japanese.

Although the question of transferring the agency of the Toyo Kaisha line from H. Hackler & Co., its present local agents, to another business firm here is not definitely settled, it is reported that the directors of the Toyo line in Japan are inclined to the establishment of an independent steamship agency here in Honolulu. In that event it is expected that one of the home officials of the company will be sent here to act as general manager of the local agency.

Vice-President Okawa and General Manager Shirahishi of the company, who are here on steamship business, could not be reached today, and their views could not be learned.

Before they leave for Japan next Monday on the Siberia, it is hoped that they will enlighten the public on this matter, as many here are much interested in it.

Yesterday Okawa and Shirahishi, accompanied by T. H. Petrie of Castle & Cooke and A. K. Ozawa, the attorney, went down to Iwilei to inspect the fertilizer works. Norman Watkins, the general superintendent, explained to the distinguished visitors the general running of the works.

Shirahishi, it is said, is interested in fertilizer works in Japan, and for this reason the visit was made to the local fertilizer works.

## NOT TO DIVORCE WATER FROM LAND

Plans are being perfected for the formation of a mutual water users' association on the public lands at Pupukea and Paunala, at the office of the Land Commissioner, and will be ready within a short time.

It is the idea of the government to have water go with the land on these homesteads, and the settlers will subscribe to a certain amount of the stock in the mutual company, comparable to the quantity of water which their land will require from the total amount.

If at any time a settler leaves his land or leaves the water right also, which goes to the next one occupying it.

## SIERRA IN EARLY.

The following wireless message has been received by the agents from the U. S. Bureau:  
"A. H. Sierra, at New York, N. Y., on Sept. 14, 1910, advised that he had been arrested by the U. S. Bureau at New York, N. Y., on Sept. 14, 1910, on charges of conspiracy to defraud the U. S. Treasury."
