**PECK IS HOME.**

**Did Good Work While in Washington for Hilo.**

Philip Peck who returned on the Enterprise from an extended trip through the east gives an interesting account of his work at Washington in behalf of the interests of Hilo. Mr. Peck expects good results to follow the visit of the investigation committee and thinks that Hilo should make some move toward a proper reception of the visitors. He points out that Honolulu, wide awake to her interests, has already prepared to greet the commissioners. Hilo and this island has questions that the public welfare demands should be presented to the Senatorial Commission.  
Concerning the Federal Buildings and the breakwater, Mr. Peck feels that there is good prospect of securing action on the former at the next session of Congress. The breakwater is farther in the distance. Mr. Peck said that he disseminated knowledge of the geography of the Hawaiian Islands with a persistence that yielded good returns. He taught them the location of the town of Hilo and distributed maps of the bay.  
Mr. Peck expresses warmly his appreciation of courtesies and assistance extended to him by Congressman Stark of Nebraska and Burton of Ohio.

**ALIENS ON JURIES.**

**Attorney General Says They Are Not "Good Men and True."**

Sheriff Andrews, armed with a double coroner's jury is not disturbed on account of the opinion of the Attorney General given below. If his Japanese jury is not a legal body, he can fall back on his haole crowd and laugh at those who laugh at him. The Attorney General says:

Territory of Hawaii,  
Office of the Attorney General,  
Honolulu, H. I., July 25, 1902.

Mr. A. M. Brown, High Sheriff of the Territory of Hawaii.

Dear Sir:—I am in receipt of your request for my opinion "whether a person not an American citizen is for that reason exempt from duty as a coroner's juror." Section 974 of the Penal Laws of 1897 provides that the coroner in case a coroner's inquest becomes necessary, shall summon "six good and lawful men of the district." The phrase "good and lawful men (liberes et regales homines)" has been used and has had a recognized and established meaning in English law for nearly a thousand years. It does not refer to the moral character of the men, but to their legal qualifications for the discharge of civil functions. Coroner's jurors have functions prescribed and defined by law; they are required to take an oath of office, and they receive statutory fees for their services. Although there is nothing in the Organic Act or in the laws of the Territory expressly declaring that a coroner's jury must be composed of citizens of the United States and of the Territory, I seriously doubt the right of the coroner to compel any one who is not a citizen to serve; in other words, I think it is at least extremely doubtful whether a person who is not a citizen is a "good and lawful man of the district" within the meaning of the law.

Very respectfully yours,  
E. P. DOLE,  
Attorney General.

**HILO REPUBLICAN CLUB.**

**Holds Meeting and Endeavors to Mend Olan's Troubles.**

There was a special meeting of the Hilo Republican Club Wednesday night to consider matters in connection with Olan precinct. After discussion it was decided that since the complications concerning the Olan precinct might result in no representation, this precinct should do all possible to aid in getting around the difficulty. It was therefore decided to allow Olan precinct one delegate to the Territorial Convention and three delegates to the District Convention. The men elected at the Olan precinct are to be given credentials by the Hilo precinct.

A resolution was passed asking the Governor to set aside Waiakea as a separate voting precinct. It was also resolved that the Hilo Republican Club become a member of the National League of Republican clubs. A committee was appointed to secure permanent headquarters for the club.

**Enterprise Arrives.**

The Steamer Enterprise, Captain Miller, arrived Monday 9 1/2 days from San Francisco with a cargo of 3000 tons of general freight. The Enterprise towed the new Matson Line tug, the Charles Counselman all the way. Twice the towline snapped, but connections were made without difficulty. The following passengers came: Mr. and Mrs. P. Peck, Miss M. E. LeVan, Miss A. R. Allen, Miss L. A. Laing, Miss E. Baker, Geo. Mumbly, H. Evans, Mrs. Kasvagicvitz, Dr. Stow.

**Quick Time.**

Judge Gilbert F. Little, while on a visit to his daughter in Puna, was informed that he was much needed in Hilo in connection with the Japanese murder case. This was on Tuesday afternoon. He made known his wants to the Hilo Railroad Company and a special train was dispatched from Hilo to bring him in. Two hours later the Judge was in his carriage at Hilo on the way to his office.

Engineer Spencer, who was at the throttle knows how to get his train over the road.

**Shooting Match.**

A preliminary shooting match has been arranged for next Sunday between the Hilo Gun Club and the crack shots in Company D. The match is to take place next Sunday under the rules in Hunt's Manual. This is the first go between the soldier and civilian sure shots and it will be a friendly affair. The next match after this will be for a cup put up by Walter Rocky of Kaitiki.

Manager Austin of W. C. Peacock & Co., received a wireless telegram yesterday from the Honolulu house directing him to offer the Hilo Hotel for sale at once. Tenders are asked for the furniture and fixtures, inventory of which may be seen at the offices of W. C. Peacock & Co., in this city.

**OFFICIALS EXPLAIN.**

**Why Jim Clement Was Buried Without a Coffin.**

Last week the news columns of the TRIBUNE contained the following item: It is reported that Jim Clement was buried in Waimea without coffin or ceremony. If such is the case action should be taken to punish those who duty it was to give him proper burial. Because Jim Clement was an unfortunate pauper is no justification for the reported burial he received at the hands of those in authority. It is the policy of governments to have poor persons supported by the community where they were living when pauperism took possession of them, and where all the facts are best known. It was either through ignorance or neglect on the part of the officials at Waimea that the reported shameful act occurred.

This paragraph called forth a letter which the TRIBUNE is glad to publish. A little criticism hurts nobody when explanations are so readily forthcoming. Public officials should not worry if they receive an occasional shot. These things stir up the stagnant atmosphere and promote the waning industry of making Latin quotations. Let the good work go on, and let the two government officials rest assured that they may rely on the TRIBUNE to give their side of any case as much publicity as it does the side represented by their critic. Here is the letter:

Kumuela, Hawaii,  
July 29, 1902.

Editor Hilo Tribune,  
Sir:—In the Tribune of July 25, you made some remarks on the burial of Jim Clement at Waimea that are in the worst taste and altogether unjustifiable.

When the body was found it had been dead some ten hours and exposed to the air, which fact and the necessary post mortem rendered immediate interment necessary. The place where he was found was 4 miles from the town and it being late Sunday afternoon no coffin could be provided in time. At any rate we are only concerned with the sanitary part of the interment and it is no part of our duty to provide coffins any more than it is the province of the TRIBUNE to teach us our work. We would advise the writer to look up the law relating to the disposal of unclaimed bodies and to remember the old proverb "Ne autor ultra crepidam." Since you have criticised us in your paper, perhaps you will kindly publish our reply.

We enclose our names in the usual manner.

We are, Sir, Yours etc. Two Government officials,  
S. M. SPENCER,  
DEPUTY SHERIFF.
