"I Roughed It"

Many of us have to work hard all day
long. We cannot care for ourselves as
we would. No wonder our blood gets
out of order, becomes thin and impure.
This produces boils, eruptions, nervous-
ness, indigestion, and great weakness.

We have this photograph and letter from
Mr. John Hafner, of Waga Waga, New
South Wales. Read carefully what he says:
"I have roughed it a great deal, mining,
working in stoves, exposed to the heat, and
have often had poor food. My blood fre-
quently becomes impure and I have eruptions,
boils, and become generally run down. But
Ayer's Sarsaparilla takes hold of me every
time, makes my blood pure and builds me
right up."

**AYER'S
Sarsaparilla**

There are many imitation "Sarsaparillas."
Be sure you get Ayer's.
Take Ayer's Pills with the Sarsaparilla.
They aid in purifying the blood; and they
cure constipation and biliousness.
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

and Fan Motors.
Estimates furnished on all classes of
Electrical Work and Contracts taken to
install apparatus complete.

TO BE ADMITTED.

Arizona, Oklahoma and New Mexico
Will Be Made States.

Washington, Nov. 8.—Arizona,
New Mexico and Oklahoma Terri-
tories will be made into states at
the coming session of Congress. If
there is any exception it will be
New Mexico. Senator Beveridge
has just left Washington, where he
received a revised programme of
the Republican policy respecting
these Territories. Until last spring,
when Senator Beveridge, as chair-
man of the Committee on Terri-
tories, made his winning fight
against the consideration of the
statehood bills, the purpose of the
Republican leaders was to add no
new states to the flag for the pre-
sent. The reasons were purely
political. It meant the addition of
Democratic Senators, Democratic
Representatives and Democratic
votes in the Electoral College.

Now that the mountain states
have been reclaimed and silver is a
dead issue, it is thought that the
Republicans can carry these States
after Congress changes their
status. As a Cabinet Minister re-
marked, "They are Roosevelt's
kind of people." The President is
to make several stops out there on
his way to California in the spring,
and political experts here say that
after he has congratulated them
upon reaching their majorities and
whooped things up generally there
is no possible doubt but that the
President would carry all these new
States.

NEW YORK BRIDGE FIRE.

All the Temporary Wooden Work
of the Structure Burned.

New York, Nov. 10.—The new
East-river bridge, in process of con-
struction between New York and
Brooklyn, was damaged to the
amount of at least \$500,000 tonight
by a fire that for four hours raged
355 feet in the air on the summit of
the great steel tower on the New
York side. There was probably no
loss of life.

Owing to the enormous height of
the tower it was impossible to reach
the fire with any apparatus in the
Fire Department, and the flames,
after devouring all the woodwork
on the top of the tower, seized on
the timber false work of the two
footbridges suspended from the
main cables, burning away the sup-
ports. Nearly 1,000,000 feet of
blazing lumber fell with a mighty
splash and hiss into the stream.
The falling footbridge carried away
a score of lighter cables and guys,
which trailed in the water, render-
ing it necessary for the purpose of
safety to stop all traffic up and
down the river. The steamer Pur-
itan and other craft had narrow
escapes while running the gauntlet
of the fiery brands that fell in
showers from the burning bridge.
The fire was the most spectacular
conflagration that has ever been
seen in New York.

GERMAN WAR SHIPS.

The Kaiser Will Have Vessels on
the Coasts of North and South
America.

Berlin, November 10.—The Im-
perial Ministry has decided to as-
sign several cruisers to duty on
the Pacific Coast of North and
South America when vessels now
being completed become available.
The Western American squadron
will be permanently established,
not for any specific purpose, but in
accordance with general navy dis-
positions. Like the Eastern Amer-
ican squadron, it will not have a
base. Vessels will simply be sent
to various ports according to the re-
quirements of the moment. The cre-
ation of permanent stations in Amer-
ican Waters, as well as elsewhere
in the world, is the consequence
of the expanding of the navy. The
marine authorities recognize more
clearly than ever the convenience
it would be if Germany owned
land bases, but they perceive that
there is no prospect of securing any
such territorial privileges in the
western hemisphere, and will
naturally, therefore, in time of
peace rely on refitting in American
ports and docks.

PRESIDENT'S FLAG.

Official Banner Will Be Exact Copy
of the Great Seal.

Washington, November 6.—The
State Department, the War Depart-
ment and the Navy Department
and the President discussed today
the features of what is to be known
as the President's flag. It has been
decided that the flag shall be a
copy of the great seal on a blue
ground.

The President left the case to
Mr. Darling, Assistant Secretary
of the Navy. Colonel Gingham, U.
S. Army, who has charge of the
President's effects, asserted that
the makeup of the Navy Depart-
ment's flag was wrong. It present-
ed seven red bars and six white on
the shield instead of seven white
and six red.

The great seal from the State
Department which was referred to
showed that there should be seven
white bars in the shield and six
red ones. Mr. Moody has adopted
the great seal as the final arbitra-
ment.

MITCHELL NOT SEEKING HONORS

**Declines to Be Candidate for Presi-
dency of American Federation.**

Indianapolis, Nov. 10.—W. B.
Wilson, secretary of the United
Mine Workers, today received the
following telegram, dated Wilkes-
barre, from John Mitchell, presi-
dent of the United Mine Workers:
"Replying to your inquiry con-
cerning the use of my name by the
press as an aspirant for the presi-
dency of the American Federation
of Labor, I desire to say that I am
in no way responsible for the cir-
culation of these rumors, and while it
is the duty of every man to serve
the cause of labor in any position
in which he can be most useful and
while I appreciate the honor of be-
ing mentioned for this office, I
firmly believe that I can be of more
real service in my present position,
and if any attempt is made to pre-
sent my name for the presidency of
the American Federation of Labor
at the New Orleans convention, you
will favor me by saying that
under no circumstances would I ac-
cept the election."

EXECUTIVE DENIAL.

**Governor Dole Denies Reports Con-
cerning Laborers in Hawaii.**

Washington, Nov. 10.—Secretary
Hitchcock has received from Gov-
ernor Dole of Hawaii a statement
denying reports of ill-treatment of
several Porto Ricans on Hawaiian
sugar plantations. The laborers
went to Hawaii at the solicitation
of the Sugar Planter's Association,
and the complaint was made by
Pedro J. Agostini, father of one of
the workmen. The Governor says,
after an investigation, that the de-
sire of some of the laborers to re-
turn to Porto Rico results from
homesickness, influenced by imagi-
native persons, and will subside
with time, and that the condition
of the industrious Porto Ricans is
satisfactory and their health has
improved.

HOARSENESS IN A CHILD that is
subject to croup, is a sure indica-
tion of the approach of the disease.
If Chamberlain's Cough Remedy
is given as soon as the child be-
comes hoarse, or even after the
croupy cough has appeared, it will
prevent the attack. It always
cures and cures quickly. The Hilo
Drug Store sells it.

DEALERS IN

**Fertilizer Materials
of Every Description.**

Have constantly on hand the following goods adapted to the Island trade:

HIGH GRADE CANE MANURE, DIAMOND A FERTILIZERS,
NITRATE OF SODA, SULPHATE OF AMMONIA,
HIGH GRADE SULPHATE OF POTASH,
FISH GUANO, WOOL DUST, ETC.

Special Manures Manufactured to Order.

The Manures manufactured by the CALIFORNIA FERTILIZER WORKS are
made entirely from clean bone treated with acid, Dry Blood and Flesh, Potash and
magnesia Salts. No adulteration of any kind is used, and every ton is sold under
a guaranteed analysis. One ton or one thousand tons are almost exactly alike, and
for excellent mechanical condition and high analysis have no superior in the market.
The superiority of Pure Bone over any other Phosphatic material for Fertilizer
use is so well known that it needs no explanation. The large and constantly increas-
ing demand for the Fertilizers manufactured by the California Fertilizer Works is
the best possible proof of their superior quality.

A Stock of "DIAMOND A" Fertilizer will be kept constantly on hand and
for sale on the usual terms, by **L. TURNER CO., Ltd., Hilo.**

For Terms of Sale, which are equivalent to San Francisco prices
with freight and other charges added, address:
