COPPER RIVETED

OVERALLS AND SPRING BOTTOM PANTS.

EVERY GARMENT GUARANTEED.
EMPLOY OVER 350 GIRLS.

LOCAL AND PERSONAL.

A glove contest between George Bennett and Frank Gudger is billed to take place Monday evening.

Tuesday evening the East bound passenger train was wrecked near Glenn's Ferry. The chair car, sleeper and tourist cars were ditched. Five or six persons were injured; but none seriously. The accident was caused by a broken axle on the baggage car.

James Patton who has the contract to take out the petition in the Armory Hall has completed the inside work, and the room is now ready for the Militia boys to spread themselves on drill nights or entertain their friends with a grand ball.

Rev. J. H. Barton will be absent the next three Sundays. His pulpit will be supplied by Rev. D. A. Clemens of Lower Boise, and the evening of the following Sunday by Rev. M. H. Mead of Nampa.

On Wednesday last, a company of about a dozen Boiseites passed through enroute for the C. E. Convention at San Francisco. They expect to go down from Portland by boat. Yesterday another company consisting of Rev. and Mrs. E. N. Murphy, Rev. and Mrs. Wharton of Boise, Mr. and Mrs. Barton, Miss Abby F. Hull and Lou Craig of Caldwell started.

HYPNOTISM.

Prof. Holzel's hypnotic exhibition in the Opera House Thursday evening was unfortunate in that his influence did not seem to extend beyond his travelling companions. It was certainly not a satisfactory demonstration, although there were two fairly good tricks; yet none beyond the scope of old time legerdemain. The putting of a subject into the *rigor mortis* state—stiffness of death—is a trick the writer saw performed 30 years ago by an apostle of the "black art" who made no pretensions to hypnotic powers. However we will not undertake to say that in this instance hypnotism had nothing to do with the performance. The difficulty with Professor Holzel's demonstrations were that he did nothing with the aid of his alleged subtle power which has not been done without it, except of course the putting of subjects to sleep, which if genuine, was all right. The suspicion is though that there was not much genuineness about it. At any rate there is a suspicion. Mr. Cooper who went upon the stage and submitted to the professor's "passes" says he felt not the slightest twinge of hypnotic or other influence, except a strong desire to make a speech on the financial question to the rather slim audience so as, in a measure, to compensate for the dreariness of the regular program. Lawrence Gipson also submitted to the mesmerist, but was a most unsympathetic subject. Even his back refused to itch. But then it is a pretty hard undertaking to put a wide awake Caldwellite to sleep which probably accounts for the professor's failures. The Boise people may more readily seek the drowsy god. The verdict is quite general that Prof. Holzel is a fake but that conclusion may be a little severe. THE TRIBUNE withholds final judgment pending the result of last night's performance.

ON POWDER RIVER.

Placer Enterprise on That Stream Now in Operation

Dr. J. W. Bartlett and Judge Olden have returned from trips to the Powder river placer mine and to the opal mine in which Dr. Bartlett is the chief owner. The work at the Powder river enterprise is being pushed rapidly forward. The company has located all the ground along Powder river for a distance of seven miles, at the upper end of which they divert their water. From this point they have a flume to the mouth of the river where the principal work is now being done. This flume has only been completed a short time and the ground has been worked only a few weeks. The end of the flume is nearly 100 feet above the bar, giving a good pressure for the giant. The water is played on

the bank and bar from a three-inch nozzle and about a quarter of an acre has been worked, the pay ground having been just reached.

A cleanup will be made in a few days. The bar is on the upper side of the junction of the Powder and Snake rivers, and was formerly known as the Shaw bar.

Dr. Bartlett expects to start development on the opal mine by the first of August. He is now waiting for Boston parties who are interested with him and as soon as they arrive work will be planned. He will favor sinking the shaft at least 50 feet below the present level before he will be satisfied. The color of the opal will improve with depth and he thinks at this depth rare ones will be found. This will make the shaft about 80 feet deep.—Statesman.

FOUND IN THE COLUMBIA.

The body of Thomas Aram, drowned in the Clearwater at Lewiston May 20, by the swamping of a ferry boat, was discovered at Collin's Landing, near The Dalles, Oregon, on the Columbia River, last week. The body had floated a distance of 300 miles and was stripped of all clothing, but had one shoe on upon which was a spur, by which the body was identified by the brother, who had gone there to view the remains.—Kendrick Gazette.

DEATH WATCH ON FRANK SMITH.

E. W. Alderman is acting as death watch on Frank Smith, who is confined in the Latah county jail awaiting the arrival of the 23rd day of July at which date he is sentenced to be hung for having murdered Emmett Fox, of Genesee. Smith displays little or no feeling and spends most of his time in reading. The petition which will be presented to the board of pardons when they meet in Boise on July 7th for a commutation of his sentence to life in the penitentiary is said to have over 1100 signatures, including a majority of the jury.—Moscow Democrat.

CO. A, I. N. G.

GENERAL ORDERS NO. 8.

Co. A, First Regiment Infantry, I. N. G. will assemble at their armory Monday, June 5, at 9:30 a. m., for the purpose of participating in the Independence Day parade. By order,
TOM K. LITTLE,
Captain Commanding.

UTAH'S PIONEER JUBILEE.

Utah's great Jubilee, commemorative of the arrival of the Pioneers in the valley of the Great Salt Lake on July 24, 1847, will take place in the city founded by them (Salt Lake) on July 20-25. Over \$100,000 will be expended by the Commission having the celebration in charge and by the people of the state in providing entertainments for the edification of the thousands of visitors who it is known will attend. There will be five grand street parades; three grand concerts in the famous Tabernacle; band and vocal contests, in which the best musicians and singers in the country will participate; athletic games of every description; balloon ascensions daily; the grandest fireworks display ever witnessed in the west, last, but not least, President McKinley and his official family will be present in time to witness the reproduction of the arrival of the Pioneer train. It will be the greatest celebration in the history of the west.

Dr. GEE WO, PHYSICIAN & SURGEON.

Will remove the swelling from inflammatory rheumatism in three days.

Dr. Gee Wo is a regular graduate of medicine from China, having taken a thorough course of study, extending over eight years, in some of the best Chinese colleges. He offers his services to all those suffering from diseases of any kind, and feels confident that in every case he undertakes he can do on good terms.

Most of the ingredients he uses in his remedies are botanical substances from China, many of them unknown outside of that country.

Can call and have a friendly chat with him, and he will frankly state to you what he can do for you. His consultations and communications conducted in the utmost privacy and strictest confidence.

His remedies are easy to take and perfectly harmless. The most of them act on the blood, purifying it and destroying the microbes or bacteria.

Perhaps you are suffering from some disease of long standing and have tried almost every remedy known without success. Would it not be well to try the Chinese mode of treatment now, or at any rate call and let Dr. Gee Wo examine the case and tell you what he can do?

For the benefit of those who cannot see the doctor he has prepared the following eight remedies for the most prevalent diseases:

BLOOD PURIFIER, RHEUMATISM CURE, CALABAR CURE, INDIGESTION AND DYSPEPSIA CURE, SICK HEADACHE CURE, LOST MANHOOD CURE, FEMALE WEAKNESS CURE, AND KIDNEY AND LIVER CURE.

These troubles can easily be diagnosed and the proper remedies procured. For all other troubles write, enclosing stamps for question blank and book, as the doctor uses a special remedy for each disease.

PEPPEY BUILDING.
OFFICE HOURS FROM 9 A. M. TO 6 P. M., EVERY DAY.

Caldwell, Idaho, June 17, 1898

To whom it may concern:
I the undersigned had Dr. Gee Wo treat me during my sickness and found his treatment to be a success. I was grievously afflicted with Seattle Rheumatism. I cheerfully recommend Dr. Gee Wo's treatment to afflicted humanity.
