THE ELECTIONS CAUSED SURPRISE

Reformers Win in Newyork and Pensylvania --Democrats in Ohio.

The off year election returns were full of surprise. In New York McClellan was reelected Mayor by a slender majority of 3485, but Hearst, municipal ownership candidate, claims gross fraud and will contest.

W. T. Jerome was reelected district attorney in New York, over both Democratic and Republican candidates, as was also Bird S. Coler, president of the burrough of Brooklin.

Ohio to the surprise of everybody swung into the Democratic column. Pattison was elected Governor over Herrick by over 30,000.

Nebraska went Republican by 18,000.

Maryland will require an official count to determine the result. The anti-Mormon ticket won in Salt Lake.

Mayor Schmitz, union labor, was reelected in San Francisco by 12,000

The Democrats control the Ohio legislature.

Other states voted about as in former years.

In Philadelphia the reform forces won.

Houston will Retain his Seat.

The following is the latest information relative to John Houston, editor and politician, and eccentric Mayor, and member of parliament in British Columbia, a character well-known in Idaho in early days. The article is taken from the Nelson Daily News:

Although John Houston, now of Goldfields, Nevada, has resigned the mayoralty of Nelson, in justice to the municipal interests with which he had been so intimately indentified during the past 14 years, his resignation of his seat in the British Columbia legislature does not by any means follow as a matter of logic. It has not yet been received either by premier McBride or Mr. Speaker Pooley, nor is it on the way.

When the members of the house are next brought together for the despatch of business, unless something unforeseen develops to upset his present plans, the eccentric and iconoclastic member for Nelson will be found in his place, ever to be reckoned a doubtful quantity, to discuss the interests and greatness of the Kootenays, or to provide the welcome laugh; and to be a thorn in the flesh from which the government of the day (of which he narrowly escaped being a member) had imagined itself permanently delivered.

Your correspondent wrote recently to Mr. Houston at his new Nevada home. It was mentioned that speculation is rife through British Columbia as to whether he intened to resign his parliamentary honors or to return at the opening of parliament to represent Nelson, continuing so to do during the sessions remaining of the present legislature, as he could without the dangerous annoyance by his creditors, by grace of the Independence of Parliament Act.

Knowing John Houston to be a champion and admirer of blunt diretness, he was asked, "Do you intend to resign your seat in the local legislature or will you come back for the sessions of the house until the seat is vacated in the natural course? I should like to use a direct answer." It was less than a week ago that this letter was written and today the answer came over the Western Union wires via Tonopah:

"I do not intend to resign. You can make story. (Signed) John Houston."

The context is indicative that Mr. Houston will be on deck to discharge the parliamentary duties the electorate of Nelson has delegated to him, and give new color and animation to sessional life along quite exceptional lines.

In another column will be found an itemized statement of the condition of the town finances. The report shows the treasury in a very healthy condition, there being a balance on hand of $2209.40, and this notwithstanding the fact that there was expended during the last quarter $769.73, over $500 of which was expended on the streets.

Most of the money in the treasury has been derived from licenses, although the item of fines figures up to a considerable sum. The amount received from fines in August was $115; September, $192; October, $189; total, $497. This money was collected as fines for conducting gambling games, and from the occupants of immoral houses.

The financial statement makes a very creditable showing for the town.

There is but one criticism to be offered, and that is not a criticism, but a matter of opinion, and that is that there should be more money expended in the way of improvements. If it is intended to spend more money on the streets, let us have the benefit as soon as possible.

WARDEN E. L. WHITNEY HERE

Dropped in Wednesday to Great Old Neighbors

E. L. Whitney, warden of the State penitentiary at Boise, was a Bonners Ferry visitor Wednesday and Thursday, making a social call on old neighbors, in the town where he and his family resided many years.

Mr. Whitney came north on court business, being a defendent in a damage suit for $10,000, growing out of the arrest of one H. S. Taylor, on a charge of having held up Nick Brown's saloon at Newport, in September, 1904. The plaintiff was in custody about 24 hours, and was released for lack of identification. His two partners were brought back and bound over to the grand jury, but were released on writs of habeas corpus. Taylor himself brought suit for false imprisonment. The case came up for trial this week, and after hearing the evidence the jury brought in a verdict in favor of Mr. Whitney, without leaving their seats, on instructions from Judge Morgan.

Mr. Whitney returned Thursday, to Boise, to convey two prisoners to the penitentiary. One prisoner was the Pullman porter, Lewis, who goes up for one year for assult on a young lady passenger.

Mr. Whitney is giving the state a splended administration of his office, both financially and in discipline. There are 192 prisoners in the institution at present, although there have been as many as 202. Mr. Whitney has not lost a single prisoner since taking charge.

BANKERS ASSEMBLE IN FERRY

Bonners Ferry the Meeting Place of a Congress of Bankers.

Bonners Ferry had a congress of Bankers this week. They did not come on call, it is true, but were drawn here by the natural force of financial gravity.

Bonners Ferry is probably the largest town in the Northwest without a bank. The HERALD has often called attention to the splendid opening here for a bank. Banking men have been here in numbers and for some cause passed us up, but this week they came in from the four quarters of the globe, each bent on occupying the field. The opening is an attractive proposition, and we only wonder that some one did not discover us months ago.

Among those here this week were W. D. Baxter, of Watertown, S. D., E. F. Copp, of Lind, Wash., J. VanVelsor, of Colville, Wash., and W. P. Mahoney, of Watertown, S. D.

All are men of ample means, and it would be a valuable acquisition to the town to secure anyone of them. Mr. Baxter was the first of these gentlemen on the ground, having been here last week. He was joined Thursday by his business associate. They announce to the HERALD that they have leased the Hollinger building and will open a state bank with a capital of $15,000.

Mr. VanVelsor, of Colville, came in early in the week and interested a number of business men who subscribed for 49 per cent of the stock in a state bank with a $10,000 capital.

Mr. Copp, of Lind, was the last to arrive. He was prepared to open a state bank with a capital of $15,000 but the other financiers had made such headway with their propositions that he retired from the field, very much regretting that he had missed such a promising opening.

As the matter now stands, therefore, Bonners Ferry will have two banks, where the town has been praying for the privelege of one.
