The Gem Worker is one of the solid and substantial publications of Idaho, and has a standing in the newspaper field never before achieved by a labor paper in this State. With the splendid news service of the Federation's Washington bureau and with an exchange list of the leading papers of the Nation. The Gem Worker is enabled to bring all the news of the world of labor to your door. Every union member in the State of Idaho should be a subscriber.

THE GEM WORKER

To the extent that the loborers support a labor paper by their subscriptions is it a valuable medium for advertisers. The Gem Worker is most loyally supported by the organized labor of Idaho and of Boise in particular. To this fact is due the splendid advertising patronage which the paper receives, as the business men feel that they are given through its columns a special and individual invitation to every wage earner in the city and state.

This Paper is the Official Organ of the Idaho State Federation of Labor and Boise Trades and Labor Council
