## GRADUATES

### Exercises at Opera House Here—Also at Glenn's Ferry.

The Eighth Grade graduating exercises attracted a large audience to the opera house last Thursday evening. The young ladies did themselves proud, and received congratulations, a large number of bouquets and many admiring glances from relatives, friends and acquaintances. The next day, in their pretty graduating gowns, they assembled on the lawn at W. A. Reynolds' home, where A. Beaton took a group photograph.

Friday Mrs. Lillie B. Wertz, County Superintendent, went to Glenn's Ferry to attend the Eighth Grade graduating exercises at that place, returning Saturday. The pupils had their parts committed to memory and were highly complimented by the County Superintendent.

THE REPUBLICAN acknowledges receipt, Monday afternoon, of the "1905 Commencement Exercises of the 10th and 8th Grades, Glenn's Ferry Schools," in pamphlet form. It is a creditable work, being attractively compiled and printed.

her mother during the absence of Mrs. Williamson in North Dakato; Mrs. J. A. Davidson, of Neepawa, Manitoba, Canada; and William S. Allen, of Fordwich, Ontario, Canada.

Mrs. Williamson arrived home last Tuesday, and was followed on Wednesday by Mr. Davidson from Canada. He, in company with Miss Allen, left Saturday evening, after the funeral, with the remains, to be laid at rest in her old home. Mrs. Allen had been in ill health the past four years, from heart trouble, the final attack appearing about 10 days before her death.

She left Saturday night (accompanied by her little daughter Katharine and her brother, Mr. Welland), for Salt Lake City, where Mr. Chandler had preceded her several days ago.

### SPOT CASH

The recent new departure of the Idaho Commercial Co., Ltd., (adoption of the spot-cash system), has proved very satisfactory to customers and gratifying to the firm. Mr. Smith left here for Alaska about four years ago. He was a member of Mountain Home Lodge No. 19, I. O. O. F. He had a wide circle of friends and was very popular.

A feeling of confidence pervades the entire mining camp, and an unusually prosperous season is anticipated.

## LAST FURLOUGH

### Old Soldier from Leavenworth Dies at County Jail.

Eli Boyce, an old soldier (10th Regt. U. S. Inf.) on a 90-day furlough from the home at Leavenworth, Kansas, died at the County Jail, where he was being cared for by Sheriff Ross, at 10 a. m. Monday, May 29, 1905.

Boyce's papers showed that he had received transportation (signed by C. W. Heisler, adjutant) to Wallowa, Oregon. He left the train here last Thursday, coming from Boise. He was penniless, appeared to be mentally unsound, and was in so condition to take care of himself, so Sheriff Ross provided for him at headquarters. The officer communicated with officials at Boise, Idaho, and Leavenworth, Kansas, but without result.

The old soldier's condition was pitiful at times, laboring under the hallucination that he was being pursued by Satan. An inquiry was to have been held yesterday forenoon, before Judge Stimson, as to the advisability of committing him to Blackfoot, but before the necessary legal formalities had been complied with he turned over in his bed and expired. The attendants thought he had merely dropped into a doze; but Judge Stimson, entering the building just then, assured them that the gaunt and pain-racked frame, which had once borne with pride the uniform of blue in the preservation of the country's honor and integrity, had entered into the last long sleep.

The body was turned over to Undertaker Cowen for burial.

### TOM ALLISON DIES

Just as we go to press it is learned that Tom Allison, who has been a well known figure in Mountain Home for years, died at the Hot Springs late yesterday afternoon. T. P. Tye took him out in a rig and was assisting him to bathe when he expired. He had been sick for some time.

### Atlanta Mines.

Reports from Atlanta indicate that considerable interest is being manifested in mining circles. The Petit property, it is said, is being investigated by the Spear syndicate of New York, in connection with which tests are being made, in order to ascertain the best method of treating the ore. Other mines have also attracted the attention of the Wall Street interests.

### Presiding Elder's Visit.

Rev. W. W. Van Dusen of Boise, presiding elder of the M. E. church, spent last Thursday forenoon in Mountain Home, to inform himself as to the local situation, so that he might judge intelligently as to whether the recent influx of population and the probable future growth of the town and tributary country made a demand and a justification for the opening of Methodist work in the near future.

Cleanse your system of all impurities this month. Now is the time to take Hollister's Rocky Mountain Tea. It will keep you well all summer. 35 cents, Tea or Tablets. Roscoe W. Smith. \*
