CASUALTIES

Pine Chronicles Three in One Week, None Fatal.

Special Correspondence.

PINE, Idaho, July 21.—Pine has been prolific of accidents the past week, some peculiar and exciting, others commonplace and uninteresting. All were severely painful, but fortunately void of fatalities.

One of the cases, containing unusual features, was that of Mrs. Potter. While she and her son John were riding on the running gear of the wagon the vehicle passed over a stump. Both of Mrs. Potter's limbs were caught, and had it not been for the fact that the team was going unusually slow, she would undoubtedly have sustained injuries resulting in the loss of one or both limbs, and perhaps death.

George Farber fell from the loft of his barn, narrowly escaping fatal injuries. Both wrists were sprained and he sustained severe bruises about the head and face.

J. W. Peck, while driving over the grade in his buggy, had an exciting experience just below the Franklin mill. The records in his case are to the effect that man, vehicle and team rolled down the hill. Peck and the horses are still counted among the quick, but the buggy rests in fragments among the pebbles, sagebrush and summer silence.

Haying is on in full blast. The crops at Pine are good. Jim Gray, the well known contractor of Pine, is putting up hay for Oscar Schraft. ROBIN.

ranch, on the South Boise, last week
