

DRESSES & DRESS GOODS

Not half enough people realize how splendidly we are prepared to dress little girls of six to fourteen. Young women come to us naturally to get the very fashionable dress goods for which we have become more or less famous. But little girls dresses with Sailor Blouse or without at moderate prices are a specialty of ours that we delight in more than you would think possible.

We have an immense stock of shirt waists, 25c to \$3.50 each. Come when you have the assortment to select from.

McGrew's
KENDRICK, IDAHO.

At a called meeting of the members of the local lodge of Masons here Thursday evening of last week there was a genial time held and a social smoke indulged in. It was an occasion of some importance to the order as the Worshipful Master, L. F. Hare, is about to leave and the members wished to signify their appreciation of his services and the regard in which he is held. After the regular lodge a fine lunch of cake, ice cream and strawberries was enjoyed, when cigars were passed around and past master A. W. Goron, for the lodge and on behalf of the members, presented Mr. Hare with a past master's jewel. It was a complete surprise to Mr. Hare, who responded however in a few neat words. All present added their quota of real feeling and G. W. Suppiger in words, sincere and ably used, expressed the value Mr. Hare had been to the lodge, his popularity with the brothers and their regret at his departure. The jewel which is beautiful, is but a testimony of Mr. Hare's standing and it is safe to say that not a member of the order here but felt his heart was in the gift and his good will went with it. Few men have entered our town, thrown themselves into our interests and pursuits, worked as intelligently or actively, without thought of honor or profit as L. F. Hare, and in his leaving for other points, the town registers a loss, while many a person feels the absence of a good friend and splendid co-worker. Fortunate is the town which will count him a resident and that success and happiness may be his portion is the wish of his friends and the expressed wish of the Masonic fraternity and his local lodge at Kendrick.

Monday afternoon the annual school election of this district was held at the school house and Messrs E. P. Atchison, A. P. Hamley and J. A. Hedges were elected almost by an unanimous vote. The vote for special tax was passed but it was thought that six mills would furnish a sufficiency of funds for all purposes; hence that was all that was voted. Monday evening a meeting of the new board was held and the necessary preliminary business was transacted. J. A. Hedges was elected chairman and A. P. Hamley clerk, the necessary reports were sent to the superintendent and the board expressed a wish to re-appoint the corps of teachers of last term. Possibly can shall attend without fail and bring what flowers they can gather.

Friday, Saturday, and Sunday the commencement exercises of the public schools here have occupied our people's attention and they were well worthy of it. Friday evening the commencement exercises were held in the opera house, being given by the graduating class. Great credit is due the principal, J. P. Barackman, and the efficient teachers under him for the successful year, and the splendid termination of the term work, while the graduating class could not be surpassed in intelligence or application in any school in the country.

Any one having a good saddle horse easy gaited, for sale call at The Lincoln Hardware.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." FRIDAY, JUNE 12, 1903.

Juliaetta has received some prominence through her picnic and now intends in due style to celebrate 4th of July. Moscow, Gold Hill and other adjacent points have also declared their intentions along this line and will try to do the glorious fourth justice. The question which presents itself to us is "Where is Kendrick at?" The price of success is keeping everlastingly at it, not allowing any drag in the onward progress of events. Our town has always been noted for originality and success in its undertakings, and for that reason we are not strongly in favor of a celebration this fourth but we believe that to best subserve our interests, show what we are and fittingly entertain the patrons of Kendrick, we should hold a fruit and harvest fair this fall. For instance, say a three days fair. Once before Kendrick did this and we believe it was the best investment she ever made. There is a large amount of work in connection with one of these fairs and it takes an experienced and capable man to successfully conduct one, but we have an expert in this, right at hand, in the person of Martin Wessels, whose success is a guaran-

tee of what this would be. Now we propose to the business men to undertake this matter and let our association get to work as soon as possible as to have the fair this fall will tax our time as much as needed.

The Bear creek road is progressing finely, it is a credit to any section and particularly to this. In fact all the roads leading to our town are now in good shape. The Wandscher gulch, Sperry grade, Brady gulch, Bear creek and Juliaetta roads are all in as good condition as they have been for years and we will see the result this fall in increased traffic. Of course lots can yet be done to improve them and especially the Juliaetta road which should be made a boulevard if we are going to keep abreast of the situation.

It seems to us the Business Men's Association should have a meeting to discuss one or two projects, which seem to call for the united attention of the town: This Juliaetta road must receive our attention and study—no better time than now. We learn that some prominent saw-mill men will be here in a week or ten days; who is to receive them and show our facilities for a large plant? The continued action of the Spokesman review should be considered; Anent the Moscow celebration and shoot, it was said, prominent shots from Lewiston, Spokane and Pullman and no mention of Kendrick which has the best club in the Inland Empire. Then there is the fruit fair for this fall; what is the matter with discussing it and seeing what can be done along this line. Also we should put up a display at the depot which has been in abeyance some months now. Let's have a meeting!

A Windmill for sale, at a bargain practically new. For particulars see Dr. A. Hunter.
