The Kendrick

Of Interest To Each of Us

Arthur Keller stopped off here Monday on his way to Summit, where he will be employed by the Lenore Trading company in looking after their interests there. Arthur has been at Riverville for the past eight months and is in splendid health.

The White Bros. have leased the Hunter frost-proof warehouse and will be ready for business September 15. Mr. Barnum will have the general management of the business here, though Mr. White will be here at the first to superintend the packing of the fruit himself. We are glad that these gentlemen have secured this building, as we believe they are reliable in every particular, and will give the very best satisfaction to all fruit growers who sell to them.

Mrs. A. Gammell of Juliaetta was a visitor in Kendrick this week at the home of Rev. J. A. Hodges.

Miss Lucile Fisher, one of the teachers of the Kendrick high school, arrived Wednesday from Everett, where she spent the summer with her parents.

John Benjamin of Kendrick has received his appointment as Justice of the Peace for Kendrick Precinct. After he qualifies he wants you to ask him something easy for a starter.

H. A. Russell of American Ridge brought to this office the other day several apples which, when broken open, showed the unmistakable presence of the codlin moth. It is to be regretted that this pest has secured such a stronghold on this ridge, though every means is being used to exterminate it. Mr. Russell says that his Bartlett pears will be ready for shipment in about two weeks or less. The most of them will be sent over the mountains to Montana, where they will command a good market. Mr. Russell has a fine pear orchard and he will ship out a carload or two of this fruit.

The rural delivery for American Ridge will start September 15. This will be a great convenience to the people of that section, and they will appreciate it more a year from now than when it first starts.

W. B. Crews is erecting a commodious woodhouse on his property on East Main street.

You will find John Benjamin again on the Hog Market. See him before you sell your Hogs.

John Hutchinson boasts of a wild plum tree on his fruit farm that he estimates will yield about twenty-five bushels of plums. It is a wonder and you should see it.

We learn from our merchants the advertising signs which they have put up all over the country at a considerable expense and trouble to themselves are being tampered with by mischievous and malicious persons, in many instances being completely destroyed. It might be worth while to remind the general public that there is a law against meddling with such signs with an exceedingly severe penalty attached, and our merchants are determined on its enforcement. If anyone is caught tampering with them they will be prosecuted to the full extent of the law. Let this be a sufficient warning to the wise.

Now that American Ridge has a rural delivery why should not the Potlatch have the same. There are far more people living on this ridge than on any other who have to come to Kendrick or go to Leland for their mail who might just as well have the mail delivered at their doors. If some enterprising citizens of the Potlatch will freely offer its services in securing the consent of the department for the establishing of one or more routes for that ridge. This paper had much to do with getting the route for American Ridge, and it stands ready to do the same for the others. Who will be the first to start the ball rolling for rural delivery on the Potlatch or any other ridge in this section?

Owes His Life to a Neighbor's Kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in twenty-four hours.

Mrs. Rowell and children of Spokane, who have spent the summer here with Mrs. H. P. Hull, left Tuesday for their home in Spokane. They had a lovely time while here and made many friends who will be glad of their return at any time in the future.

Girls to pack fruit wanted at the Hunter-Packing house—White Bros

Mrs. N. B. Holtbrook, Mrs. S. T. Dunlap, Mrs. Bertha Pierce and Mrs. Beeman, all of Juliaetta were here Wednesday taking advantage of the cut in prices by our merchants.

C. H. Bratton and family arrived here Saturday from Rindard, Illinois. Mr. Bratton is a clerk of many years experience, and has accepted a position in the mercantile establishment of M. C. McGrew. He has rented the Jacobs residence in the east end and will make his permanent residence here.

The Odd Fellows, at their meeting Saturday night, elected A. W. Gordon, H. A. Tyler and Charles Hamlin as delegates to the grand lodge which meets in Coeur d'Alene city October 20. The members of the lodge here have received an invitation from the Juliaetta lodge to be present at the conferring of the second and third degrees there September 12.

Mr. and Mrs. S. A. Turner of Lewiston spent Sunday here with P. D. Roberts and family.

L. A. Kerr returned from Cottonwood the first of the week, where he has been looking after the enforcement of the game law. Mr. Kerr is making a zealous and faithful guardian of the game interests of this part of the state and deserves much praise.

A fine new hay press was unloaded here this week for some one on the Potlatch. It was ordered through E. P. Atchison.

H. A. Russell bought a carload of pear and prune boxes this week from the box factory at Volmer. Mr. Russell is now loading a car of pears for eastern markets and will be shipping prunes in a short time.

J. B. Chandler of Lewiston has purchased through T. B. West of the Kendrick Realty company the old Marasack property at the east end of town. He will remove his distillery from Lewiston to this point in the near future.

Pianos and organs from the famous Allen & Gilbert-Ramaker Co. of Portland, Ore. L. A. Kerr, agent. High grade instruments, Good terms. See them at the jewelry store.

Mrs. H. P. Hull returned the latter part of last week from Spokane, where she ordered a fine line of cutlery and fine chinaware. These goods will begin arriving in about a week and will continue for some time. Now is the opportunity to secure what you want in this line, and you should call around early before the choicest pieces are all gone.

J. H. Lavin, deputy head consul of the Modern Woodmen of America, will be at Gold Hill on September 29, where he will assist in the initiation of F. F. Fisher and Mr. McGee, both of that section.

J. J. Hamley has a fine lot of new carriage robes, blankets and other things in that line. Everything is of the best quality, and you should see them if you want anything of this kind.

Math Jacobs came down from Spokane Thursday to look after his business interests there.

H. P. Hull is having a cloak and skirt room made in his store. The work is being done by W. R. Trull.

Will Long is having the house recently purchased by him in the East end improved. The house will be enlarged and remodeled, so that it will be one of the most commodious in Kendrick.

Charles Chandler moved yesterday into the A. W. Gordon property on Main street.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It cured him in twenty-four hours."

MOTHERS.

Bring your boys in and have them fitted out with one of our new school suits and long wearing school Shoes.

Many of you know the excellent service of our boys' clothing. All of you have heard of the satisfying qualities of our school shoes.

Your boy is sorry that vacation is over. One of our brand new school suits and a pair of Blue Ribbon shoes will make him glad that school time is near.
