COMING ATTRACTIONS

THE GUN CLUB COSGROVE CONCERT AND DANCE.

THE SCHUBERT SYMPHONY CO. BY THE REBEKAHS

Two Rare Musical Attractions for Kendrick, the First on December 16 and the Latter on December 29.

Of course we have told you about the Cosgrove concert and dance following, to occur next Wednesday, December 16, but then we don't want you to forget it. All people love music, and fine music, especially by well known artists, is a rare treat. Every one of this company is an artist and have a reputation to maintain. The Gun club knew what it was securing, and as can be readily seen from the program, the repertoire gives a fine variety of music all of which is high class. Then, as to the dance which starts at 10 o'clock p. m. and continues until 1:30, the best music ever had will make one's feet move in spite of themselves, and the crowd will be such as will give pleasure to be among.

Tickets are on sale at the White drug store, where you can secure them at the reasonable rate of 35 and 50 cents; dance tickets only 50 cents extra. Don't make a mistake and overlook this, and also you want to arrive early and avoid the rush, as the sale of seats two weeks ahead is phenomenal, and the supply won't last long.

THE SCHUBERT SYMPHONY CO.

The Rebekah lodge has secured the Schubert Symphony to appear here Tuesday evening, December 29, and are expecting a crowded house. We give a few press comments relative to this company and would also state that several of our citizens who have heard them pronounce the performance as par and above.

The audience was one of the most demonstrative in the history of the Ladies' Matinee Musicale and every number was applauded to the echo.—The Spokesman Review.

It is rarely, indeed, that Denver is favored with such vocal execution and instrumental as well. It was a rare privilege, thoroughly appreciated by the audience, to listen to the wonderful voices of the quartette in their harmonious blending and surprising range, and there was not a number on the program but secured an encore.—Denver Daily News.

When I received the printing of the Schubert Symphony Club and Lady quartette, for our benefit. I was most agreeably surprised at its variety and fine quality, which is in thorough keeping with the entertainment given us last night. The fine quartette and splendid recitations did much to add to our pleasure and amusement.—

Yours fraternally FRANK H. CLARK, K. of P. and S., Myrtle Lodge No. 4, K. of P., Detroit, Mich.

The Rebekahs hope by this means to secure all or a part of the funds requisite for the regalia of the members, which they need.

No effort will be spared to give comfort and pleasure to the attending listeners and we can look forward to another rare treat in the performance of this club and quartet.

Just read the hand bills and other matter displayed.

Easily Captured Convict.

An escaped convict from the Walla Walla penitentiary, John M. Joy, was captured Monday by John Sanburg, our constable, assisted by Tom George. It seems Joy was a trusty at the pen. and on the 28th of November, climbed the wall to freedom and north Idaho, followed by a prison warden who objected. One night he stayed at George's secured from him a bed and a few other necessities and started to earn an honest livelihood at the logging camp of Lewellyn, but fate and the warden intervened. His description and a \$75 reward had been posted, the constable saw the description, ferreted out the man, took T. George with him, and appeared at the camp. Joy, who was driving a team, surrendered at discretion, returned to duress vile, and the pen., and Lewellyn is out a man

LODGES ELECT OFFICERS.

Several Secret Orders in Session This Week.

This being about the close of the year the different secret orders represented in Kendrick have been holding their regular elections and the following are the people who will guide and manage the respective lodges the coming term:

KNIGHTS OF PYTHIAS.

The Knight of Pythias lodge, Central No. 23, have elected G. W. Suppiger, C. C.; J. J. Hamley, V. C.; W. B. Crews, Prel.; D. T. A. Mackintosh, M. W.; C. F. Hamlin, K. of R. & S.; T. A. Hunter, M. of F.; A. W. Gordon, M. of E.; Frank Brocke, M. at A.; Chas. Chandler, I. G.; J. M. Hill O G A. Hill, re-elected trustee.

ODD FELLOWS.

The Odd Fellows, we believe, have elected officers, but are not ready to give the names to the public. It is very likely this order and the Rebekah lodge will hold a joint public installation, though this is not definitely decided upon.

WOODMEN OF THE WORLD.

The Woodman officers elected some few weeks ago are: M. Parks, S C; J. C. Bibb, A L; W. M. McCrea, Clerk; A. W. Gordon, Bkr C. F. Hamlin, Mngr., 18 months; Jos. Freuchtel, Escort.

MASONS.

The Masonic order held their election Thursday evening and installed the same night. The officers of this lodge for the next year are:

D. T. A. Mackintosh, W M; J. R. Halzlip, S. W.; J. W. Stoneburner, J W; N. Brocke, Treas; H. W. Weber, Sec; Geo. Brewster S D; Henry Switzer J D; H. N. Nelson Tyler; A. Hanson C Wurtemberg, Stewarts.

A Good Move

The school board have rented the corner building opposite the Gazette office and will turn the same into a school room. It is their intention to place Miss Morris in charge, giving her the chart and first and second grades, and giving to Miss Hunter all of the 3rd and 4th grades. This will for the present relieve the congested condition and allow the teachers a chance to do good work.

The present situation demanded immediate relief, as Miss Hunter had close to 80 scholars and four grades, while Miss Fisher had some 50 pupils and four grades, Miss Morris has about 40 and the same grades as Miss Hunter. A solution of the difficulty had to be secured and that immediately, and the present one will not only solve it for the present but give the board an idea as to the best method of grading and consolidating for the future.

This scheme will place about 50 scholars in each room and but two grades, which can be handled to advantage. The extra work entailed in hearing and managing four grades is too great where there are many pupils and in the larger schools a teacher has but one grade, for it is much easier to teach 80 pupils of one grade than 40 of three grades.

For the present the lower school house will be abandoned and it is possible, if this plan works advantageously that the board will have a radical change to present to our people, looking toward an improved system of grading and high school method.
